# TAMMANY VICTORIOUS.

New York, Nov. 6.-The World says editorially: "The reactionary result in this city was provoked by the pig-headed folly of the president of the police board. But CHICAGO, Nov. 6.—The following address for the exasperating effect of Mr. Roosevelt's uncalled for, unjust, harsh and oppressive execution of the Sunday excise law, a union of all the anti-Tammany forces would have been as easy and as triumphant as it was last year. The predicted reaction has come. Tammany triumphs in the first election after its tremendous overthrow. The result is discouraging. It impeaches the capacity of the people for self-government. It shows that the voters are more susceptible to wrongs than intelligent as to remedy. Every consideration of decent politics, good govary laws required the success ernment and the liberalizing of sumptureform ticket. One man's obstinate folly and the unreasonable anger of the people have defeated it. The large Republican majority in the state will stand as a monument to this sort of virtue that exploits itself in regulating the morals of other people. The wider political consequences of the result are grave. It means the strongest possible nomination by the Democrats for president and the hardest struggle in years as the basis of a hopeful

ampaign next year." NEW YORK, Nov. 6.—The morning Advertiser says: "Although the figures on the Tammany vote show that the organization possessed greater strength than had been generally supposed, the success of the Tammany ticket is no surprise to citizens who have intelligently observed the progress of events. The triumph of Tammany is due, first of all, and above all, to the blunders, the apathy and the incapacity of its opponents. Another, and the most humiliating of all the causes of fusion and defeat, was the betrayal of reform by some of the men who are bound by every consideration of honor and patriotism to support the union ticket.
