Wedding Bells

BLIDE—BAIRD.

A very pretty wedding was solemnized at the R.C. Cathedral on Tuesday, September 22nd, by the Rev. Mons. McDermott, when Beatrice May Blyde was united in the holy bonds of matrimony to Mr. John Baird, of the firm of Cashin & Co.

The bride looked charming in a dress of brown crepe de chene, with hat to match, and was attended by Mrs. Philip Blyde, who wore a dress of brown crepe de chene. Mr. Philip Blyde performed the duties of best man.

After the ceremony the wedding party motored around Quidi Vidi Lake, and then to the home of the bride's parents, where a sumptuous repast was partaken of. The happy couple received many costly and useful presents. We wish Mr. and Mrs. Baird many years of wedded happiness.

Sagona Sails North

After the arrival of S.S. Sagona yesterday from the West Coast, arrangements were made to send her to the Labrador to assist the Melgie in bringing up the fishing crews. She sailed late last evening with Capt. Day in command. The Sagona will only make one trip and upon her return she will replace the Home on the Humbermouth-Battle Harbor service.

Household Notes

Serve dried or fresh lima beans with tomato sauce.

Flavor fresh peach pie with a little lemon extract.

Bake batter for cream puffs in buttered muffin rings.

Use ham forcemeat for stuffing guinea chicken breasts.

Roast capon is good with a fruit stuffing and brown gravy.

Brussels sprouts are excellent cooked as gratin with celery.

"The Great Divide" a Film With a Message

LARGE AUDIENCES LAUD SCREEN MASTERPIECE AT NICKEL.

There have been few pictures which have brought so great a message as that which is presented on the screen at the Nickel Theatre, where the Metro-Goldwyn-Mayer production, "The Great Divide," is being shown.

How three men gamble for a girl, with one ultimately coming out victorious, how she is then bought for a string of gold nuggets and how she struggles to regain her freedom by getting possession of the nuggets is told in a forceful way.

The cast is full of interesting names and the performances are all excellent, though perhaps the two which stand out the most are those of Alice Terry, who plays Ruth Jordan, and Conway Tearle, cast as Stephen Ghent. There are the most important parts and the tremendous mental conflict between them is unlike anything that has been witnessed on the screen before.

Wallace Berry as Dutch and George Cooper as Shorty are likable heavies, and ZaSu Pitts as Polly brings out a pessimistic part prominently forward, which adds much comedy. William Orlandson as Lon is ludicrously funny while Huntley Gordon, as Philip Jordan, and Alan Forrest as Dr. Winthrop Newbury, have roles of importance which have been justifiably entrusted to them.

Reginald Barker directed the production with a fine hand, and as his aid chose Percy Halliburton to photograph Mr. Hilborn did a great job. There has never been a screen offering before with more beautiful photography or more effective lighting than in "The Great Divide."

A Wonderful Story

Majestic Patrons Acclaim Last Night's Bill the Season's Best.

The audience at the Majestic Theatre last night acclaim "A Girl of the Limberlost" which was the feature as the season's best photoplay and all spoke very highly of the excellence of the screening of the masterpiece.

It tells of how the husband sank lower and lower into the treacherous marsh.

Inch by inch the fateful bog of the Limberlost was sucking him down while his wife—like a mad thing—was clawing at the bank in a futile effort to hold back the inevitable! It was not until years afterwards that she learned that Fate had taken a hand to save her from a greater unhappiness and, in the meantime, hate and bitterness filled her heart—a hate and bitterness that nearly wrecked the life of her daughter!

Here is a situation jam-packed with tremendous drama, a situation that is far-reaching in its results, a situation that will stand you on your toes with the tenseness of its realism—and it is only one of many big situations in this vividly human story of real people.

The vivid story of a girl's efforts to secure an education and of a mother's mistaken infatuation for the memory of a worthless man, who forgetful of his bride of a few months, met a horrible death in the quagmire of a swamp as he hurried over an unfamiliar path in an effort to hasten home from a clandestine meeting with another woman.

A wonderful bit of acting is done in this by Arthur Currier, the father in the story. Emily Fitzroy brings to the role of the mother a wonderful understanding that makes the character of gripping sympathy to the audience.

To-night is the last chance to see "A Girl of the Limberlost."

Justice and Equal Rights

SAYS FORMER LORD CHANCELLOR

Montreal—(Canadian Press)—"To me the British Empire does not merely mean a record of the heroism of our soldiers, or even the undefeated dominion of our fleet; these are on record on the imperishable pages of history. But the fact to me represents something more than that. My feeling is that wherever the flag shall fly in the far corners of the farthest land, beyond the sunset it is a symbol of justice and equal rights for all men, of all classes and all creeds, without regard to wealth or birth."

In these terms Lord Buckmaster, former Lord Chancellor of Great Britain, and present member of the Judicial Committee of the Imperial Privy Council, summed up his impression of the function of the British Empire.

Lord Buckmaster was addressing a large and distinguished gathering of the local Bench and Bar, concluding his visit to Canada whence he came to be present at the recent sessions of the Canadian Bar Association in Winnipeg.

Toronto Woman Saves Party by Day of Paddling

MRS. W. E. CORK, BABY AND GIRL AT LAKE'S MERCY 27 HOURS.

Taken to Hospital—Three Will Recover Despite Their Terrifying Experience.

TORONTO, Sept. 28.—Missing since Monday afternoon when they set out in a canoe for a short paddle along the shore at Mimico, Mrs. W. E. Cork, 25 years old, her 22-months-old baby girl and 12-year-old Kathleen Conroy, conquered the turbulent waters of Lake Ontario last night, when after being tossed about in a wide area of the lake, cold, hungry and almost exhausted for more than 27 hours, they were snatched from death, by the members of the Toronto Life-Saving Crew, culminating a search which enlisted the efforts of some of the finest speed boats in Toronto and adjacent points, a Dominion Government aeroplane and several radio stations. The woman and two children were picked up from their frail canoe at a point given as about eighteen miles southwest of Toronto Island and in the direction of Hamilton. The small party were clothed only in summer garments and were suffering severely from their long exposure.

Throughout the long night, when the Lake was very heavy and threatening to upset them at any moment, Mrs. Cork paddled with all her energy in the hope of making shore at some point, but without success. Several times they sighted the shore lights of St. Catharines and Port Dalhousie, but they were victims to the current and were forced to drift at the mercy of wind and waves. When reached by the life-saving crew in command of Patrol Officer Robinson, Mrs. Cork was still paddling in an exhausted condition, her baby was laughing and cooing, unconscious of its danger and Kathleen Conroy was bordering on collapse. Despite their terrifying experience the three are declared by the authorities at the General Hospital where they are confined, to be suffering from no serious effects and will soon recover.

All Hope Abandoned.

Recovering from her delirium into which she lapsed after being rescued, Mrs. Cork told the Life-Saving Crew of her experience and declared that she had given up all hope of being saved. When the three pushed out into the lake a Mimico opposite Mrs. Cork's summer home there was a heavy swell running. She had intended paddling only a short distance and for a time they made progress unconsciously, only to realize in a short while that a strong off-shore breeze had sprung up and was driving them out into the lake. She piled the paddle with all her strength in an effort to reach shore, but without success. Soon they were out in the middle of the lake and their efforts were confined to keeping the frail craft afloat.

The sea was heavy and Mrs. Cork directed the canoe across the waves to keep it from capsizing. During the night they drifted off the shore of Port Dalhousie, but the heavy sea prevented all attempts at making a landing. Then St. Catharines lights came into view with no better fortune. Near Hamilton the wind changed and the canoe was blown back across the lake in the direction of Toronto. When about eighteen miles from the city the canoe was sighted by the life-saving crew and the rescue was effected after experienced water men had voiced the opinion that the run on the lake during the night had been of such a nature that the missing party had "not a chance of being found alive on the water."

Aeroplane Used.

The lake was crossed without success in an endeavor to sight the missing party and life-savers from Port Dalhousie joined in the search. Captains of lake steamers kept a lookout and power boats along the shore helped in the search.

Finally a Government aeroplane from Camp Borden arrived to take part in the search. Flight-Officer D. Harding was in charge, with Corp. A. Keigley as mechanic. The machine was of 180 H.P. and came from the camp in 35 minutes helped by a strong wind. It landed on the grounds of the Ontario Hospital for the Insane and then put off again over the lake in a search which, however, proved fruitless. The plane covered an area with a radius of about 15 miles, flying at a height of 1,500 to 2,000 feet. Visibility was good and Lieut. Harding said he could see even the gulls on the water. From Mimico the plane swept around as far as Burlington Terrace and then followed the shore line closely coming back. As it happened the canoe for which search was being made must have been a mile or two beyond the radius covered. Flight Commander L. S. Broadner, V.C., of Camp Borden, had given permission for the plane to continue the search, but happily its services will not be required.
