

AT LAST, A CURE FOR RHEUMATISM

"Fruit-a-tives Cured Me" Says Mrs. Baxter.

"I was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without help. I saw 'Fruit-a-tives' advertised in 'The Telegram' and decided to try them. After I had taken one box, I was much better.

When I had taken three boxes, I could use my arm and the pain was almost gone. After taking five boxes, I was entirely well again. The cure of my case by 'Fruit-a-tives' was indeed splendid because all the doctors failed to even relieve me. 'Fruit-a-tives' cured me.

Mrs. LIZZIE BAXTER.
4 HOME PLACE, TORONTO, DEC. 15, '09.

In hundreds of other cases, 'Fruit-a-tives' has given exactly the same satisfactory results because 'Fruit-a-tives' is the greatest blood purifying medicine in the world. 'Fruit-a-tives' the famous fruit medicine regulates kidneys, liver, bowels and skin, and prevents the accumulation of uric acid, which is the prime cause of Rheumatism.

'Fruit-a-tives' will positively cure every case of Rheumatism, when taken according to directions. 50c. a box, 6 for \$2.50, or trial one, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

Canada's Gift to the Twelve Nations

No doubt NOW that Canadian Farmers are to be Exposed to the Competition of all the Great Food Exporting Countries of the World

(From The Canadian Century)

When it was first made known that the Reciprocity Compact not only gave American farmers free entrance to Canadian markets and extended the same privileges to the United Kingdom and the British colonies, but also opened the door wide to the Argentine Republic, Austria Hungary, Russia, Spain, Norway, Sweden, Denmark, Switzerland, Japan, Bolivia, Columbia and Venezuela, Canadians in general thought there must be some mistake!

They could not believe that without getting any concessions whatever from any country except the United States our Government would admit farm products from all those countries into Canada to compete freely with Canadian farm products. The wording of the Reciprocity Agreement was very plain; there seemed to be no doubt about its meaning; and yet it was such an extraordinary arrangement, so unfair to Canadian farmers, and so likely to lead to disputes with the American customs officials that many people believed that the Government would give some explanation showing that the agreement had been wrongly interpreted. However, there is no longer any such hope. Mr. Robert L. Borden, questioned Hon. Mr. Fielding on this point and Mr. Fielding admitted that the Reciprocity Agreement meant exactly what it appeared to mean and that Canada would get nothing whatever in return from any of the twelve foreign nations or the

British countries that share with the United States the privilege of sending their farm products freely into the Canadian market.

If the Reciprocity Compact simply provided for free trade in farm products between Canada and the United States there might reasonably be difference of opinion as to whether it would be advantageous to Canadian farmers or not. We think that even such an arrangement would have been a bad bargain for Canadian farmers, because the surplus of farm products in the United States is enormously greater than the surplus of Canadian farm products, because the farming season is earlier and longer in the United States, and because our farmers would always be at the mercy of the tariff legislation of the United States Congress, while they would have no voice in the election of Congress, but still there would be room for argument as to whether our farmers would gain enough by admission of their products to United States markets to compensate them for losses in the home market; but from the farmer's point of view nothing can be said in favour of allowing twelve foreign nations and the United States to send their farm products freely into Canada without giving our farmers anything to compensate them for this unexpected competition in the Canadian home market.

face sores and eruptions. The approach of Spring finds many people with unsightly face sores, eruptions, boils, etc. In this connection Zam-Buk is invaluable. An illustration of the way in which it cures even the most serious and chronic cases of eruptions, sores and ulcers, is provided by Mr. R. H. Barker, of Glen Cairn, Ont. He says:

"I never could have believed that any remedy could cure so quickly and at the same time so effectively as Zam-Buk cured me. My face began to be covered with a kind of rash, which itched and irritated. This rash then turned to sores, which discharged freely and began to spread. I first tried one thing and then another, but nothing seemed to do me much good, and the eruption got worse and worse until my face was just covered with running sores.

"Apart from the pain (which was very bad), my face was such a terrible sight that I was not fit to go out. This was my state when someone advised me to try Zam-Buk. I got a supply, and within a week I could see that the sores were rapidly healing. A little longer, and Zam-Buk had healed them completely, and my skin was as clear as if I had never had a sore. We shall never again be without Zam-Buk in the house.

Zam-Buk is unequalled for Spring rashes, eruptions, children's sores, scalp diseases, ringworm, ulcers, abscesses, eczema, tetter, piles, cuts, burns, bruises, and skin injuries and diseases generally. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price Refuse harmful imitations, Zam-Buk Soap, which may be had from any druggist at 25c. a tablet, should be used instead of ordinary soap in all cases of eruptions and skin diseases.

Face Sores and Eruptions

Zam-Buk Will Quickly Heal.

THE SMALLPOX SITUATION

Less Than 100 Cases in the County Mostly in Parish of Alnwick.

Smallpox up river and in the lumber camps is reported about stamped out. A number of new cases were reported from Grand Downs. A late issue of The Chatham Gazette says: "Travellers from points twenty miles or so down the river on the Neguac side, state that the smallpox situation is very bad. At Tracadie and Fair Isle there are many cases of the disease and it is moving from the back settlements now to the main road, at River Des Chenes there are said to be six or eight cases, and as in the back settlements the people seem to have no fear of the disease. They break quarantine and keep up intercourse with their neighbors, just as though there were no disease or no quarantine."

Lieut. Col. Maltby drove down river yesterday to personally superintend the smallpox situation there. Smallpox, which made considerable headway in Grand Downs, Legace Settlement and other villages before its presence was discovered, is being thoroughly handled. There are about 70 or 80 cases quarantined in the Parish of Alnwick, and in Grand Downs alone about 90 people have been vaccinated. Dr. Desmond is in charge up river. Three cases were relieved from quarantine in Redbank Monday, and only a few remain in the vicinity. About 100 men in the lumber-camps submitted to thorough fumigation before returning home. Col. Maltby has the situation well in hand, and vaccination is being generally applied.

HOMESEEKERS' EXCURSIONS.

The Grand Trunk Railway has issued a circular authorizing all Agents in Canada to sell Homeseekers' Excursion tickets to points in Western Canada. This is interesting information for those desiring to take advantage of these excursions on certain dates from April to September 1910.

The Grand Trunk Route is the most interesting, taking a passenger through the populated centres of Canada, through Chicago and the twin cities of Minneapolis and St. Paul, Ask Grand Trunk Agents for further particulars.

EVERY TEMPERANCE MAN BEATEN

Fredericton, N.B., March 1—The civic election day resulted in a complete victory for the citizens' ticket, all the members of which were elected by substantial majorities. The good government ticket had but eight men in the field, while the other ticket was complete with ten men. All the members of the old council offered for re-election, seven on the Good Government ticket and three on the Citizens' ticket. The election was marked by heavy polling, 1,174 voters out of 1,341 casting their ballots.

The main issue of the election was the enforcement of the Canada Temperance Act, and clergymen and others interested in Temperance took part in the campaign on behalf of the Good Government ticket.

MANY TRAINMEN

ON I. C. R. TO GET

INCREASED PAY

Moncton, N. B., March 14—It is announced that concessions in the way of increase of pay for which the Brotherhood of Railway Trainmen have been contending for some time have been granted by the I. C. R. Board of Management. At the conclusion of a conference between a committee of the trainmen and the board of management last evening, it was stated that an agreement had been reached.

The increase of pay will effect more than 900 men on the system of government railways, and will date from January 1, 1911. The trainmen to whom the increase applies are yard foremen and yard brakemen, or men employed in the freight service.

The new schedule calls for an increase of 20 per cent, for the class of trainmen referred to when working in the yards and an increase of ten per cent, when out on the road. This, it is stated, is not quite as much as the original schedule submitted by B. of R. T. called for, but it is understood that, generally speaking, it is regarded as fairly satisfactory to the men.

There are some other minor matters yet to be settled and these will be dealt with at another conference between the committee representing the trainmen and the board of management, to be held in Moncton on Mar. 22. Further consideration of less important details of schedule had to be deferred. As Deputy Minister Campbell was compelled to leave last night for Ottawa.

The Morning Coat and Frock Coat, shown above, exemplify the perfection and economy of the Fit-Reform system.
