The Summer is Come.

The birds with us once more. Nature garbed in the brightest green brings joy to those who hate the cold and dreariness of winter. But summer brings with her many other things besides green fields and singing birds. Corns sprout and grow just as if mother earth had a share in nurturing them, and no person wants them.

The "Myrtle Navy" brand of smoking tobacco has stood the test for over ten years, and during that time it has lost no friend and gained scores of thousands. This lengthened experience shows that it is no mere passing fashion which has gained it the approval of the public, but its superiority in the essential qualities which make a first class tobacco.

Catarrh - A New Treatment. For a few months the extraordinary success that has been achieved in a single instance has been attained by the Dixon Treatment of Catarrh. Out of 2,500 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is not the less startling when it is remembered that not five per cent. of the patients presenting themselves to the doctor are cured of this disease, while the present medicines and other water-cure cures never record a cure at all. Starting with the claim now generally followed by the most scientific men that the disease is due to a prostration of liver, the treatment in the Dixon Treatment of Catarrh met and adapted his cure to their condition; this accomplished the catarrh is practically cured, and the permanency is guaranteed, as will be attested by any four years of practice in the Dixon Treatment of Catarrh. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure of the majority of cases being cured at our treatment. **PUTNAM'S PAINLESS CORN EXTRACTOR** is a new and improved stamp for their treatment of catarrh - **Special Star**.
