SUFFERING OF YOUNG WOMEN

This Letter Tells How It May be Overcome—All Mothers Interested.

Toronto, Ont. — "I have suffered since I was a school girl with pain in my left growing worse each year until I was all run down. I am children's nurse, and that I was unfit for work. I tried several doctors and patent medicines, but of no relief. Some to perform an operation, but my father objected. Finally I learned through my mother of Lydia E. Pinkham's Vegetable Compound, and how thankful I am that I tried it, and feel as if it has saved my life. You may use my letter to help other women, as I am only too glad to recommend the medicine." — J. R. K. K. & Co. Blanford Ave., Toronto, Ont.

Girls who are troubled as Miss Kent was should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound. These letters will be opened, read and answered by a woman and held in strict confidence.

MACDONALD'S PRINCE OF WALES

A Favorite Chew Since 1858

Typical Lumber Mills St. John, N.B.,—one of the 255 odd in active operation. This industry gives employment to about 5000 in the Province and represents an aggregate investment of over 21 million dollars. Macdonald's tobacco—New Brunswick's favorite.

Overland

Riding Comfort Made-in-Canada

WHY let rough roads interfere with your motoring comfort? In this Overland you need not let bad roads spoil good rides. Triple Springs make every mile you ride a more enjoyable mile. Light weight makes every mile a more economical mile.

This rare combination of riding luxury with driving economy accounts for the tremendous enthusiasm which is greeting the Overland all over Canada. Its equipment is of the most modern type. Its stamina is a credit to the Canadian institution which created this car. Let us show you the Overland.

How much will it cover—How long will it last?

MAKE your home attractive and give it a protection that will prevent deterioration—and do both these things economically. The man who knows paint asks the two questions above, and his search for paint of proven economy must lead him to

B-H PAINT

Scientific investigation reveals a higher percentage of finely-ground white lead in B-H than in any other brand. The B-H guarantee stipulates 70% Brandram's Genuine B.B. White Lead (famous for two centuries) with 30% zinc white. Added to this is pure linseed oil and turpentine—all correctly mixed with the utmost care in a plant equipped with every modern device which ensures paint purity. These things all contribute to the B-H results, freshly applied, but also satisfactory to contemplate long after surfaces covered with ordinary paint have cracked and peeled and chipped away.
