THE SEVIGNY CHARGES

Details of Matter Brought Up in House—Some of the Letters

(By The Montreal Herald's Own Staff Correspondent.)

Ottawa, June 6.—The Hon. Albert Servigny, former speaker of the Commons, and at present minister of inland revenue, figures prominently and somewhat ingloriously in a return tabled in the Commons at the request of Mr. Laurier, of La Prairie. The return contains copies of correspondence and documents exchanged between Col. Henry R. Commons and Mr. Servigny, the sergeant-at-arms and the Justice Department, and between the Justice Department and Mr. Servigny, concerning furniture and ornaments belonging to the speaker's departments, which were removed from Ottawa subsequent to the fire in February last, which destroyed the Parliament buildings, and sent by Mr. Servigny to Quebec. Mr. Servigny was speaker of the Commons at that time.

The correspondence shows that Orme, Limited, of Ottawa, sent the following articles to Quebec, on the order of the then speaker: Victrola, style sixteen, two record carrying cases, nine albums, twenty-one records at seventy-five cents, nine at ninety cents, thirty-five at \$1.25, seven at \$4.50, eleven at \$5, one at \$2.50, eleven at \$3.50, one at \$5, and one at \$5, or ninety-seven records, worth \$152.10. Jas. Wilson and Company, picture

dealers, of Ottawa, reported that the following pictures had been shipped to Quebec by Mr. Servigny: One framed French subject, oval gravures "Dolla," "Toast of Bride," and one Gainsborough, colored picture, "Blind Man's Burial." "A Head in Colors." An oval colored Gainsborough and an oval colored, "Sweet Corals of Love." Besides these there were shipped to Quebec by L. S. Smith and Bros., of Ottawa, at the order of Mr. Servigny, one typewriter, a typewriter desk, and a filing cabinet, as well as other articles. The value of the latter was placed at \$159.50.

Admits Official is Right. Evidently the articles were missed after the resignation of Mr. Servigny as speaker, for on February 1 last, Col. Smith, the sergeant-at-arms, wrote to Mr. Servigny and asked him to return to him these articles, the property of the House of Commons. On Feb. 12, Mr. Servigny replied, as follows:—

"I beg to acknowledge receipt of your letter of the 12th inst., regarding the articles. Nothing has reached me from Quebec since I have returned to Ottawa in a few days and I will give orders to send back the articles mentioned in your letter." The better part of a month passed and the articles were not received at Ottawa. On Feb. 24, Col. Smith again wrote to Mr. Servigny as follows:—

"In reference to your letter of the 12th inst., regarding the articles. Nothing has reached me from Quebec since I have returned to Ottawa in a few days and I will give orders to send back the articles mentioned in your letter." The better part of a month passed and the articles were not received at Ottawa. On Feb. 24, Col. Smith again wrote to Mr. Servigny as follows:—

German Bankers Repeat Warning

Realize That Annexation of Conquered Territory Would Mean Loss of World's Markets

The Hague, June 9.—The furious annexationist propaganda which is flooding all Germany from the Rhinish and Westphalian industrial centres is met by increasing anxiety in banking and expert circles regarding Germany's economic situation after the war. Although overshadowed by the Reventlowians and other annexationist enthusiasts, the great German banking papers constantly repeat one form or another of those warnings.

The situation is that the cooler heads in Germany realize fully that they would pay for annexing the smallest portion of France Belgium by losing without further ado, all hope of recovering a world market. In order to overcome this loss, they are increasingly powerful opposition, the annexationists resort to a new argument, namely, that American selfishness will not allow Wilson or any other government to deprive America of the advantage of reciprocal trade with the Central Empires.

The National Liberal industrial papers now assert, in direct contradiction to what they said a month ago, that the entry of the United States into the war will not produce an economic situation outweighing Germany's military advantage in Europe.

The Weser Zeitung reprints a Hague correspondent's telegram of May 8, as appeared in the London papers of May 12, wherein it was pointed out that America, with the Entente Powers, could so close the world's markets to Germany that whatever her military position, her ruin is certain, a fact openly admitted by several German papers at the time.

"Always a Bragger" The Weser Zeitung denies this conclusion and says: "Germany's foremost enemies are European, and these Germany has mastered in such a way that she can hope for a German peace. And when peace is made, it will be shown that the Paris conference hatched an egg shell out of which no dragon will appear to strangle German trade."

The Central Powers command too large and too populated an area for the Allies to give up the Central Powers' trade light heartedly, and Germany also possesses points that her enemies are obliged painfully to forego.

"When peace comes Germany will see that her economic future is not fettered, but secured, and what applies to Europe applies to the rest of the world, so we need not be frightened at America's warnings, as America was always a bragger."

"Neither America nor the Allies will give up the Central Powers' market. We do not intend to send troops over the Atlantic to defend them in their own country, and they will be able to say they are unbeaten, but an unbeaten America is no counter-poise against the victorious Allies. We need not beg peace of the United States, as we did not declare war. If America wants peace, good, but she must first get off her high horse, and she cannot expect that we will hold the stirrup."

The Rothsay and St. John Cadet Corps' Gymkhana was held at St. Andrew's rink last night under the auspices of the DeMotts Chapter, I.O.D.E. The parade organized under Major William Magee in King street and marched to the rink, headed by the Rothsay Cadet Corps and their bugle band excited general admiration. Arriving at the rink, the troops were drawn up in line. The general salute was received by Lieut.-Colonel A. H. H. Powell in the absence of Brigadier-General McLean.

The general convenor of the different committees was Mrs. Fred E. Sayre, regent. On the candy committee were Mrs. Busby, Mrs. Andrew Jack, Miss May Harrison, Miss Ethel Smith, Mrs. Sherwood Skinner, Miss Ada Bayard and Miss Laura Hazen. On the ice cream committee were Mrs. H. B. Robinson, Mrs. Stewart Skinner, Mrs. L. P. D. Tilley, Mrs. Fred Schofield, Mrs. A. C. Skelton, Mrs. R. H. Gordon, Mrs. Ward Hazen and Mrs. C. W. DeForest.

Included on the floor committee were Mrs. Simon Jones, Miss Edith Skinner, Mrs. James Jack, Mrs. Walter White and Mrs. D. P. Chisholm. The programme of the evening consisted in physical drill with rifles and company drill by the cadets of St. Andrew's corps, followed by company and section drill by St. Stephen's cadet corps and company and manual exercises by St. Luke's. The boys from this latter corps made a very creditable showing in their khaki uniforms.

CHURCH HONORS SOLDIER John J. Dunlop, who recently enlisted with the Forestry Battalion, and is now a corporal, was the guest of the congregation of the Church of the Good Shepherd, Fairville, last evening. On behalf of the congregation a gold watch, with illuminated dial, and a substantial sum of money were presented to him on behalf of the congregation. Rev. W. P. Dunham also gave him a beautiful bound edition of the Bible. Corp. Dunlop was superintendent of the Sunday school and was a lay reader for the congregation. He was also president of the B. M. A. of young boys.

WHEAT CROP BELOW NORMAL

Washington, June 8.—America's 1917 wheat crop as forecasted today by the department of agriculture, will fall below normal despite a prospect for a more than ordinary yield of spring wheat.

A total yield estimated at 656,000,000 bushels will give the country 16,000,000 more bushels than last year's crops, but with the heavy demands from abroad and the fact that the crop is a big yield, but estimates of winter wheat production give a crop of only 373,000,000 bushels, 7,000,000 more than was forecasted from the May 1 condition, but still far from the normal yield.

The department forecasts a spring crop of 288,000,000 bushels, a big yield, but estimates of winter wheat production give a crop of only 373,000,000 bushels, 7,000,000 more than was forecasted from the May 1 condition, but still far from the normal yield.
