CONFER DEGREES IN TRUE KINDRED

Distinguished Delegation Visits City-Supreme Commander Here.

A distinguished visitor in the city today is Mrs. Emma G. Black of Chicago, supreme commander of the True Kindred, who is paying an official visit to Mizpah True Kindred conclave, this city, accompanied by a number of supreme and grand lodge

officers. This fraternal delegation is one of the most interesting bodies to ever visit the city. It is also the first occasion on which so large a delegation of officers has accompanied the supreme commander on a journey so far from headquarters. The party has been in Canada for some little time, and has visited Naomi conclave, where they conferred the de-grees and made the presentation of

the charter. This evening the visitors will confer second degrees in Mizpah con-clave, at the Ritz Pleasure gardens, secured for the event. Tomorrow will be free and on Sunday the visiting officers are to be given a drive to surrounding points of interest, folthird degree will be conferred and on Tuesday the supreme commander will pay her official visit to the con-clave. The ceremony will be follow-

Buster Bear Finds the Busy Bees Flying Away With His Honey

By THORNTON W. BURGESS. Buster Bear is a great hand to prowl around at night, but the night after his feast on honey from the tree which had been split open by lightning, Buster didn't roam about. He slept. There is nothing like a full stomach to make one sleep, unless that stomach happens to be too full. Euster did a lot of dreaming, but he slept just the same. When

for that tree which had be got there by lightning. When he got there he stopped and sniffed at the plece he stopped and sniffed at the plece he stopped and from which he had on the ground from which he had taken all the honey the day before. Then, with his mouth once more the ginning to water he started up beginning to water he started up beginning to water he started up beginning to water he started up that tree. His appetite was back now. The nearer he got to that opening in the tree, the greater his appetite became. He was quite appetite became. He was quite appetite became. He was quite as he had done the day before.

But when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the when he reached the place. But when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the when he reached the place where he had feasted so heartly the winter with. They had saved what they could and now they would work doubly hard until the coming of frost.

"I must find their new home," and he wedding in the Hade—Alexander wedding in the Hade—Alexander wheathey had found a new bome and all that bright, warm day they had found a new bome and the the bome of the Hade—Alexander wheathey had found a new bome and all that bright, warm day they had found a new bome and the the head feasted up had been working as only bees can work, to save their precious honey. Gillespie, Jun., will also be a guest at the Hale—Alexander welding in the tree that the that bright the best of a bad matt

But when he reached the place where he had feasted so heartily the day before a sad surprise awaited him. The honey was gone. Oh, there was some there, but only

wasn't dripping. It was quite empty. There was only enough to give him taste and make him want more. "Someone has stolen my honey," growled Buster in his deepest most rumbly, grumbly growl. "Someone

has dared to steal my honey."
"Buzz-z-z-z," said a voice high in
Buster's ear, "buzz-z-z-z. Who's honey did you say it was?"
"I said it was mine," snapped Bus-

on all comfortable of real dreams day dreams instead of real dreams. It was afternoon before Buster felt his appetite returning. "Il go finish that honey! Never was I so lucky before. Those bees must have been using that tree for years."

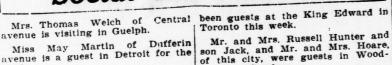

Buster yawned and stretched and stretched and stretched and yawned, licked his chops, and finally started off through the Green Forest. He headed straight for that tree which had been struck by lightning. When he got there he stopped and sniffed at the place on the ground from which he had taken all the honey. The measure of the same direction that Buster is one-how the measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey. The measure of the ground from which he had taken all the honey in the same direction that Bust the former's mother, Mrs. M.

New York, Sept. 18 .- The "wool ack" may be all right as a distinguishing and envied mark of English judges, but for a feminine garment it has moved into the past. The woolen coats now in vogue are far from sacklike. They have the most perfect-fitting shoulders of nearly any feminine garment and range in price in direct proportion to the skill of the man's tailor who cuts them. The fur collars above the shoulders may

of the most expensive pelts, but does not redeem a garment with he slightest sacklike tendency. Pin feathers, ostrich pin feathers, are specially adapted for ruffs, and Pin feathers, ostrich pin feathers, are specially adapted for ruffs, and many costumes at present are incomplete without a ruff falling from the small hat and winding about the neck. The neck encircled may be rough als but the purchase price of the ruff
