Mercantile Summary.

Kingston exports for December were of the value of \$82,885, and those imported valued at \$50,854, on which the duty was \$9,846.

The Dominion Hat Company, of Hamilton, has removed into a new factory in that city where it employs forty or fifty hands in manufacturing all styles of hard and soft fur felt hats.

A Magog correspondent writes:—"The first carload of prints was shipped from here this week, consigned to London, Toronto, Hamilton and Quebec.

Mr. H. A. KITSON has been admitted a partner in the wholesale grocery firm of W. H. Gillard & Co., Hamilton. The style remains as heretofore.

The Northwest Electric Light and Power Co., (limited), of Winnipeg, gives notice that it will apply to the Local Legislature for power to increase the capital stock to \$200,000.

The exports to the United States from the port of Hamilton during December were valued at \$50,170. Receipts of duties at the Custom House amounted to \$49,889, as compared with \$60,588 in the previous December.

The stock in trade belonging to the insolvent estate of W. W. Becket, of Sherbrooke, amounting, as per inventory, to over \$20,000, has been sold by auction to Messrs. Luke & Mitchell for fifty-four and a half cents on the dollar.

In the city of Halifax, R. A. Chaplin, a dry goods dealer, has assigned, having given preferences amounting to \$6,000. His books are in a bad state, the stock, it is said, will realize but poorly at a forced sale and the preferences will almost absorb proceeds.

They have a good joke on John Roach, the Philadelphia shipbuilder, says the Detroit Free Press. He has for years been chock full of the "pauper wages from Europe," but the last cut in his ship yards dropped wages five per cent below anything paid in England for twenty-five years.

The Adams Tobacco Company, of Montreal, has purchased and will hereafter control the business of the Virginia Tobacco Coy., in this city. The wares of the latter company, under the management of the Adams Co. should attain an improved repute, as they will certainly find an enlarged market.

A WINNIPEG paper states that the difference hitherto existing between Mr. Mitchell, of the Montreal Syndicate and the Farmers' Union, has been arranged, and the farmers are shipping their wheat to Port Arthur now in large quantities. Mr. Mitchell "reports that a much better quality of wheat is now being secured, and in consequence a better price is being paid."
