# The Royal Military College

**T**HERE are few national institutions of more value and interest to the country than the Royal Military College at Kingston. At the same time its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government institution, designed primarily for the purpose of giving the highest technical instructions in all branches of military science to cadets and officers of Canadian Militia. In fact it is intended to take the place in Canada of the English Woolwich and Sandhurst and the American West Point.

The Commandant and military instructors are all officers on the active list of the Imperial army, lent for the purpose, and in addition there is a complete staff of professors for the civil subjects which form such a large proportion of the College course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis the cadets receive in addition to their military studies a thoroughly practical, scientific and sound training in all subjects that are essential to a high and general modern education.

The course in mathematics is very complete and a thorough grounding is given in the subjects of Civil Engineering, Civil and Hydrographic Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the system.

In addition the constant practice of gymnastics, drills and outdoor exercises of all kinds, ensures good health and fine physical condition.

Seven commissions in His Majesty's regular army are annually awarded as prizes to the cadets.

Three Commissions in the Permanent Force will be given annually, should vacancies exist, to the graduating class, viz.:—

Every year one in the Infantry; and each alternate year:

One in the Engineers and one in the Horse Artillery.

One in the Cavalry or Mounted Rifles and one in the Garrison Artillery.

Further, every three years a Commission in the Ordnance Corps will be given to the graduating class.

Three 2nd class clerkships, or appointments with equivalent pay, will be offered annually to the graduating class, such appointments to be in the following Departments, viz.:—Public Works, Railways and Canals, Inland Revenue, Agriculture and Interior.

The length of the Course is three years, in three terms of 9½ months' residence each.

The total cost of the three years' course, including board, uniforms, instructional material, and all extras, is from \$750 to \$800.

The annual competitive examination for admission to the College will take place at the headquarters of the several military districts in which candidates reside, in May of each year.

For full particulars of this examination or for any other information, application should be made as soon as possible to the Secretary of the Militia Council, Ottawa, Ont.: or to the Commandant, Royal Military College, Kingston, Ont.
