ORIENT-ST. THOMAS CLASH TODAY RECALLS OLD DAYS

Marks Return of Amateur Ball To Status It Once Had in City—Down and Billings To Oppose.

OT SINCE the days of the old London City League, many products of which later made good in professional ranks and the circuit in which George Gibson got his training, has amateur baseball attracted the interest that the Orient-St. Thomas semi-final O. B. A. play-off will this afternoon at Queen's Park.

In those days the amateurs reigned supreme, and there is every indication that under O. B. A. organization the standard of amateur ball will be raised each year.

If London gets through the St. Thomas series the next opponents will be either Galt Terriers or Guelph Maple Leafs, both acknowledged to be among the top-notch amateur teams of the whole province, many of which harbor players who could strengthen professional teams. Thus, in one year in organized ranks, amateur fans of London will be seeing the best ball furnished in Ontario.

Not disposed of yet, so what the future holds will have to remain in abeyance until the Orient gets their afternoon's work done.

The Orient are making every arrangement that will insure the large crowd good accommodation, though somewhat hampered, owing to the fact that Queen's is a civic park. If they continue the journey through the semi-finals it will probably be found necessary to find increased grounds for the next series. Meantime, they are relying on the fans' appreciation of the difficulties they are up against for the clash today. St. Thomas will, as anticipated, use Billings in today's game, and the Orient will rely on Down.
