

Niagara Brand Lime-Sulphur Spray

MADE IN CANADA

NIAGARA is the Standard of Value for Fruit Tree Sprays. It is used by the most successful Fruit Growers in every Fruit District of the Pacific North-west, and in many of the Eastern States, and has already proven its worth in Ontario.

THERE IS A REASON WHY

NIAGARA is made under special treatment (of which we have secured all rights for Canada). The only known process by which is made a permanent and reliable solution of lime and sulphur of sufficient strength to meet all requirements.

Anybody can make a Spray which may do sometimes. The process by which NIAGARA is made **insures the best work at all times.**

NIAGARA is the best known remedy for **Apple Scab, Leaf Curl**, and most all forms of fungi, **San Jose Scale, Oyster Shell Bark Louse, Blister Mite, Aphis, Bud Moth**, and all **Sucking Insects and Parasitic Life.**

Potato and Tomato Blight and **Mildew of Grape** have been successfully treated.

NIAGARA Brand Lime-Sulphur Solution has been proven by the highest authorities, after several years' work, equal to Bordeaux as a fungicide, and far less dangerous to use. It is also cheaper and always ready to use.

ARSENATE OF LEAD

ARSENATE OF LEAD has almost entirely supplanted Paris Green as a poison for Codling Moth, and other insects requiring a poison treatment. Such dissatisfaction as may have arisen because of burning or failure can be attributed to an improperly combined arsenate. NIAGARA BRAND ARSENATE OF LEAD is specially prepared with a view to **efficiency and safety.**

PRICES.—Because of manufacturing ourselves, and buying materials in large quantities, we are prepared to offer these Sprays at a much lower price than obtained last season.

PUMPS.—We are Canadian Agents for the famous BEAN SPRAY PUMPS—hand and power. Also a full line of Hose, Nozzles, etc.

SPRAY BOOK.—We are preparing a book, which we trust will be of value to the Fruit Growers, which will be mailed to you upon request.
