MASONS COMMAND WORLD'S GRATITUDE

Patriotism of Order Did Much to Show Citizens Their Duty.

DESERVE THE BEST

Deputy Grand Master Demands Payment of Debt to Fighting Men.

With 1100 members in attendance, the 64th annual communication of the Masonic Grand Lodge of Canada in the Province of Ontario held its first session at the Masonic Temple, Yonge street, yesterday. A civic welcome was tendered the visitors by Mayor Church, who was introduced by Most Worshipful Bro. W. D. McPherson, K.C. M.L.A. K.C., M.L.A.

K.C., M.L.A.

To the members of the order the mayor conveyed civic greetings, stating that the best citizens of Toronto belonged to the order, and that in Toronto the visitors would find a sympathetic atmosphere. He paid a brilliant tribute to the late John Ross Robertson, and spoke highly of other prominent masons. In reference to the patriotism of the order shown during the war, the mayor said that patriotic duty was set forward by the order as an obligation, binding upon all good citizens, and the influence thus exerted in the time of the world's greatest need commanded the gratitude of the country and all its people. In conclusion Mayor Church congra-tulated the craft on the temple in which they were assembled, which he declared to be an ornament to the city and a monument to the enterprise and devotion of the brethren who met

within its walls.

Grand Master's Address. In the absence thru illness of Grand Master Wardrope, his address was read by Deputy Grand Master Har-

"We thank Almighty God that the most cruel war in all history is a thing of the past and that we sit together as of those on whom victory rests instead of as those who have gone down, not only to physical defeat, but to an inglorious and moral obliquy that will follow their children's children to the third and fourth genera-tions," said the report. "May we be worthy of the succes that has crown-ed our efforts, and humble in the knowledge that God Himself has sustained us in all the dreadful vicissi-tudes thru which we have passed. May we who live prove worthy of those whose blood has consecrated afresh the principles of justice, liberty

and truth. Feeling refernce was made to the deaths in the craft—of R. W. Bro. Gunn, grand secretary; M. W. Bro. Sydney Albert Luke, immediate P. G. M., and R. W. Bro. John Brennan, D.D.G.M., who died before he had entered upon the duties of his office. The grand master recommends that he and his successor, Bro. W. J. Mc-

LITTLE GIRL FACES **DOUBLE TRAGEDY**

Father and Mother Laid to Final Rest in One Grave.

Little "Cherry" Fowler, a 6-year-old orpharded child, is one to whom sympathy would be given by even the hardest hearted. She lived a happy life with her parents at 256 Euclid avenue and had never had a sad day in her life—all was brightness with her life—all was brig in her life—all was brightness with her, up to last Friday. On that day her father, a returned Canadian soldier—recently from France, was found dead in his bed, under tragic circumstances. The suddenness of the death played havor with the nerves and frail constitution of the child's mother, and shock killed her, for she died on Monday night, leaving the little girl an orphan—orphaned by death's cruel hand within a period of six days. Yesterday the funeral of "Cherry's" parents was held—the soldier's coffin being on a gun carriage, and the wife's body following in a motor hearse. It was a served on the collaboration of the control of the contro being on a gun carriage, and the wife's body following in a motor hearse. It was a military funeral, attended by men hardened at the front to see death in all its forms, but there were two of those present at the grave yesterday who could prevent the tears coming into their eyes as they heard the little orphan girl almost whisper as the coffins were lowered into the grave, "Good-bye, daddy! Good-bye mother!" It was indeed a sad moment for those "Cherry" is now in charge of Mrs.

Don't "Cram" Yourself With Food

DRINK lots of rich milk this hot weather. Give your children all the milk they will drink.

It is the only complete food that is known on earth. Fifteen vital "elements" are needed to nourish the bodyand milk contains them all.

It is light on the stomach. Easily digested. Cooling and satisfying. Thirst quenching.

Meat and heavy foods are not good for you this weather. Yourappetite does not crave for them any way.

For the "vonghages" your system needs crackers are fine. Bread is good. Whole wheat bread is better. Eat plenty of leafy

vegetables - green and fresh. Eat plenty of lettuce. Eat green onions, if you like them. Eat fruits and vegetables.

But don't be sparing with milk. Make milk the most important part of every meal. Double your regular milk order.

It's the best food—the most economical food-in the world.
