

entitled to the facilities, benefits and guarantees set forth in this Agreement or in a subsidiary arrangement.

ANNEX "B"

RESPONSIBILITIES OF THE GOVERNMENT OF THE KINGDOM OF MOROCCO

Unless otherwise indicated in subsidiary arrangements, the Government of the Kingdom of Morocco shall provide the services and defray the expenses specified below:

- a) all official assistance to facilitate obtaining permits, licenses and other documents needed by Canadian corporations and the Canadian personnel in performing their duties in Morocco;
- b) subject to the applicable laws of Morocco, all visas and export or import permits required for personal and household effects, and for technical and special equipment required for professional purposes in connection with the project;
- c) the permission of the appropriate ministries to use all means of communication officially approved in Morocco, in compliance with the applicable acts and regulations;
- d) a driver's licence for members of the Canadian personnel and their dependants, upon presenting a Canadian driver's licence, in compliance with the applicable acts and regulations;
- e) furnished premises and office services meeting the standards of the Government of the Kingdom of Morocco, including adequate facilities and equipment, support staff, technical and special equipment, and telephone, mail and other services which the Canadian personnel may need in order to perform their duties;
- f) the assignment or where necessary, the recruitment of Moroccan counterparts when required for projects;
- g) travel expenses and living allowances for members of the Canadian personnel and their dependants, between the port of entry and their place of residence in Morocco when the period of assignment begins, and between their place of residence and their point of departure from Morocco when the period of assignment ends;
- h) the cost of transporting personal and household effects, and technical and special equipment that the Canadian personnel require for professional purposes, between the port of entry and their place of residence;
- i) rapid inland transportation of equipment, products, material, supplies and other imported goods required for the execution of projects, from the port of entry to Morocco to project sites, including obtaining priority service by forwarders and carriers in Morocco where necessary;
- j) reports, records, maps, statistics and other information related to projects and likely to help the Canadian personnel in performing their duties, provided that this information is unclassified and does not endanger national security;
