"Standard"

Porcelain Enameled
KITCHEN SINKS

The attention given nowadays to kitchen plumbing requires the specification and installation of goods of the highest merit only in order to insure satisfaction.

The installation of "Standard" Ware is a safeguard to the architect and builder—and a source of economy to the owner of the premises. Its sanitary excellence, its durability, and the increased value its presence gives to the building, make the installation of "Standard" fixtures a double profit, a double satisfaction, and the best paying investment for architect, builder, and owner.

"Standard" Plate P-1245

Porcelain Enameled Sink with Apron all around, Enameled Sink Legs with Wall Supports, Nickel-plated Strainer, Puller Adjustable Flange Bibbs, "P" Traps with Waste and Vent to Wall. Price, as described, \$38.25.

Standard Sanitary Mfg. Co., Pittsburgh, U. S. A.
