

WASHINGTON FINALLY PUTS OVER VICTORY

Wild Throw Gives Them Game From Naps—Two Games Today.

The Leafs and Blues will play a double-header at the island this afternoon, always providing that the elements are favorable. Shocker, the best pitcher in the league, will start the first game, and Lefty McGuire will try his hand in the second encounter. The first game is called for 2 p.m.

The announcement of President Weegman of the Chicago Cubs that he had released both Doolan and Yerkes, caused a sensation in baseball circles yesterday. Both men, according to Weegman, will go to Atlanta of the Southern League. Doolan and Yerkes held iron-clad contracts for large salaries, both players having been taken by the Cubs from the Cleveland Indians. These contracts will be fulfilled, it is understood, by the Indians sending an amount in accordance with the Southern League scale of salaries, the balance being made up by Weegman.

What is the old adage? Washington have waited a long while to break their losing streak, and it finally came yesterday. Mitchell of the Cleveland Naps is the best friend the Senators have. He will throw away Washington runs and allowed them to beat the Naps. It was Washington's first win since May 27. They have lost 7 and tied 2 since that date.

McKee is now in shape. He is full of pep, his pegging is greatly improved and his hitting is picking up.

Let us hope we get a dry Saturday at last. The double-headers are calling up so fast we will have to quit work and live on baseball a little later in the season.

The Tigers staged a sensational finish yesterday to nose out the world champions, Detroit scored 3 in the 8th and 2 in the 9th. Burns was the leading pitcher of the Red Sox. He tripled with two men on and then came in himself on a hit, and in the closing round drove in two runs with a sparkling single.

Manning was in good shape yesterday, and it was a pity the rain arrived.

The worn turned Newark, disgusted at the lachings handed them from all corners, were fighting mad and turned on Richmond. The Indians closed off things to all corners and were easy winners.

Thompson subdued Zimmerman in right field yesterday.

For the second day in succession all games in the National League were postponed yesterday. The rain stopped three international fixtures, including the Toronto game, and Philadelphia and Chicago were unable to play in the American League.

President B. B. Johnson of the American League has sustained a decision of Umpire Hill in the Boston-Cleveland game last Saturday, which, it was said yesterday, established a precedent for play in which an umpire interferes with a base runner. The decision of Hill against which Boston protested, was that the runner returned to his base, so far as known, no similar case has occurred in major league baseball and is not covered by the rules. The umpire, making a hit, rounded first base and collided with Hill twice. He then stopped and walked to second base, where he was touched by the Boston second baseman. He then returned to first base, and Boston's protest was disallowed.

ALLEGED EMBEZZLER ARRESTED IN TORONTO

On a warrant charging him with embezzlement of \$15,000, Eugene Burroughs, alias Robert Stuart, was arrested by Detectives Mulholland and Armstrong in the downtown section of the city last night. Burroughs was treasurer of the Eagle Society of Delaware, Ohio. An officer is on the way to take the accused back for trial.

CARTRIDGE SALES' PROBE CONTINUED

Col. Morin Examined Concerning Deal With Vickers Company.

NO DANGER IN USING

Col. Harston, Inspector of Ammunition, Was Also a Witness Yesterday.

QUEBEC, June 9.—At this afternoon's session of the Davidson munitions committee the only witness examined was Col. J. A. Morin, senior ordnance officer of No. 5, the local military district.

He testified that on Nov. 26, 1915, he shipped to the Vickers House, London, for the admiralty, 2,000,000 rounds of manufactured cartridges, all of which had been condemned.

Examined as to the shipment of cartridges amounting to 1,000,000 rounds in September and October of 1915, he replied that he knew nothing about it. He said they might have been shipped from some other point.

Questioned by Mr. S. W. Jacob, counsel for the Liberal party, as to what ammunition had been used for the local troops during the past few years, Col. Morin replied that the 1906-07 ammunition previous to that date had been used until it had been condemned. None of the condemned ammunition had been distributed here.

Asked by Mr. Jacob whether he considered that the ammunition was useful or not he replied that he would not mind using it. There had not been any accident with it in this district, he continued. He did not think that Col. Harston, Dominion Inspector of ammunition, inspected all the ammunition handed out to the units in his district, but the ammunition could have been condemned on inspection elsewhere.

Col. Harston Examined.

Col. Greville Harston, Dominion Inspector of ammunition, was examined before the commission this morning on the distribution of defective 1910 rifle cartridges from government stocks to the northwest mounted police, and the sale of condemned cartridges thru Col. J. Wesley Allison to agents of the British military authorities.

After the secretary of the commission, J. P. Owens, had read a letter from Sir Wilfrid Laurier requesting that G. W. Jacobs, K.C., of Montreal, be permitted to act as Liberal counsel in place of Hartley Dewart, K.C., in the west, Mr. Jacobs said he had been detached from the counsel in the Duff-Meridith inquiry at Ottawa as a sort of flying column.

"I hope you are not a bomb-thrower," said Sir Charles Davidson.

Col. Harston said that mark 8 rifle ammunition, made for the government in 1908, 1909, and 1910, was very bad. He discovered the defective ammunition in 1908, when he became inspector, and drew the attention of the minister of militia to it.

Reason of Defects.

J. C. Hutcheson, K.C., Brockville, commission counsel, asked what was the cause of the defects, and Col. Harston said: "Bad workmanship, tools and punches."

Mr. Hutcheson asked what was done to correct the imperfections.

Col. Harston said no notice was taken of his complaints until Lieut. Col. Laferty took hold of the Dominion arsenal in 1913, and the 1910 ammunition was so bad it caused accidents.

Mr. Hutcheson: What was done with this ammunition?

Col. Harston: It was condemned. Mr. Hutcheson: Did you have any personal experience of the defective 1910 ammunition?

Col. Harston: Col. Morrison and I

tried it in a machine gun and the flames came out at the back of foot.

Gen. Elliott's Verdict.

The inspector said ammunition should be packed in zinc or tin-lined boxes, but this had not been done at the arsenal on orders from headquarters until he became inspector.

Col. Harston said he wanted to explain that Gen. Elliott, master of ordnance, had personally found the 1910 ammunition all right while in camp in Manitoba. He had, therefore, when out of 1913 ammunition, supplied the northwest mounted police with the 1910 cartridges. Gen. Elliott had only just taken over the position of master of ordnance and did not know the cartridges had been condemned.

Partly Good.

It was quite possible a million or so rounds might act properly. The inspection system, however, was condemned every box in which a faulty cartridge was found.

Col. Harston said "the unringed cartridges were worth about \$2.50 a thousand for breaking up. If inspected and passed they would be about \$25 a thousand. He did not know how much of the ammunition sold was good. All the boxes of ammunition would be marked "condemned" or "passed" as the case might be.

Those buying it knew, or ought to have known, the condition of the ammunition.

Should go to Jail.

Col. Harston, who laughed heartily about the sale of the condemned 1907-08 ammunition, said the man who sold it ought to have gone to jail.

Mr. Jacobs: Who do you suggest should go to jail?

Col. Harston: What I said was not evidence. I mean that a man who got \$25 a thousand for the defective ammunition should have been handed back \$17.50.

Mr. Jacobs: But why should the British admiralty buy condemned ammunition?

Col. Harston: I don't know what they would want for it unless to see what a gun would shoot with it. I don't think it should have been sold for \$25 a thousand.

Mr. Jacobs: Could the condemned cartridges have been used in the Ross rifle?

Col. Harston: Yes, or in a Lee-Enfield. The Ross is the best rifle in the world as far as breech action is concerned and corks the cartridge better.

Believes in Ross Rifle.

Mr. Jacobs: Evidently you don't agree with Gen. Alderson's view of the Ross.

Col. Harston: I never heard it. Col. Harston said the condemned 1912 cartridges sold to the admiralty for \$20 if re-ringed and passed could have been sold for \$25 a thousand.

Mr. Jacobs asked, and passed informed Gen. Elliott that the 1910 ammunition was bad, and the witness said he thought somebody in the general's department should have done so.

Col. Harston pointed out in reply to a question by Mr. Jacobs about the bad ammunition that Sir Wilfrid Laurier, Sir Frederick Borden, when minister of militia, and Sir Sam Hughes had all tried to better the production of ammunition in Canada.

That was the reason why he was appointed.

To Mr. Hutcheson, who said it must be remembered that the condemnation of the ammunition was not the admiralty for machine gun testing. Col. Harston said the officer making the test would be amply protected from danger.

ROOSEVELT UNDER STRONG PRESSURE

Progressives Insistently Urge Him to Take Train for Chicago.

HIS LINE SURELY BUSY

Telephone Calls for Him Almost Every Half Hour.

OYSTER BAY, N. Y., June 9.—The Progressive national convention is becoming restless. Col. Roosevelt admitted tonight. Telephone calls for him have come from Chicago every hour and almost every half hour during the day. The party leaders who are attending the convention have been insisting for information as to how much longer they must wait before making a decision. Col. Roosevelt responded, in effect, to each appeal by advising delay and proposing that the Progressives wait until some definite action was taken by the Republicans.

Col. Roosevelt still refused tonight to indicate his attitude in regard to the nomination of a candidate for the Progressives. It is the general opinion in Oyster Bay tonight, however, that unless the Progressives "show a spirit of accommodation," the Progressives undoubtedly will place a third ticket in the field.

LET HIM OUT.

"I want to be excused," said the worried-looking jurymen, addressing the judge. "I owe a man five dollars that I borrowed and as he is leaving town today for some years I want to catch him before he gets on the train and pay him the money."

"You are excused," the judge returned in honor in icy tones. "I don't want anybody on the jury who can lie like that."

HUGHES IS LEADER ON TWO BALLOTS

Republican Convention Will Resume Struggle This Morning.

and that the participation was soattering from the delegate section. The Fairbanks demonstration ran next for 35 minutes, the Burton demonstration lasted 44 minutes and the Hughes demonstration lasted 20 minutes.

Result of Ballots.

On the first ballot the delegates followed their instructions, voting for favorite sons and prime choices. Senator Weeks got 105, Elihu Root 103, Cummings 85, Fairbanks 74, Sherman 66, Roosevelt 51 and Knute Henry Ford got Michigan's 32 votes by instructions. Former President Taft got 11 votes in the seat.

Both Hands on Flag.

Roosevelt has got hold of the Stars and Stripes and will carry the national flag as his personal emblem in the coming election. He has won out because he has risen above the ward politics and the hyphenated vote. His appeal to American nationality met with such a response from the people that the Republican politicians in convention assembled have to accept him as their candidate or accept defeat. Few doubt but that Roosevelt will be elected as the nation's president.

Honor to Taft.

The convention went out of its way today to honor former President Taft. The delegates, without exception, rose and cheered when his name was mentioned, but it is not to be interpreted as showing any unfriendly feeling on the part of the convention toward Roosevelt. The delegates may not want Teddy, but the people do, and the delegates are here to carry out the popular will.
