WARNING TO

Exhibition Visitors

Owing to the rush we meet with during the closing week each exhibition year we are obliged to turn away hundreds who come to St. John solely for the purpose of engaging our services, but who neglect calling until the last few days of their visit.

We would strongly advise all to call early and avoid the rush, so that they will not be compelled to return home dissippointed at not having been able to avail themselves of our superior workmanship and moderate fees.

PARENTS should take notice that the holl days are rapidly drawing to a close and that it is in the interest of their own children and those of others in the community that their children's teeth should receive proper attention.

We can give them the attention they require, without affording pain and at very attentive fees.

**BUILDING ACTIVITY** 

Victoria Roller Rink. St. Andrews Roller Rink—Band night and race for boys sixteen years old. Large Building Lots and Commodius Residences Built--Coal THE WEATHER

THIS EVENING Under Southern Skies at the Opera

> SASKATOON, August 18—There is great activity in every branch of building and construction work in and arounare finishing the work themselves. Coal has been discovered handy to Saskatoon, in a range of hills on the south bank of loagle Oreek. The sample is good, somewhat resembling the Galt coal, and from all accounts the bed is extensive. Should expectations of a good output be realized, tiths discovery will be a great boon for this vast prairie country. Indications point Saskatoon to become one of the largest and best towns of the Northwest, on account of its geographical position; it

being situated in the heart of the wheat growing section of Saskatchewan.

Buyers of building lots situated in Saskatoon cannot invest their money to better advantage in the West today, and intending purchasers should call and secure lots from the Northwestern Land and Investment Co., Canada Life Building, City.

The easy payment plan of \$10 down and \$5 a month can be taken advantage of if required, which enables anyone to become the owner of land that will rapidly increase in value, in one of the most promshould be referred to THE CIRCULATION MANAGER. crease in value, in one of the most proising towns of the Northwest.—Adv.

### POLICE COURT

papers were returned marked as directed which led to their being arranged in the following order:

The Daily Telegraph, the Evening again made his escape from the institution. Times, St. John Star, St. John Globe, He said this morning that he was

A meeting of No. 1 Salvage Corps is called for tomorrow evening to discuss the advisability of holding a fancy dress carnival in the St Andrews roller rink Manager R. J. Armst CHAMPION HERE

A sub-committee of the board of public safety will meet at 3 o'clock tomorrow afternoon to consider the matter of the appointment of a jail matron. A number of people interested in this matter have have been asked to appear before the committee and give their views.

The five-year-old son of Mr. McDermott, who lives in Erin street, near the Marsh bridge, and who was missing last night has been found. Friends of the little fellow made inquiries of the police and search was made for the child, who about midnight was found sound asleep on the back steps of his own home.

The mayor, Inspector Thompson and Superintendent Murdoch drove out to Lake Roberstson this morning to examine the Douglas house with a view of putting it in shape for the use of a caretaker. They will see what is needed and estimate the cost and report back to the water and sewerage board.

The Dog Show close on August 31st, and all persons who have not already entered their dogs should do so at once, as space this year will be at a premium. The early dates on which the show is to be held, Sept. 4th, 5th and 6th, afford a grand opportunity to owners of gun dogs, pointers, seters, commonly called Laveracks or Llewellyns, should remember that these are not separate breeds, but simply special strains of English Setters. In former years St. John was noted for large entries in the sporting classes, and as there is a very large number of really good pointers, setters, and spaniels now in the city, this year should be no exception. The superintendent wishes to again state that a pedigree is not required.

For entry blanks and further information address T. McCullough, P. O. box 411.
