GOES OUT OF COURSE TO LAND SUFFERER

Engineer On Lake Boat Dropped at Erieau With Badly Torn Hand.

[Special to The Advertiser.]
Chatham, July 2.—After the steel dredge Shunah, bound from Toronto to Port Arthur, had gone sixty miles out of her course to land him at Erieau, Thomas H. Edwards, the assistant electrical engineer, was brought to this city yesterday afternoon with his hand almost torn off. The hand had become entangled in the dynamo, and as there was no surgeon aboard he was brought here for treatment. It was sixteen hours from the time of the accident until the wound was dressed. Edwards' home is in Buffalo.

thought it was very unsanitary for this sort of weather, so I borrowed a pair of scissors from a night watchman and cut off just one-half of that moustache—right up to the middle line of his upper lip. Then we got a can of paint and painted his face black. He never moved. Next time I came around the beat I woke him up and made him move on. He said he was on his way to his brother's in St. Thomas. HOME BANK REPORT.

The annual meeting of the Home Bank was held Tuesday afternoon, and the statement submitted to the shareholders shows that a very successful year has just been concluded. There is a large increase in the bank's assets, and the deposits have grown a million and a half dollars over what they were a year ago. A gradual increase in deposits has been a feature of Home Bank natural reports. Even in the years when deposits were falling off on account of the high rates of interest paid on other investments, the Home Bank showed a small gain.

The shareholders of the Home Bank of Canada have been paid the 6 per cent dividend quarterly on their holdings, and after paying these dividends, the bank has sufficient in its profit account to add nearly \$42,000 to the reserve fund. The number of shareholders has very largely increased during the past year, and they now number nearly 1400.

10,000 LONDONERS SPENT DOMINION DAY AWAY

Holiday Passed Off Without a Serious Accident—Railways Were Busy.

Dominion Day in London passed off very quietly. Not a single accident of a serious nature was reported. More than 10,000 people spent the day out of the city. Of these fully 5,000 went to Port Stanley.

The Traction Company carried 2,000 and the Pere Marquette 3,000.

Any number of family picnics were held at the Port, and the day proved a most enjoyable one.

In the afternoon the street railway people were taxed to their utmost to handle the crowds going to Springbank for the regatta.

Trains were run every few minutes, and were filled to the doors. At times there were so many cars on the Springbank line that they were unable to climb the hills, and some of the cars would have to shut off the power until the others got up.

The great majority of those who went down to the park took provisions with them, and had their supper there, and spent a very pleasant time.

The grounds never looked more beautiful. In the evening a dance was held in the pavilion.

The holiday angler was much in evidence all day yesterday, both at Port Stanley, Springbank, and all along the river bank. Some very fair catches were reported.

CARMEN SYLVA BETTER

Roumania's Queen Suffering From an Attack of Appendicitis.

[Associated Press.]

Bucharest, Roumania, July 1.—The condition of Queen Elizabeth of Roumania (Carmen Sylva), who is suffering from a severe attack of appendicitis, is reported today as improving.

Her majesty's physicians state that she is experiencing less pain than in the preceding days of her illness.

The queen is in her 67th year, and particularly because of her age much uneasiness has been felt.

Elizabeth was crowned queen in 1881—the same year in which Roumania became a kingdom. It was subsequently that she became known as a writer of poems, novellas, dramatic sketches and fairy stories, and adopted the pen name of "Carmen Sylva."

STUDENTS' FIERCE FIGHT

Polish and Ruthenian Pupils at Lettberg in Serious Clash.

[Associated Press Cable.]

Lettberg, Austria-Hungary, July 1.—The two groups of Ruthenian and Polish students of the University of Lettberg got at each other again today, and before the police had separated the combatants, many of the band of students had been seriously wounded.

The feud born of racial jealousy is as old as the university itself, and periodical clashes have occurred. For some time the bitter feeling has been held in bounds by the university authorities, but this morning it broke out with renewed fury, and led to a fierce battle for the possession of the campus.

Hundreds of students were involved. Many of them had revolvers, and these were used. When the firing began a strong force of policemen was summoned, and the fight became a three-cornered affair. The officers finally succeeded in driving the students to cover. Broken heads were the rule, but in numerous instances injuries of a grave nature were found to have been inflicted.

PARACHUTE DIDN'T OPEN

Muncie, Ind., July 1.—When the parachute in which he was attempting to come to earth after a balloon ascension at Albany, Ind., twelve miles north-east of Muncie, failed to open late yesterday, Ray Bradley, 25 years old, dropped 1,500 feet and met instant death. Bradley reached a height of 2,000 feet and cut loose, coming down about 500 feet in the first parachute.

While he started to get away from the section, however, the big parachute failed to open. An uncle and an aunt of the young man, whose names are unknown, are believed to reside at Lima, Ohio.

NEW YORK SENATE KILLS COBB BILL

And Hope of a Reform Primary Measure Vanishes for the Present.

Albany, N. Y., July 1.—In swift and emphatic fashion the Senate fell in line with the Assembly today, and sent the Cobb direct nominations bill down to defeat. The final vote was 25 ayes to 19 noes, seven Republicans combining with the Democrats against the bill. Twenty-six votes were necessary to pass the bill.

The bill was killed after the amendments proposed by Lloyd C. Griscom, chairman of the New York County Republican committee, and endorsed by Theodore Roosevelt, had been incorporated in the measure by a vote of 24 to 21. An emergency message from the governor made it possible for the Senate to vote on the amended measure at today's session.

It took the Senate less than half an hour, after it met this morning, to defeat the "Roosevelt Bill," as it was known. There was little debate, little talk of "outside interference," for the organization had made up its mind, and wasted no time in oratory.

The result of the fight in the Senate was even a more positive refusal to accept Theodore Roosevelt's leadership in the matter than that of the Assembly yesterday. The latter body had never been for the bill, while the Senate passed the unamended Cobb measure at the regular session, after a caucus which was amended by almost all of the Republican members at which it was made a party measure. Its action of today definitely ended the possibility of enactment of a primary reform measure at this session, which adjourned this afternoon.

WHY UNCLE SAM WANTS HUDSON BAY

The Coming Short Grain Route to Europe Where Shoe Pinches.

[Associated Press.]

Washington, July 1.—The question as to whether Hudson Bay is a mere closed or closed sea, completely controlled by Canada, as is contended by the Dominion Government, according to Ottawa dispatches, may be vitally affected by the decision of The Hague tribunal, upon the large issues which are now being argued before it by eminent British and American counsel.

When the question came up in a rather incidental way, through the assertion by the Canadians of their right to impose a small tax upon American vessels entering Hudson Bay, the payment of that tax might constitute a recognition of the Canadian title. In view of the possible construction of a new Canadian road to Hudson Bay, giving a much shorter route to Europe for the great wheat shipments in the far west, the matter, it is said, is one which cannot be overlooked by far-sighted American statesmen.

Last year for the first time the attention of the state department was attracted to the subject, and American whaling captains were advised that they need not pay the tax, and they did not do so. There is no record of a similar instruction this year, as it is assumed that the Massachusetts fishermen are simply acting in conformity with the original declaration.

UNIONISTS TO FIGHT LLOYD GEORGE BUDGET

Redmondites Disappointed as to Whiskey Tax, But Will Not Oppose.

[Associated Press Cable.]

London, July 1.—Chancellor Lloyd George, having retained all the features of the previous budget in the current budget, the Unionists will oppose its progress. The Redmondites are disappointed at the retention of the whiskey tax, but it is not likely that they will seriously obstruct the budget, while the fate of the veto power of the House of Lords still is in the balance. The remainder of the parliamentary session will probably be quite uneventful.
