SHIPPING INTELLIGENCE.

Yesterday evening the Lake Champlain of the Canada Shipping Company's line came into port after a favorable voyage.

The Betty steamer Ontario left Sarnia, May 9, for Lake Superior with a fair load of freight, a heavy mail, and 657 steerage and upward of 50 cabin passengers. The steerage passengers are made up of 500 Mennonites from Berlin; 100 French emigrants from Pennsylvania for Dufferin, Manitoba; and the balance Government men for Fort William. The Manitoba leaves on Friday night.

Yesterday's arrivals at Quebec were SS. "Lake Champlain," Liverpool, general cargo; SS. "Phoenician," Glasgow, 70 passengers; SS. "Quebec," Liverpool, 22 passengers; SS. "Thames," London, 12 cabin and 4 steerage passengers.

The shipments of refined sugar from the United States to Canada during the four months ending 30th ult., were 4,450,216 lbs., an average export of 1,112,554 lbs. per month. If this trade be sustained the year's exports of sugar from the States to this country will be 50 per cent. in advance of the shipments of 1875.

UNITED STATES CHEESE MARKET.—At Little Falls, on Monday the Cheese market was active with large offerings. Some sales of full cream cheese were made at 10c, partly skimmed at 7c to 8c, and skimmed at 5c to 6c, mostly of the latter quality, was sent forward on commission. Several farm dairies were in and sold at 8c to 9c. Factories are generally in full operation, and with the growing grass, the make will soon be large. The current impression is that prices will range much lower during the season than last year.

In New York the outward movement for last week was 19,962 boxes, containing a great many consigned lots, and the stocks now really commence to show small in some cases, but there is no scarcity of cheese, and dealers wish it understood that buyers will still be treated with much courtesy. The show of confidence in fancy September make, especially colored, is still maintained by owners, but buyers have not asked to be shown much of it at the prices asked, which approximate closely to 13c. The offering of new has again been pretty much all skims and half skims, with sales at 3to8c. to 9to10c. for a few extra fine. About 11c. seems to be considered all that can be obtained for full cream cheese.

FIRST STEAMSHIP FROM SEA.—The Allan mail steamship Polynesia, Capt. R. Brown, from Liverpool, April 20, anchored at Goose Island, at 6 p.m. on Friday, steamed up to Indian Cove, at 9.30 a.m. on Saturday, where she remained some time to allow the heavy ice to go down with the tide. She was moored at her wharf at the G.T. Depot about 1 p.m. The Polynesia brought the mails, 25 cabin, 10 intermediate, 189 steerage passengers, and a large general cargo.

The Polynesia cleared at the Custom House, on Saturday vessel, for Montreal, this being the first ocean vessel upwards this season.—Quebec Chronicle.

NIAGARA DISTRICT  
Mutual Fire Insurance  
COMPANY,  
ST. CATHERINES, ONT.,  
ESTABLISHED 1835.

Economy in Fire Insurance.

By care and prudence in this business, this Company find that losses and current expenses may be easily always met by the receipt of three quarters of the ordinary premium. They are prepared to effect insurance on this principle in all cases where the expense is considerable, that is, when the payment required from \$10 and upwards. The party insuring instead of paying \$10 to a Stock Insurance Co. for one year's insurance, would pay \$7.50 in this Mutual Co., and be liable to \$2.50 more in case of a prevalence of fires rendering it necessary. This system applies to yearly insurance only.
