AND MUSIC COMEDY AT ALEXANDRA.

At the request of nearly five hundred patrons the Robins Players will bresent at the Alexandra Theatre next week "Nearly Married," the farcical riot, from the pen of Edgar Selwyn, author of "Rolling Stones" and other noted successes. As a playwright Selwyn is noted for introducing in his works at least one decided novelty. "Nearly Married" is no exception, and this time the novelty is a man cloping who petitioned the Hearst Govern-ment to emact a war time measure of The Nickel Question.
The bilingual issue is not cutting nuch figure in the campaign, altho the Conservatives say it is being used with effect in the German districts. Federal issues are being generally avoided by both sides. The nickel question, however, may affect a number of voters as it has been more or less before the people of Stratford thru the addresses and pamphlets of Judge John A. Barron, the local county judge. A prominent Liberal worker, commenting upon the front page editorial in this morning's World, said that he belileved 150 votes would be cast for Wellington Hay, the Liberal candidate, as a protest against the action or in-Conservatives say it is being used with as a protest against the action or in-action of the federal and provincial government in dealing with the vital gigantic avalanche of fun and laughter from beginning to end. LOEW'S YONGE ST. THEATRE.

"Harry Tate's Motoring," the wonderful farce comedy based on the autocraze, will be the big feature the coming week at Loew's Yonge Street Theatre. This is one of the standard laughing acts of vaudeville, a sure fire "scream" wherever it plays. Harry Le Van and Claire Devine; the big stars of "The Revue of 1916," which played in Toronto last season, will appear as an extra feature on this bill claire Devine is a tall, willowy type of beauty, with a charming voice and was written by the fitted Madison for the last half of the week. The play shows Pasquale as a quaint grocer, whose life at a very critical moment is broken into by the great war, with its ominous influence. Laughter, tears, estrangement, suffering and tragedy are wonderfully and fascinatingly blended to make a massister. Some of the scenes in the play were taken on the Austro-Italian battlefront and nothing has been spared to make the whole production exact and true to life. The Paramount travel pictures and a comedy will precede the main feature.

Famous English Actress to Be Seen at His Majesty's Last Half of Week.

Miss Peggy Hyland, the beautiful and talented little English actress, whose recent arrival in America to appear exclusively on the screen under the management of the Famous Players Film Co., has created considerable newspaper comment, makes her debut to the American public in a thrilling picturization of Henry Arthur Jones' noted dramatic success, "Saints and Sinners."
