"I was troubled with catarra and deafness for a number of years. I doctored with specialists and spent much money on advertised remedies, but became no better. About a year ago, I procured Japanese Catarra Cure. Shortly, I found my hearing completely restored, and the catarra does not trouble me now in the least. I can conscientiously recommend it to any person troubled with catarra."

JAPANESE CUT

Continued from page 1.

their positions at Madyapu, where a strong attack is expected at any moment. A division of Japanese troops has appeared north of Mukden on the eights west of Hushatai station. Except for fights at Ushuntun and Tatchekiao, Tuesday was quiet compared with the fighting on the previous days. The Japanese evidently were completing the transfer of troops. The Japanese arrangement for furnishing ammunition along the enormous front is acknowledged by Russian offiers to be admirable.

10 a.m.—A heavy cannonading is in

progress northwest of this city, causing the walls of houses here to tremble. An engagement is in progress at the imperial tombs. 11 a.m.-Mukden is still in the hands of the Russians, but withdrawal from the line of the Shakhe River is in full progress. The Japanese are making strong attack north of Mukden, where office as fisheries inspector for North one side parallel with the railroad three occupy a right-angled position and a half miles distant, and another facing northward three miles north of the imperial tombs. The Russians have they occupied yesterday in the region of Tatchekiao, but are making a strong stand against the force here. The Russians also are holding the village of Ushuntun, which at nightfall was partly in the hands of the Russians and partly in those of the Japanese. At 2 o'clock this morning the Russians succeeded in taking complete posses-sion of the village, which is of great

strategical importance for successful accomplishment of withdrawal. No attack on the position of Madyapu, west of the railroad, has begun at this hour. The Japanese hold the heights five miles west of Hushatai, though Russian cavalry in this region yesterday drove in outlying parties.
