She was not cross-exam-Counsel for the accused.

EVIDENCE. J. Sinclair Tait. M.D.-I remember being called to the nome of a man named Robert Penney, on Pleasant deck as a scaman. I have suffered Street, in the afternoon of the 20th greatly from the effects of the Florizel of March. I found him very seriously in g wholesome call the oedema of the lungs. It is with and affects the heart greatly, especially if a person should become excited or over-worked. It is an acute till peace is nigh; congestion of the lungs caused by the no highly season- want of circulation. In this case the man's lungs were so congested that at him that did not take effect. We the man was strangled from the want closed in and we fell down. Penney closed in and we fell down. of breath. It is really a suffocation. When I saw the man he was in a terrible condition and could neither sit to him till he said I was choking him. nor lie. He was indeed in a pitiful I then let him go and we both got up. yearn or pine for raisin pie. My condition and was pleading for assistance. I gave him a hypodermic. He cow, she eats the lucious grass, and lucious grass, and respectively. The said to the girl I have a mind to have you arrested. Cross-examined by Mr. Hunt Dooley said:—I did not know the girl Codner before. She knew some friends of the previous of and so do I; I fill myself with garden fire side, it all depends on the previous condition of the person. I saw the man again after death. I was called I was passing by she said, "there goes I was passing by she said, "there goes sass, and make it fly; long since the some succotash I cook, and drink which was only an abrasion caused by brushing after he went home. On those words. "She said go on you holding a post-mcrtem Iobserved: 'The dirty nuisance and mind your own body was that of a fairly well business." Penney was not dressed in tra dry. My cow devours no precious

erize and eat plain oats and rye; by following the food board's rules my cow and I, and my two mules, will opened the body and examined the internal organs, the heart was sometime ternal organs, the heart was sometime. The said to penney: "You are no good to allow a girl to insult pedestrians on the public thoroughfare." he said: "I'll let we made Teuts die. My cow, she ternal organs, the heart was someruns and kicks her heels, and so do
I; it's wonderful how good she feels,
how blithe and spry; she has no use
for roasts and steaks, for puddiugs, things the baker bakes, and that is why. My cow stands up against the rack, and so do I; we eat our fodder from the stack, without a sigh; my cow has shown me what to eat, and I nimble on my feet, I m growing young so help me Pete; how's that for high?

The blood vessels were filled with dark blood. The liver was also highly congested: the blood vessels were also completely filled with large clots of blood. The stomach was natural size and healthy. The brain was of a normal size and a healthy appearance except that the blood vessels were filled with dark blood. The stomach was natural size and healthy. The brain was of a normal size and a healthy appearance except that the blood vessels were filled with dark blood. The stomach was natural size and healthy. The brain was of a normal size and a healthy appearance except that the blood vessels were filled with dark blood. The stomach was natural size and healthy. The brain was of a normal size and a healthy appearance except that the blood vessels were filled. He caught hold of me at the same time. To my knowledge I did not hit Penney while he was on his knees. I did not have hold to Penney's throat but held on to his shirt. That was the first time I over remember seeing Penney.

GERMANS FROM ROUMANIA.

The blood vessels were filled with dark blood vessels were also completely filled with large clots of blood. The stomach was natural size and healthy. The brain was of a normal size and a healthy appearance except that the blood vessels were filled.

He caught hold of me at the same time. To my knowledge I did not hit Penney while he was on his knees. I did not have hold to Penney's throat but held on to his shirt. That was the first time I over remember seeing Penney.

At 5.10 p.m. Mr. Higgins. Counsell. taken out they had a spongy feeling. The blood vessels were filled with dark suffocation and died from that effect.

Meeting a similar death as a person that would be hanged or drowned.

Cross-examined by Mr. Higgins:

Doctor Tait said that it was possible ship

that would be hanged or drowned.

Cross-examined by Mr. Higgins:

Doctor Tait said that it was possible for a man suffering from such a disease as was Penney, to die while sitting at his fireside. The post-mortem only verified what I thought what was passed through Liege, westward, and more troops from Roumania are expected on the Belgian front, says a despatch to the Exchange Telegraph from Amsterdam. Orders have been that were not working. In this case given for other traffic on the railways to stop in order to allow these troops to pass. The Correspondent adds, it is probable that the cavalry referred to belongs to German forces which were operating in Roumania, and have been released through the signhave been released through the sign- strangling

disposal decide on a verdict, the fore-man replied that it was impossible.

Mr. Hunt, Crown Prosecutor, in-formed the Court that he was not pre-pared to state as to what further action the Crown would take in the matter. The accused was thereupon released under bonds.

foreman, Mr. M. Power, announced a disagreement. When asked by His Lordship if it was possible that the jury might with longer time at their
