A PLATE YOU CAN BITE WITH, HELD IN POSITION BY OUR NEWLY IMPROVED QUADRUPLE ATTACHMENT. People don't want artificial teeth to carry around in their pockets nor keep at home in their bureau drawer as they will know where to find them when the door bell rings, they want teeth for service.

If you have a plate that no dentist has been able to make fit, why not try us; we have satisfied thousands and why not you? Our teeth are so natural in size, shape, color and the expression they afford to the features as to defy detection EVEN BY A DENTIST unless closely examined. Our new attachment holds them as solid almost as though they were riveted in the mouth.

TRYING TO REALIZE ON WORTHLESS CHEQUES

In the city at the present time is a man with a stock of worthless cheques, which he is anxious to exchange for cash to susceptible persons, but whose search for dupes has to date resulted poorly. For a week or more he has been in St. John touring the stores. Last night he entered a Charlotte street shoe establishment and after ordering a pair of rubbers and having the foot coverings wrapped up, he tendered a cheque in payment. The amount of the cheque was \$20.93, and after a close scrutiny at it the merchant declined to accept it. After complaining of the lack of courtesy of the proprietor toward patrons, the visitor withdrew and entered a neighboring store, where, after requesting his tickets and making more overtures his design was again frustrated. His favorite hours for operation are generally after dark. The individual is in the vicinity of thirty years old.

THE FISH MARKET

The fish market exhibits much variety for tomorrow's trade. Halibut is quoted at 15 cents per pound; haddock and cod at 12 cents; mackerel 20 to 25 cents each; British Columbia salmon 16 to 25 cents per pound; sealets 10 to 12 cents per pound and flounders 3 cents per pound. Oysters are available at 75 cents per quart, scallops at 80 cents per quart, and clams at 20 cents. Cape Cod oysters are a popular favorite and in the opinion of a local retailer are as luscious as this year's harvest from the Prince Edward island beds, and of higher grade than North Shore oysters. The Bay State stock can be brought to St. John, and despite low duty and freight or expressage, the oysters are procurable at the price prevailing for the maritime article.

BASKETBALL TOMORROW

The line-up for tomorrow night's basketball contest in the Y. M. C. A. gymnasium was announced today. The Moncton quintette differs none from its regular team, it being the same one that defeated Chatham so handsily and the one without a defeat since the season began. No referee has yet been decided upon.

BURGLARS ARE BUSY

The breaks were not discovered until yesterday morning.

The desire of securing this information will be furnished with an illustrated pamphlet dealing with the hospital on application to G. A. Moore, apothecary, 105 Brunswick street. In the folder the illustrations are of the administration building, a view of a group of the buildings, patients engaged in various diversions on the piazza and a photo of the patients sleeping on the veranda in winter in Muskoka bags, slat life and a yachting scene on Muskoka Lake are depicted. The garments worn by both sexes in winter and summer are detailed in entirety.
