

come evident that the universal adoption of the new motor in cities will mean cleaner, healthier streets, and a big diminution in the appropriation for the street cleaning department. The elimination of horses from the public thoroughfares will greatly reduce the cost of maintaining them, for it must be remembered that it is the horse more than the vehicle that ruins the pavement. ## PROPOSALS INVITED.

### THE EDISON

**Electric Light and Power Co., Ltd.,**

OF SPRINGHILL, NOVA SCOTIA,

Invite proposals for the development of a water power and supply of generators, switch board equipment, transmission line, extension of line in new district, wiring and all necessary material for 3,000 house lights. Generators to consist of two alternators, 75 K. W. each, with sufficient transformers of capacity for above generators, marble switchboard with necessary equipment, hydraulic machinery necessary to develop 500 horse power, including masonry construction and power house.

In submitting proposals complete plans and detailed specifications of the most modern and efficient electrical and hydraulic machinery must accompany each tender, otherwise they will not be considered. All bids must be deemed to cover and include all incidental matters and things necessary to the full and complete working of a first-class modern lighting and hydraulic plant. Said proposals must be filed at the President's Office on or before March 31, 1899. All information required by bidders will be supplied by the undersigned.

The Company reserve the right to reject any and all bids submitted.

Toronto Office,  
42 York Street.

MANUFACTURERS GENERAL MACHINERY...

Having recently sold our patterns and plant to the A. R. Williams Co., of Toronto, retaining only such machines as are useful in our business, we beg to say that we are rapidly putting in New Machinery, from new and improved designs, and are now in a position to receive orders for all Standard Tools for Metal Working in all branches. It will be our aim, by personal supervision of the product of works, with expert men of large experience at the head of each department, to turn out nothing but first-class work at moderate prices. And as we intend to deal directly with the manufacturers, they will be enabled to get their machinery at first cost.

As we shall not be able to personally visit each manufacturer, it is for this purpose that we publish this advertisement. This is our agent who is going about to solicit a share of your patronage. We are thankful for the patronage extended to us in the past, and hope that we may secure an extension of the favors for the future.

All correspondence relating to the following Tools will be promptly answered, viz:

**LATHES**—Engine, Gap, Break, Turret, Fox, Spinning, Etc.  
**PLANERS**—Standard, Crank, Plato, Etc.  
**DRILLS**—Standard, Sensitive, Multiple, Radial, Etc.  
**MILLING MACHINES**—Lincoln, Plain, Universal, Etc.

**SHAPING MACHINES**—Whitworth, G. & E. Rack-Driven, Etc.  
**HAMMERS**—Steam, Sandage Drop, Stiles Drop.  
**BULL-DOZERS** for all purposes.  
**PUNCHES AND SHEARS** for Plate, Angles, Channels, Gauges, Etc.

And we would call special attention to our **PRESSES for Cutting, Stamping, Drawing, Wiring, Riveting, Etc.** We shall also esteem it a pleasure to give quotations on Special and General Machinery in our line.

ALEX. GARTSHORE, President. J. G. ALLAN, Sec.-Treas. JAS. THOMSON, Vice-Pres. and Gen. Mgr.
