The paving of city streets with wood is again coming into favour, new methods of laying the pavements making this one of the most satisfactory of pavements. Vancouver's pavements are largely of the same material. Fighty-two per cent of the new paving in Minnéapolis is wood-block, and Saskatoon and other western towns are giving the wood-block paying the preference.

Best results are obtained from rectangular-shaped blocks cut from thoroughly seasoned and creosoted. This latter process not only lengthens the life of the wood but reduces Rev. Mr. Cox, who has been the its absorptive capacity for water, wood-fibres and reducing its tendency to buckle. The most approved method of laying this pavement used in London, New York and other large cities, is to first make a concrete foundation four to six inches thick on which is laid a thin layer of sand, or better still, of moist Portland cement into which the blocks are closely

The blocks are from five to mine inches in depth and must be free f.fom defects. Care must be taken to place them with the grain perpendicular to the road-bed. If laid with the curb the joints are apt to become S.S. The joints are usually filled with ground cement and the surface of the paving is then covered with a thin dressing of coarse sand, which beds into the pores of the blocks and roughens

Microbes in Your Scalp Authorities say that a microbe causes baldness. If you are losing

hair try our remedy at our risk. Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a mi-crobe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall Hair Tonic. It has been de the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and ther scalp and hair specialists, and we believe it will do more than an thing else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. The blueness of sea water is in ratio to its saltness. In the tropics tremendous evaporation causes the water to be much salter than it is in higher latitudes, says The Mar-

ine Journal. For about thirty degrees north and south of the equator the waters are of an exquisite azure. Beyond these latitudes the blue changes to green, and in the arctic and Antarctic Oceans the greens are almost as vivid

is the tropical blues. Mediterranean has two causes. Few large rivers of fresh water run into this see and moreover the Mediterranean is virtually land locked and exposed to a powerful sun, so that evaporation is rapid. By actual test the waters of the Meriterranean are heavier and salter than those of the Atlantic Ocean.

MY PORTION.

Only a little plot In a valley deep and wide, But I murmur not-

It is here the sunbeam bide. And the sky is blue, And the fields I plow grow green, And my heart beats true,

To the love of the great unseen

Toil the portion I own.

Deep the furrows I must turn. Ere the seed be sown-But the worth of life I learn

Labor laden-yet peace I keep; It is mine-this spot, And here freedom of soul I reap! -Annette Allen.
