

Men of Standing

in official, professional and business life, to whom time is valuable and personal appearance is important—these are the men who most fully appreciate the trusty little

GILLETTE SAFETY RAZOR

It makes quick, satisfactory home shaving possible — even enjoyable—to those who without a GILLETTE would be dependent on the barber shop.

It enables a man to leave home in the morning with his toilet COMPLETED, looking and feeling his best.

It is so keen—so easily adjusted for light or close work—and so perfectly adapted for the correct “angle” stroke, that its regular use develops that clear, fresh skin so characteristic of the successful man of to-day.

Practically every good Hardware, Jewelry and Drug Store sells and recommends the Gillette. “Bulldog”, “Aristocrat” and Standard Sets cost \$5.00 — Pocket Editions \$5.00 and \$6.00—Combination Sets \$6.50 up.
