

THE PRESENT DAY QUESTION IS

# How to Beautify Our Homes at Little Cost?

We are Specialists in Landscape Gardening Work, and being the largest growers of Ornamental Trees, Shrubs, Roses, Vines and Evergreens in Canada, are in position to take care of your requirements, no matter how limited or how extensive your planting may be.

**Let Us Help You.** Send us the dimensions of your grounds, the size and location of your buildings, and let us submit a plan, like the accompanying cut, which will give some idea of what can be done.

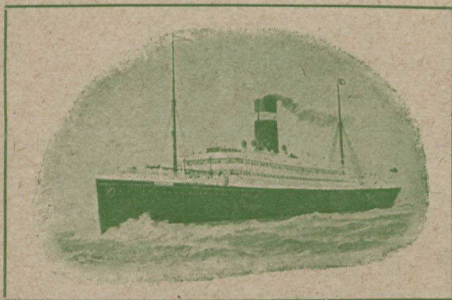

It is Not Necessary to make any large outlay in order to beautify

your home. We can do this at minimum cost and can select the varieties of trees and shrubs best suited to your locality.

On Extensive Plantings we can arrange to have an experienced landscape gardener visit your place and submit plans to conform to your own ideas. We have experienced men employed in laying out private grounds, city lots, public parks and cemeteries. We Grow Our Own Stock and guarantee satisfaction both as regards quality of stock and landscape work.
