

NEWS AND NOTES.

It seems to be pretty well understood that children must be sick at times, we would say to all anxious mothers that Nestle's Milk Food is an excellent preventative of cholera infantum, and all such complaints so common to children.

The coal mines in the Nord district of France produced 3,789,000 tons of coal last year, an increase of three per cent. on the quantity of the preceding year. To raise this total, 19,880 men were employed, and of these there were about 15,510 engaged underground.

OUR NATIONAL FOODS, a notice of which will be found in our advertising columns, are said to be of great merit in laying the foundation of a strong muscular development, as well as brain and nervous vitality. The cereals are treated in the light of all the scientific progress of the day. For systems run down with dyspepsia and affections of the digestive organs, they are a great boon.

Mineral wool is used for a packing to deaden the sound between floors in buildings, and being incombustible, it is now pretty generally used between floors and ceilings in new houses. Mineral wool is obtained from the slag from blast furnaces, and is produced by throwing a jet of steam against the stream of slag as it flows from the furnace.

A GREAT WANT SUPPLIED

The consumers of Kerosene Oil, will find it to their advantage to buy LUXOR OIL, as it is without doubt the purest Oil to be had. By actual comparison it will be found as white as water. This is obtained by removing all impurities from the ordinary oil. As it will burn one-fourth longer and gives a clear brilliant flame, emitting no smoke or odor. To those using COAL OIL STOVES it is highly recommended, as it will give greater heat and will do more cooking for the same money. For sale in barrels and cases, two cans in a case.

Catarrah - A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrh. Out of 200 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street West, Toronto, Canada, and enclose stamp for their treatise on Catarrh. - Montreal Star.

The statue of Marcus Aurelius, at the capitol in Rome, is to be removed for preservation, and a copy in bronze is to be set up in its place.
