An amendment to the agreement effective April 1, 1961 permits payment by the federal government of 75 per cent of provincial expenditures incurred on training facilities up to a specified maximum and 50 per cent thereafter to March 31, 1967. This specified maximum federal contribution of 75 per cent was determined by applying a per capita cost of \$480 per person in the 15 to 19, inclusive, age group residing in each province as determined by the 1961 census. Under this formula the province of Quebec will be eligible to receive payments on a 75 per cent basis for training facilities up to \$224,364,400. Ontario under the same formula is eligible to receive \$209,703,800.
