WHY THE SENATE AROSE.

MR, MACLAREN WORKS AN ADJOURN

Conours, May 14.—A meeting of the Senate of Victoria College was held here to-day. The degree of D. D. was conferred upon Revs. Hugh Johntson, D. G. Sutherland and others. After the regular business and conferring of degrees was concluded, Rev. Dr. Potts of Toronto introduced a resolution, which was accorded by Hou. John Macdonald, expressing regret that two members of the Senate should have entered an action for an injunction in the civil court sgainst the Board of Regents and repudiating approval of and responsibility for it. This was evidently designed to show that the injunction was only the work of a part of the Senate and not of the entire body. The resolution was so worded that those who were against federation as well as those who were against federation as well as those who were in favor of it might have voted ditapproval of taking out the injunction. The opponents of federation seemed exceedingly anxious that no vote should be taken on Dr. Potts' resolution.

Lawres I. M. May 14.—A meeting of the Senate and not of the Cauadian Pacific Railway v. St. Therese was continued. The next case is the Excious Bank v. Lucas.

Cobourse, May 14.—The Senate of Victoria University met to-day and conferred 18 degrees in arts, 76 in medicine; and a number in the other departments. After the transaction of other business, Dr. Potts moved and Hon. John Macdonald seconded a resolution to repudiate the action of Mesurs, Wim. Kerr and H. Hough, who had sued on their own behalf and also on behalf of the Senate to restrait the Board of Regents from federating with Toronto University. This resolution was dehalated at considerable length, when it was met by a motion from Mr. J. J. Maclaren, Q.C., to adjourn indefinitely. The motion to adjourn was carried, 20 to 17.

A CANADIAN THEATRICAL CIRCUIT. A Convention of Managers Put Ail the Booking into O. B. Sheppard's Hands. A Convention of Managers, Put All the Booking into O. B. Sheppard's Hands.

Tho office of the Grand Opera House was yesterday afternoon the scene of a convention of Canadian theatrical managers, who in a short sitting made arrangements that next season will preduce a three-fold benefit, viz.; to the theater going public in the chief Canadian cities and towns, to the managers and proprietors of thelocal houses and to the dramatic companies. The question of providing the country at large with a better class of theatrical attractions was mooted a couple of months are by President Joseph Stratford of the Brantford Opera House, who conceived the idea of gotting the Canadian managers to agree to have all, their booking done through Manager O. B. Sheppard of the Grand Opera House of this city. Circulars were sent out in which it was shown that the public were being deceived by the "anide" shows that the manager did not know were so queer till they landed in town, and that they were elected to play a poor attraction at 60 or 70 per cent. The result was that these circulars convinced the managers that the new booking scheme was a good one and a meeting was called for yesterday, when these gentlemen, representing the opera houses of their respective places, were in attendance, other managers from Quebec to Windsor assenting to the scheme by letter:

O. B. Sheppard, Toronto.

Joseph Stratford, Brantford.

The annual sermon was preached at St. James Cathedral by Rev. Bro. E. W. Sibbald, G.C. Lloydtewn, and he was assisted by Rev. R. H. Harris of Weston. The church was crowded to its utmost limit by the public as well as by members of the order. The prescher based his sermon on the value of maintaining the trath. He said that the longer he lived the more he esteemed the memory of our forefathers who handed down to us the liberties of Protestantism. This country had been aroused of late as it had never been aroused in the past by the actions of self seeking partisans. He hoped that the electors of the Dominion would ever be faithful to the truth and would be as enthusiastic when the time of trini came as they were now, and would always be prepared to make the necessary sacrifices to defend the truth. Before concluding he said: "Over all the world to-day there is a portentous, deep dark cloud on the horizon. "The Pope is about to be hearers then what was their duty?"

Premier Mercier's New Eig.

Premier Mercier of Quebec attended the annual fets of the Union St. Joseph in St. Hyacinthe on Sanday. He was received on Saturday by the Mayor of the city and prominent citizens, hended by a band. The workingmon presented him with a special address. On Sunday morning Mr. Mercier attended mass at the cathedral, and for that purpose donned the almost regal uniform of a Grand Cross of the Order of St. Gregory the Grent conferred on him lately by the Pope, and which is the highest Papal decoration conferred ba a civilian in America. It consists of white silk stockings, white cloth pants trimmed with red, green satin vest, a la Louis XV., red mantle, large hat with white feathers, breast plate of diamond and brilliants, and a sword. The Premier, on entering the church, was the centre of attraction. He proceeded as far as the sanctuary railing, and there was received by the clergy, headed by Mgr. Moreau in full pontificals. Rev. Abbe Cadotte, who preached the sormon, referred especially to the great honor conferred on the Premier for his eminent services to the Church, and said it refineded more particularly on St. Hyasinthe, whose representative he was.
