DR. LEHR, Dentist,
329 Water Street.

When nature completed the perfect man he was endowed with perfect teeth—the most necessary perhaps of all his endowments, for they give him health, happiness and beauty. When his teeth are imperfect his health and happiness are endangered; his appearance becomes sadly changed. Dental science can now prevent or repair all these imperfections; and I purpose from time to time to point out the various ailments, symptoms and diseases in the belief that once they are brought to notice a measure of precaution will be used for their prevention.

STEWART'S Home Made Bread,

THE BREAD MY DADDY LIKES.

Daddy is evidently not one of those back number lords of creation who believes that woman's place is in the home—and only there. His taste in a wife is an up-to-date woman who will prove herself a real companion. He knows that if she is a slave to her kitchen she can't enjoy the poise or have the interest in world affairs that a little extra leisure would make possible; and so he is pleased to eat MRS. STEWART'S HOME MADE BREAD—the loaf with the home made flavor.

The smiling, well-nourished kiddie doesn't look as though suffering because mother is progressive enough to buy good bread made by a bread specialist, instead of wearing out her life in the kitchen.

Eat Stewart's Home Made Bread.
