

## SECTIONS IMPROVED.

We have made an improvement in Sections which will be a source of gain to Comb Honey Producers. The Dove-Tailing is much finer than on ordinary ones. The result is, they drive together much nicer and stick better when driven together. They are made from winter sawed Basswood, and are therefore not so liable to break while being folded. Try them: they cost no more than the old style. Look! three qualities. \$1.50 \$2.50, \$3.50.

Dove-Tailed Hives, Smokers, Frames, Foundation, etc., at prices cut right down to the very ground. It will pay you to make a note of this ad. It may not appear again. Address:

## BEEES FOR SALE.

I am instructed to sell 35 Stocks of Bees, now in first-class condition. They are in hanging frame hives, in which, for several successive winters, the bees have come through in prime condition, attributable to the way the hive is ventilated. On account of their present prosperous condition, these bees will be profitable the coming season, if there is honey to be gathered. Supers for both comb and extracted honey. Bees delivered F. O. B. here any time up to May 25th. Correspondence solicited.

## BIG SMOKERS FOR BIG BEEKEEPERS.

My new Smoker is now ready. I claim the following points of excellence, viz.:—A stronger blast than any ever made; a valve accessible from the outside, and for delicacy of spring exceeded by none. All-skin leather instead of sheepskin: bellows boards protected against damp by shellac inside and outside; fire-barrel, 3½ x 10 inches, and bellows 6 x 9, spring outside, grate heavy, and riveted in the barrel. Neither ashes nor cinders can possibly get into the bellows. The whole is well constructed. There is not a weak or flimsy spot in the whole machine. Price, \$2.50 each, cash with order. When 3 or more are ordered together express charges will be prepaid.
