Bar Association Considers Proposed Reform Measure and Adopts Recommendations.

The "full right of appeal must be maintained" was the slogan of every speaker at the Ontario Bar Association meetings yesterday at Osgoode Hall. Vice-President Hodgins introduced Secretary F. E. Wadhams of the New York Bar Association.

J. H. Moss, K.C., was the speaker, and he plunged the knife of criticism to the hilt into Hon. J. J. Foy's law reform proposals. "It is like performing a surgical operation on a child for a slight disturbance of its interior," was his opinion. The small percentage of appeals demonstrated, he said, that Ontario litigants were not oppressed. He considered that the only sense in which the administration was defective was in negligence and cognate cases. In such cases verdicts were often given out of sympathy rather than according to law.

Mr. Moss proposed as the remedy that negligence actions should not in any case be tried by juries.

Appellate Jurisdiction.

E. B. Cameron, Ottawa, registrar of the supreme court, discussed appellate jurisdiction. He suggested that Hon. J. J. Foy should be asked to appoint representatives to confer with the attorney-general of the division and representatives from other provinces to define a uniform system to supreme court appeals.
