The inaugural meeting of the Green Bush Amateur Racing Association on Saturday afternoon at Mr. Elliott's farm, on the Metropolitan line, at Stop 36, was one of the best arranged and most sporting events for a long time. HINTS BY MAY MANTON

7914 Girl's Russian Dress, 10 to 14 years.

WITH TWO-PIECE SKIRT, SCALLOPED OR STRAIGHT EDGES, THREE-QUARTER, SHORT OR LONG SLEEVES.

Girls are wearing a great many Russian dresses and they are as becoming and pretty as they are fashionable. This one can be finished with either scalloped or straight edges and it can be made from almost any pretty seasonable material. In the illustration, rose colored cotton crepe is trimmed with white eyelet embroidery. Girls like linen made in this way, however, and the simple gingham, volles and various washable materials, while for the cooler days can be used of chills and wool fabrics. Two materials combined made a good effect also and the blouse of one color over skirt of another or fancy material over plain makes a most attractive costume. The skirt is cut in just two pieces and is finished with a belt and the blouse is slightly full and joined to a plain peplum. A wide belt conceals the seam.

For the 12 year size, the dress will require 4½ yards of material, 27, 3¼ yards 36 or 3¼ yards 44 inches wide, with 1 yard 18 inches wide for the collar, cuffs and belt.

The pattern of the dress 7914 is cut in reception sheets for girls from 10 to 14. It will be mailed to any address by the Fashion Department of this paper, on receipt of 15 cents.

ATTRACTIONS AT
HANLAN'S POINT

Holiday Entertainment Is of High Standard, Including Many Special Features.

For the benefit of the many thousands of Torontonians and visitors from the surrounding towns and cities that will visit Hanlan's Point, the world famous summer resort, and "Canada's Coney Island," just across the bay, the management have made great preparations for the celebration of Civic Holiday, the greatest holiday of the summer months. To say that they are presenting a fine line of attractions would be to put it mildly. In addition to the regular band concerts the management announce the well-known and popular musician, "El Ciego," as he is known to stage-land, and Cleve Caswell, to his many thousands of friends, in his wonderful xylophone offering.

Mr. Caswell will give two performances daily, afternoon and evening, and as has been proven time and again, he has no peer in this line of work. Toronto music lovers, who like novelty and excellence in the music line, should not miss this great act.

There has also been added to the long line of amusement devices at the summer park a new and popular "ride" known as "The Joy Ride," the like of which has never been built ere it was introduced at Hanlan's Point.

Flies

No longer can we dismiss the fly with a contemptuous "Shoo!" He is an influence, and one to be reckoned with. You are probably tired of reading of what the fly can do; for I have noticed that in spite of the anti-fly crusades these pests are admitted into the careful homes.

Perhaps big people are able to fight the dangers, but if you have little children in your home, please do not overlook the fact that flies carry disease germs of typhoid, dysentery, cholera infantum, tuberculosis, infantile paralysis and all the dreaded diseases of childhood.

This is the sort of thing that the fly now buzzing on your kitchen window, carries on some one of his six legs and on his well packed head. He is sure to be well supplied with choice germs of any disease that happen to be in your neighborhood, of the germs that putrefy meat, poison milk, cause fruit to decay, vegetables to spoil and bread and cake to mold. Two thirds of what in former days were inflammation and colic and stomach-aches were due to the fifth-germs and bugs with which flies and other agencies had contaminated the food, and which found the stomach and intestines of their victims nice, warm, moist, comfortable places to breed and riot in.

A fly in your house is dangerous, filthy and disagreeable, and every modern housekeeper should feel ashamed if a fly is detected on her premises.

and he was ably assisted by Wilbur Cox. The leading female role was assumed by Miss Dolly Morrissey. She has a smile on her face and she is good to look at. Much applause was bestowed on Beatrice, who styles herself "The Rag Time Violinist," and the funny dance executed by Reynolds and Henry during her finale was humorous in the extreme.

Two shows daily will be given and the company will remain through the week of Aug. 4.
