STOCK MARKETS.
H. C. Butler, stock broker, Commercial, received the following by private wire from Bartlett, Frazier & Carrington today:

New York, July 14.—Noon.—There was considerable irregularity in the stock market, during the forenoon session and during the first hour of the afternoon, while it was active and vigorous on what seems to be good buying. The more prominent stocks were sold down easily during the first hour, including Steel preferred, St. Paul, Union Pacific, Southern Pacific and Missouri Pacific. While the market eased off it gave no signs of any pronounced weakness, and on the fully prices moved back quickly. The short interest found their position uncomfortable. Copper has developed considerable strength, and R. T. Metropolitan and various other stocks moved up easily. Smelters have been a strong feature. The outlook is for continued strength. Sales to noon, 323,000.

Wholesome Food...

requires the use of wholesome baking powder, and no one who is a housewife can afford to neglect this important detail. The way to avoid the harmful effects of cheap powder is to use Strong's Baking Powder. Made in our own laboratory, of the choicest cream of tartar and soda. Sold at 25 cents a pound (half the regular price for a good baking powder), because we make it, and there's only one small profit to pay.

Strong's Drug Store

184 DUNDAS STREET. Marriage licenses issued at above address.

DEATH OF MR. ANDREW THOMSON

O'd Resident of London Passed Away—Civil Servant for Thirty-Four Years.

By the death this morning of Mr. Andrew Thomson of Dromedary Lodge, No. 36 Elmwood avenue, South London, the Forest City lost one of its oldest and most highly respected residents. Mr. Thomson had been suffering from brain trouble the entire winter, but it was only during the last two weeks that his condition became serious.

Nothing Doing at East London

These are days of extreme quietness around the city hall. The only visitors are those who call to pay their taxes or water rates, and occasionally some person with a grievance. Whenever any person with a grievance in his countenance appears, the onlooker would imagine that the floor walker had called out, "Forward Mr. Graydon," because everybody tells his or her troubles to the engineer. No matter what happens, Mr. Graydon is at the receiving end of the abuse, and the engineer is not long since grown weary of the position.

THE LAST SEEN OF CLIFTON LOOMIS

Facts that the Inquest Will Bring Out—Jury and Witnesses Called.

Evidence will be offered at the inquest to be held tomorrow night at Melrose regarding the death of Clifton Loomis, the Foreman & Sells employee, whose mangled body was found on G. T. R. track on Saturday morning, that will tend to prove that there had been no foul play in the case.

CONDENSED LOCAL NEWS

John Pawlitski has taken out a building permit for a story-and-a-half house at 62 Wellington road.

Mrs. Geo. Wood, of Central avenue, and her husband, Fred Braganza, of Chicago, were in Toronto this week attending the funeral of their nephew, the late Mr. Roy Luttrell, who lost his life while canoeing off Long Branch.

City Clerk Edwards laughed today when asked what he would do if the Simpson street school playground was offered him. From what Mr. Edwards said on the subject it does not appear

BREAKWATER WAS WASHED AWAY

Spring Flood Did Damage On the Lake and P. S. R. at Kettle Creek.

Engineer Graydon yesterday went over the lake and P. S. R. and inspected the roadway at Kettle Creek. The breakwater there has been washed away by the floods, and the engineer says it will take at least \$1,000 to replace it. It is thought the Lake Erie is bound by its lease to make good the breakwater.
