> DIPLOMACY is another word for agency. The most successful agency in Canada is S ir John Macdonald. He could never have remained Premier so long unless the people of the Domirion had confidence in him. England's agent at Washington was recently recalled owing to some trifling mistake, and Dom Pedro has just been ignominated agent at the have their difficulties in the discharge of their duries. It is a question of bread and butter in the real charge of their duties. It is a question of bread and butter in the real estate business, and an agent is therefore compelled to consult the wishes of the people.
