BERIAN, Nov. 4.—A laymen's missionary conference of the County of Waterloo will be held here tomorrow, opening in the Zion Evangelical Church at 10.30 a.m. There will be an afternoon session, and in the evening a supper for men at the market building. The following well-known speakers from Toronto will address the conference and the banquet at night: Dr. Murdoch MacKenzie, Rev. Mr. McKay, Rev. J. H. Arnup, Rev. R. M. Hamilton, R. W. Howitt of Hamilton are additional speakers.

Delegates to the number of 300 are expected from Galt, Preston, Hespeler, Waterloo, Elmira, New Hamburg and other points of the county.

The congested state of affairs at the general postoffice will hardly permit for the operation of the parcel post system at the new year, unless a suboffice is provided for, as promised, at the Grand Trunk depot, plans for which, it is understood, have already been drawn up. As 85 per cent, of the factories are near the depot, and as these concerns will largely use the parcels post, it will be impossible to handle the traffic without an extra office. What the postoffice department will do in the matter is awaited with interest.

Mayor Shank Contends That Only Militia Can Control Rioters.

INDIANAPOLIS Ind. Nov. 4-Can. Press.)-The refusal of thirty mbers of the police force to ride with strikebreakers caused the fourth day of the street car strike to pass without car service here. The policemen turned in their badges, which were returned with orders to remain on patfol outy. It was announced that charges would be preferred against all after the strike had been

settled.
In spite of the presence on the street of an unusually large number of men due to the election holiday. of men due to the election holiday, little rioting was reported. The strikers and strike sympathizers gathered at a large meeting on the court house grounds and cheered several ministers who addressed them counselling them to avoid violence. Resolutions denouncing violence were passed by the strikers.

Mayor Shank modified a former statement attributed to him defending the police "After my conferences of the last few days," he said. "I believed the lives of all policemen running the cars were in danger and I do not want any bloodshed. When the police are sufficiently reinforced, and I believe that can only be done by the state militia. I will see that every policeman does his duty."

Another feath directly traceable to the troubles of the traction employes resulted today. John Brogan, who was shot, Oct. 23 during a riot, in the downtown district, died of his wounds. CALL A CAUCUS

TO DISCUSS BILL

Committee Will Not Consent to Reduction to That Number.

WASHINGTON, Nov. 4-(Can ress.)—The movement for a senate mentum today in the gossip among the few senators left in Washington Dissatisfaction with the tentative decision of the banking and currency committee to reduce from 12 to 4 the number of regional banks planned in the new system, was given as the ground for the proposal to call a cause cus. This decision of the committee has aroused those senators who are most ardent in support of the administration plan.

"Some of the Democrats outside of the banking and currency committee are anxious to know just what the committee is doing," said Senator Hoke Smith of Georgia today. "For that reason a caucus has been suggested as a means of informing the Democrats as to just what is going on in the committee. I think a caucus would impress the members with the strength of the opposition to the reduction to the number of regional banks to four, There should be eight or nine banks, and we will not consent to a lesser, number."

Senator Smith said he did not thinks any attempt would be made to make the caucus binding on Democratic senators to vote for any particular bill.
