THE OWNERS AND WIVES MEET TO ADJUST WAGE SCALE

STUDENTS REFUSE TO LET HINDENBURG ENTER REICHSTAG

Will Not Let Him Be Questioned on War, and Mob Shouts for Ex-Kaiser.

Berlin, Nov. 14.—Pan-German students today refused to permit Field Marshal von Hindenburg to enter the Reichstag to testify before the sub-committee which is investigating war responsibilities and forced the field marshal's chauffeur to return with the former commander-in-chief to his home.

The demonstration occurred this morning as the field marshal's automobile was being driven toward the Reichstag building, the students surrounding it and declaring their unwillingness to allow him to be questioned by the sub-committee.

Von Hindenburg begged the students, who clung to the running-board of the machine, to allow his automobile to pass, as he was due at the Reichstag. The students, however, replied by ordering the street closed, declaring that they were unwilling to permit the sub-committee to interrogate him. Again Hindenburg protested, but he was unable to quell the demonstration.

It was a Nationalist demonstration for both Von Hindenburg and General Ludendorff, and for a time it assumed serious proportions. The crowd gathered consisted mostly of students of both sexes, who carried with them an old German flag.

Shouted for Ex-Kaiser.

When Hindenburg's automobile was within a few feet of the Reichstag, the crowd cheered both Von Hindenburg and Ludendorff, and shouted "Down with the Jewish government!" Von Hindenburg's protests, that he would not proceed, were denied, but, nevertheless, the automobile slowly began to pass, its way thru the crowd toward the Reichstag. Thousands of persons following it, singing "Die Wacht am Rhein" and "Deutschland über Alles."

There also were shouts of "Brothers, we will not allow this man to pass!" "For us there is only one Kaiser and Emperor!" and "We will not endure that our glorious Kaiser be besmirched!"

Along the route was a statue of the former emperor, the name on which was hidden under a canvas. The students tore off the canvas with cries of "Hoeh!" for the one-time ruler and the empire.

Finally Von Hindenburg, seeing the futility of endeavoring to gain the road, permitted the chauffeur to drive home. First, however, he thanked the crowd for the respect to him implied by the demonstration.

In official quarters today it was announced that the students had violated the cordons imposed by martial law, and that troops were ordered to suppress any similar demonstrations.

COCHRANE HAD SCHEME FOR NATIONAL RAILWAYS CONTROL

Montreal is Busy at Ottawa Trying to Retain Railway Primacy of Canada, Hoping President Kelley of the Grand Trunk Will Be Head of National Lines—Scheme of Direction That Was in Hands of Late Hon. Frank Cochrane.

Special to The Toronto World.

Ottawa, Nov. 14.—The government is being pestered with all kinds of advice about the new management of the G. and T. Montreal interests are busy, with some quietness and much talk, because Montreal is agitated by a very real fear that the big building on McGill street, where President Kelley and his staffs do their work, will be let within the year.

There is no doubt, of course, that the Grand Trunk shareholders will thankfully accept the terms proposed by the new legislation. It is understood that Sir Alfred Smithers will find a meeting ready almost immediately in London, adjournments from time to time having obviated the necessity for delay in calling the shareholders together.

In a way the shareholders are not interested in the future management of the Grand Trunk, because the guarantee of interest by the Dominion Parliament is better to them than anything the "disappearing directors" can afford. But President Smithers has fought hard and long to assure a living for his dead hands.

What! Move the C.P.R.?

The government wanted to be free to get rid of all the old regime, and to sign a single bill, passed from hand to hand, paid all the debts of leading citizens of Port Arthur.

Port Arthur's \$20 Bill.

The C.P.R. board of Port Arthur took the liberty of disagreeing with

PURCHASE OF G.T.R. GAINING APPROVAL OF RAILWAY EXPERT

Geo. K. Lowell, U. S. Authority, Scores Senators Who Opposed Bill.

Special to The Toronto World.

Boston, Mass., Nov. 14.—That the bill now proceeding thru the Canadian house of commons and senate at Ottawa, Ont., which calls for the purchase by the Canadian government of the 2000 miles of Grand Trunk Railroad lines in several states of the country in which it is receiving bitter opposition from some of the most prominent Canadian statesmen, is receiving widespread attention and considerable comment throughout New England, was emphasized by George K. Lowell, of York, Maine, one of the leading railroad authorities of that country, especially the ports of Halifax and St. John, yet he does not stop to consider the fact that the Portland port is 200 miles nearer to Montreal than the Halifax port.

Mr. Lowell, who through the war acted as a confidential adviser to the administration at Washington, and who a few years ago refused the offer of the Canadian government to buy the Grand Trunk and Maine Railroad, said in part: "Senator Bostock states that the Canadian government should never operate a line to build up the business of the Grand Trunk. In competition with the ports of Halifax and St. John, yet he does not stop to consider the fact that the Portland port is 200 miles nearer to Montreal than the Halifax port."

Mr. Lowell said that the war acted as a confidence builder in the administration at Washington, and who a few years ago refused the offer of the Canadian government to buy the Grand Trunk and Maine Railroad, said in part: "Senator Bostock states that the Canadian government should never operate a line to build up the business of the Grand Trunk. In competition with the ports of Halifax and St. John, yet he does not stop to consider the fact that the Portland port is 200 miles nearer to Montreal than the Halifax port."

THREE PROPOSALS OFFERED BY SECRETARY OF LABOR FOR NEW WAGE AGREEMENT

Coal Operators and Miners Meet—Miners Favor Plan for Nation-Wide Conference, With Unions' Rights Protected—Operators Are Against Agreement With All Districts.

Washington, Nov. 14.—Demands of coal miners for a thirty-hour week and a 60 per cent. increase in wages and an unyielding position by the operators alike were declared "impossible" by Secretary Wilson in opening today the conference called to bring peace to the bituminous fields of the nation. To obtain peace the secretary proposed three plans of procedure.

Declaring that the Washington wage agreement still is legally in force, Mr. Wilson told the operators and miners that the people of the United States were not "Shylocks," and do not want to exact "the technical provisions of a bond when the conditions under which the bond was made have changed."

He added: "If any great change is made in the contract, the people of the United States are the ones who will have to pay," and through his remarks emphasized the public interest in the coal settlement.

The three proposals expected to add the two factions in arranging the new wage agreement were set forth by the labor secretary as follows:

First—Negotiation thru joint wage scale committees representing all districts. Second—Negotiations thru concurrent sessions of committees from the various districts. Third—Negotiations, first of an agreement between the central competitive field and then of agreements for other fields with that of the central district as a basis.

Wage Plans Set Afloat.

After hearing Secretary Wilson the operators adjourned until 10 o'clock tomorrow to discuss separately the plan which would be most acceptable to each.

In a discussion of the conflict on the scope of the agreement to be negotiated involving the question of recognition of non-union workers developed at the outset of the conference and because more apparent the two group meetings were followed.

Discussion in the miners' caucus, which followed the conference session, ranged on the question of whether the operators' proposals would be included in the conference and the operators' agreement reached by the conference might have in these fields where the miners do not have contracts with the operators. All the officers of the United Mine Workers refused to make any statement following their meeting.

It was learned that the plan for a nation-wide conference was favored, but Secretary Wilson will be asked to make clear to the conference that the rights of labor and the rights of the coal companies are not recognized by the coal companies.

Operators Are Dubious.

The operators, however, did not look with favor on an agreement covering all fields. The Washington wage agreement, for the first time the operators asserted, fixed the same date for the expiration of contracts between miners and operators in all parts of the country. The arrangement gives the workers to bring about a nation-wide strike, was expressed by the operators, who indicated a desire to return to the old plan of basing all wage scale contracts on the agreement reached in the central competitive field.

Owners of mines outside of the central competitive fields conferred between the opening of the conference and opposition was expressed to participation in the negotiations.

Owing to the likelihood of protracted discussion on the scope of the conference before even the demands of the miners are brought into issue, many on both sides of the controversy predicted today that the sessions might continue for several weeks.

ONTARIO MINISTERS ASSUME OFFICE AND HOLD FIRST MEETING

Premier Drury and Colleagues Sworn in at Government House.

Premier E. C. Drury and his colleagues held their first cabinet meeting yesterday afternoon, having been sworn in by the lieutenant-governor, Sir John Hendrie, at government house during the morning.

"We were just getting information regarding the various departments and having a general talk," said Mr. Drury to The World after the cabinet meeting. "There were no orders-in-council passed, and we do not expect to get down to real business until Monday." The premier added that he had a large accumulation of mail to answer, some 600 letters in all, and these had to be answered. He said he was going to his home at Crown Hill tonight for the weekend.

Headquarters Conference.

The premier and his ministers met at the U.F.O. headquarters on King street shortly after 10 o'clock and after a conference they motored to government house, which was ready to receive them. They were ushered into the large drawing-room at the east end, where they were received by Sir John Hendrie. The new ministers, as members of the executive council and the third of the oath of office. The premier said signed their names to the oaths of office. The names of the new ministers were: Harry Mills and Lieutenant-Colonel Carmichael, who also signed their names to the oaths of office. The names of the new ministers were: Harry Mills and Lieutenant-Colonel Carmichael, who also signed their names to the oaths of office.

Princess Mary, who has been in Washington in connection with the visit of the Prince of Wales, left today for Atlantic City. Sir Robert's health has improved and he will have a holiday in Virginia. But a further rest will probably be needed before he is able to resume active work.

Premier Borden Returns From Washington to Virginia

Washington, Nov. 14.—Canadian Premier Sir Robert Borden, who has been in Washington in connection with the visit of the Prince of Wales, left today for Atlantic City. Sir Robert's health has improved and he will have a holiday in Virginia. But a further rest will probably be needed before he is able to resume active work.

BOUNDARY DISPUTE TO PRIVY COUNCIL

Will Decide Where Real Line is Between Labrador and Quebec.

Special to The Toronto World.

Ottawa, Nov. 14.—The long standing dispute as to where the limits of Quebec end and those of Newfoundland, on the Labrador coast, began to be the subject of a reference to the judicial committee of the privy council.

The controversy has been on for years and the location of Ungava to Quebec has intensified it. The contention of Newfoundland is that the boundary is much further north than Quebec or the Dominion government has been prepared to concede. Numerous companies have been formed for the development of the resources of Ungava and by reason of this the clashes between Canadian and Newfoundland authorities have not been infrequent.

Prodigious Research.

When the privy council goes into the merits of the case it will have to make a prodigious research going back as far as the French regime. After much negotiation the governments of Canada and Newfoundland have come to an agreement on the question to be referred. It is as follows:

"What is the location and definition of the boundary as between Canada and Newfoundland in the Labrador Peninsula under the various orders-in-council and proclamations?"

PRINCE GOES SOUTH STRICTLY INCOGNITO

Calls on Cardinal Gibbons and Pays Visit to Annapolis Naval Academy.

Washington, Nov. 14.—The Prince of Wales left Washington tonight accompanied by only his immediate personal staff for a three-day stay in a southern winter resort, where he proposes to remain in strict incognito. His next public appearance will be Tuesday, when he arrives in New York to receive the Tenth Royal Hussars by the Prince's own hand.

The prince called today on Mrs. Marshall, wife of Vice-President Marshall, who has been slightly indisposed. On his return from a trip to the naval academy at Annapolis, the venerable head of the Roman Catholic Church in America. He was received by the cardinal in the rectory of St. Patrick's Church, and chatted with him for ten minutes. Afterward he drove to the Belmont home, where he dined privately.

At the door of the rectory, the prince was greeted by James Burns, a veteran of the Boer war, and a former co-oper in the Tenth Royal Hussars by the Prince's own hand. Burns told the prince that he had formed one of the guard of honor at the wedding of his son-in-law.

The prince discarded his military uniform in honor of his visit to Annapolis, and wore the costume of a "navy" and three princes. The big building shook at the roar that followed.

After a brief address to the midshipmen, in which he paid tribute to the achievements of a U.S. American navy in the war, the prince planned a memorial tree in front of Bancroft Hall.

ARE HUNTING SEATS FOR THE MINISTERS

U.F.O. Government is Perplexed as to Finding Safe Place for Attorney-General.

Hon. E. C. Drury's government faces a great perplexity. Where can a seat be found for Hon. W. E. Raney, K.C., attorney-general?

Notwithstanding reports to the contrary, it is expected that Centre Simcoe will be vacated for the premier, and either North Essex or Muskoka will have the opportunity of accepting Hon. Manning Doherty. But there is no clue to the riding that awaits in hospitable guise the coming of the attorney-general.

When Mr. Drury offers himself to the popular verdict he expects a walk-over. In Liberal circles there is an apparent disposition to oppose him. The fighting spirit of the Conservative party for the present at least is at low ebb. Nor is it probable that any U.F.O. who won his spurs in the general election will be compelled to give a race in the by-election.

There is a general expectation, however, that Hon. Mr. Raney and Hon. Manning Doherty will have little opposition. North Essex was a considerable French-Canadian vote and is Liberal in complexion. Mr. Doherty is Catholic and a Tory. The outlook there is not regarded as entirely satisfactory. Muskoka is Orange and Tory. Mr. Doherty would have a better chance there.

Either Dundas, where he was born, or north Victoria, where the U.F.O. member is reported to have no great taste for politics, is bespoken for the attorney-general.

The last guess is that Rev. Dr. Cody may give way. But a Liberal would not seriously contemplate to permit the smallest chance to Mr. Dewar for adding another vote to his following in the new assembly.

MAXIMUM PRICE FIXED FOR BEET SUGAR

Washington, Nov. 14.—A maximum wholesale price of ten and one half cents a pound for all beet sugar at all points in the United States was established today by the department of justice.

ONE VESSEL LOST, ANOTHER MISSING

Wreckage Found Leads to Belief That She Sank in Gale.

Sault Ste. Marie, Mich., Nov. 14.—One steamer, the H. E. Runnels, is known to have been lost and another, as yet unaccounted for, is believed by marine men here to have foundered in the storm that has been raging over Lake Superior for three days.

The Runnels, a 100-ton, battling her way thru the gale off Grand Marais all last night, grounded early yesterday and pounded to pieces shortly after the crew of 17 had been rescued by means of a life line.

The second vessel is believed to be the John Owen of Cleveland, an ore carrier, which has not been sighted since Wednesday. So far as known she is on the other side of the lake and has not been accounted for.

Officers of the W. I. Pen, which arrived here today, brought reports of sighting wreckage ten miles off Manitowish yesterday. Because of the high seas and the darkness of the night they were unable to identify the wreckage, they reported. A cording to their story, however, they made out an overture to indicate a port of a wrecked pilot house and what appeared to be the body of a man held up by a life preserver.

It can be accomplished in the way of a search for the Owen until the high gale, her officers reported. She was forced to hug the shore for two days by the m. u. n. t. u. n. waves. After their own experiences, officers declared it was quite probable that the Owen, because of the compass at the helm, had been unable to ride the high seas.

Montreal's Loan Drive Total Passes Ninety Million Mark

Montreal, Nov. 14.—Again today records for the Victory Loan campaign were set by the board, with a total day's return of \$7,862,080. This was by far the highest total of any day during the campaign, with the exception of the two days on which the C.P.R. \$20,000,000 and the Sun Life \$10,000,000 were announced.

A new aggregate total record was made, with \$2,768,100, while a new divisional record was again established, when division D reported \$1,463,350, exceeding by several hundred thousand dollars the previous record.

With these and other reports turned in, the total officially given as to Thursday evening reported at noon today was \$90,071,050, from 32,328 subscribers.

"Pussyfoot" Proved a Sportsman Students Now Will Banquet Him

London, Nov. 14.—William E. (Pussyfoot) Johnson, the American prohibitionist, today, as a result of his attitude toward the adventure, is one of the most-taken-of and popular figures of the day. He commanded the biggest headlines in today's newspapers. The general verdict of the headline writers was that he was "a good sport." Mr. Johnson could not have desired a better advertisement than Thursday's incident for his campaign against the liquor traffic, and his future public appearances likely will command attention by reason of the fact that he has announced himself as considering the hazing he underwent a good joke.

The students who marched about with him yesterday, upsetting traffic in a godly pater of the west end, now propose to tender Mr. Johnson a banquet and present to him their tributes of respect.

The Anti-Saloon League opposition in London, it is said, has been based on the feeling that it was impermissible for an American prohibitionist to come across seas to lecture the English on what they should do.

Baron Birkenhead, the lord chancellor speaking at a peace celebration dinner here tonight, referred to the Johnson incident, and said it was profoundly to be regretted that a citizen of the United States should be subjected to such an outrage.

"Mr. Johnson," he said, "was invited here by an association of English people, who share his views. He was as much entitled to express his opinion as the lord chancellor would be in the United States, if invited there by an American association."

MRS. M. McLAUGHLIN DIES

Hamilton, Nov. 14.—Mrs. Mary McLaughlin, a resident of this city for the past few years, died at her home after a lingering illness, at the home of her daughter, at 219 North Catharine street. The deceased was born in Hamilton, where the funeral will be held.

THE FIRST DAY

W. F. Nickle should have known his mind toward Mr. Drury's proposition earlier in the negotiations. The man who can't decide on the moment in politics generally misses it. It was not fair to Mr. Drury to hang him up.

Mr. Drury says that personally he is for the bone dry, against race-track betting, that Mr. "Premier" rather than "Prime Minister" will do for him. How to get a seat for Mr. Raney may be a harder nut to crack. How many of the country-borders will rush to give their seats to the attorney-general?

From now on Hartley Dewar may take the greatest interest in the welfare of the new cabinet, and in the license commissioners. The Gobe and The Star will do their best to head off any change in the commissioners. Why?

SPECIAL SALE OF MEN'S OVERCOATS AND HATS

Saturday is the day when men go shopping. This Saturday seems to be placed particularly well for the purchase of Fall Hats and Winter Overcoats for men. Probably the Dineen company never had a better display and more tempting values than will be shown in this store at 140 Yonge street today. A special line of Winter Overcoats, bought much under value, will be on sale at \$38.75, worth \$50.00, and many other lines of equal value. Men's Hats are well represented in today's reductions—all the new colors in \$0.75 Hats as low as \$2.95 and up to \$5.00.

Help Toronto Clinch Her National Leadership, Buy Victory Bonds
