A Haying good combination and showing a lot of life in the second and third periods. The London "Feds" trimmed the Toronto Riversides, a senior O. H. A. team, at the Princess rink last night perfore a small crowd of fans. The local butlaws won by the score of 10 to 7, coming from behind in the second period and overcoming the visitors' early lead. They then forged ahead and from then on were never overfrom then on were never over-

game, while Turner in the nets stopped dozens of shots that looked as if they were labelled for goals. Dopp on left wing only extended himself at times, but he showed flashes of real hockey and on a bigger ice surface would have displayed more form.

The game was a remarkably clean one. Both teams played hockey all through and the friendliest of feelings existed between them. The few penalties that were handed out were for accidental tripping. Tommy Munro hanoled the bell and, although he missed a few offsides on the part of the visiting players, did fairly well. Probably he figured a few offsides more or less in an exhibition game didn't count one way or the other, anyway.

Reeser Got First Goal. The game was fast, particularly in the last two periods. In the first period, the locals did not show very much life and the Riversides took it easy. The Toronto team got the first three goals and were leading at the end of the first period by the score of 4 to 3. London came back strong in the second period and made it a real bocky game. In the third period, Davy Reid was cut and took a short rest to get bandaged up. Reeser Got First Goal. Reesor notched the first goal for the visitors on a pretty combination play. and a few minutes later Smyth got one Third period. Davy Reid was cut and took a short rest to get bandaged up. While he was gone, the game lagged quite a bit, but after he came back on again with about seven minutes left to piay, the play gingered up and London added three more goals before the

Had the game been other than an exhibition, they would, likely, by Reid was one of the best men on the ice. The little centre player had one of his good nights. His boring in on the nets was great and he scored a number of goals. Ernie Hagerman and Al. Moore also showed up well on the forward line, both using a lot of speed and checking back hard. Wardrope played a star game in the nets in the last two periods and kept the score Rown by making some remarkable stops. In the first period, Roy Wright was between the posts and "Rosie" was also good, although he let a couple of easy ones get through him.

A Good Defence Pair.

The period ended a minute of third. The period ended a minute of third. The period ended a minute of third. The period ended a minute of two later. In the second period, Wardrope replaced Wright and Al. Moore took Lecky's place. The team looked a lot better in this period. Lecky did not eart himself in the first period, and he lacked condition. Moore played a much better game than he did. As soon as play started, Chantler nearly scored on a long shot that hit the iron side post of the goal and fell within a inch of being inside the nets. After three minutes of play, Reesor scored on offside after a combination rush. The goal was allowed, "Stinger" apparently missing the infraction of the rules. Chantler got in a one rush that resulted in a goal a few seconds later, and soon after that Hagerman scored the tieing tally after. than an exhibition, they would, likely, have played a little harder and given

on the wing, although he was checked hard. He was a little slow in shooting and in following up at times, but nevertheless gave a good account of himself.

Dennison, Visitors' Best.

The star of the visiting aggregation was Frank Dennison, the former Peterboro boy. He played a strong game on the defence and was also great at rushing. He is one of the best stick handlers seen here this season. Reesor and Smyth were also in the limelight. Smyth is fast and handles himself nicely. He is a fine back-check. Wagner, a junior player, and Barlatt also played a nice was first to score in the last period, Barlatt doing the trick after the visitors were first to score in the last period, Barlatt doing the trick after the visitors were first to score in the last period, Barlatt doing the trick after seven minutes of play. Davy Reid had been cut in the face previous to this, and the teams were playing six men aside, while he was off. When Davy came back on again, it only took him a few seconds to sneak the puck into the nets from around the corner. Barely a minute passed before A. Moore and Reid got a two-men rush working, and Moore scored London's ninth. This goal was disputed by the visitors as the combination for the tenth and final combination for the tenth and final goal, Reid doing the shocking after dodging through the defence. The final goal of the game has scored by Barlatt just two minutes before the game was

Jack Johnson Can't Get Into U. S. and Jess Willard Can't Get Out

Jack Johnson can't get into this country and Jess Willard can't ge out—that is unless the big hope pays up some \$1,200 of a judgment that Charles Cutler, champion wrestler, has obtained against him in Mil-If the negro and the Kansas cowboy box in Juarez, Mex., on March 9, as scheduled, Jess must pay before he crosses the Rio Grande. Cutler, who was his manager when he first came out, claimed that incurred an expense of some \$1,200 feeding and clothing Jess, who jumped under the wing of Tom Jones as soon as he was able to command any more for his fighting. The court found Cutler's claim just, but Charles must attach box

office receipts, if Willard fights in this country, to collect his judgment Jess cannot flee to another country to escape payment. So he'll be arrested, Cutler says, as soon as he attempts to get to Mexico if he doesn't pay before then. CHOSEN FRIENDS LEADING
