MUSEUM GETS INTERESTING OLD DOCUMENTS

Deal With History of Early Days of Militia in Province

To Lt.-Col. J. S. Frost, V.D., the Natural History Society is much indebted for some very interesting documents in connection with early days of the militia in this province. One of these documents is a copy book containing the by-laws of the Volunteer Engineers Corps of the Western Military District of New Brunswick with charter roll and military regulations in detail. This book is dated 1862. In another copy book also presented

by Colonel Frost there is written the membership roll of the Saint John Rifle Company commencing at the year 1882.

Very frequently callers at the museum are in quest of just such information as these two books contain and Dr. William Macintosh was specially pleased to receive them on behalf of the society. They will be highly valued additions to the historical library at the museum.

Another document recently received at the museum was given by John C. Earle and is a subpoena to Samuel Lambert to appear at Fredericton on the third Tuesday in February. It is dated Oct. 15, 1821, and although more than 100 years old is in good condition and well preserved.

INTERESTING COLLECTION.

A very interesting collection of examples of the work of the Indians of Arizona and of the Indians of Quebec and Western Canada has been presented to the Natural History Society recently as the gift of Mrs. E. H. Foster and was received through the interest of Miss Dorothy Purdy.

Included in this collection are a large bowl of basketry made by the Arizona Indians and some very nice examples of beaded moccasins made by the Comanche and Kiowa Indians. A beaded pocket and a leather bag made

by the Indians of Quebec are also interesting pieces in the collection.

A wooden quilt with long leather tassels is the work of Oklahoma Indians who also made the rawhide whip Mrs. Foster has presented. These two appear to be capable of inflicting very severe lacerations and are ugly looking weapons. There are also in the collection five arrows, three being ornamental and made for tourist sale and the other two being such as are actually used by the Indians of Western Canada.

RECENT DONOR.

Ralph Whipple, Jr., is another of the recent donors to the museum and his gifts were two large Chinese butterflies, dark blue in color, and very handsome examples of their special variety.

AT ORPHANAGE FAIR. The ladies of Baxter Lodge, L. O. M. A., who had charge of the home cooking booth yesterday at the Protestant Orphanage Fair, were Mrs. Burton Ring, W. M.; Mrs. G. C. Laurence, Mrs. W. E. Ham, Mrs. James Ryder, Mrs. James Gorry, Mrs. Clarence Cain, Mrs. William Brownell, Mrs. Harry Brownell, Mrs. John Warnock, Mrs. Robert Irvine, Miss Clara McQuarrie, Miss Rita Wilson and Miss Allen Sweet.

YEARLY CALL TO GUARD AGAINST WASTE BY FIRE

Prevention Week to be Observed From Oct. 3 to Oct. 9

Fire prevention week throughout Canada and the United States will be observed this year from October 3 to October 9, and preparations are being made to bring before the general public facts and figures to show the great losses in this country and the neighboring republic caused through fire.

The annual fire waste in the United States is stated to amount to about \$500,000,000, and a large part of this

waste is declared due to incendiarism for gain.

The largest factor in reducing the cost of fire insurance, stated an official, is the reduction of the fire waste. Taxable values should be preserved as far as possible, and from the merchant's point of view, money saved in his community by reducing the fire insurance tax buys more goods and pays more bills.

All civic welfare organizations are being urged to join in a nation-wide declaration of war against fire.

George B. Ryder, chief of the St. Stephen fire department, arrived in the city yesterday to confer with H. H. McLaughlin, provincial fire marshal, as to the best manner of observing fire prevention week at St. Stephen. Chief Ryder also is president of the Maritime Province Fire Chiefs' Association and a member of the Canada Band, which came here to attend the Sousa concert last evening.

LORNEVILLE LADIES' AID. The Ladies' Aid of Lorneville United Church were entertained last evening at the home of Mrs. Samuel Reid. After sewing and knitting, a social hour was spent and the hostess served dainty refreshments. Among those present were Mrs. William Wilson, president; Mrs. Robert Evans, Mrs. Agnes Cox, Mrs. Peter Jackson, Mrs. Charles Dunn, and Miss Georgie King.

TEA COFFEE

Such news travels fast for no one is so critical about tea and coffee as a woman—and no one is so appreciative of fresh fragrance as a good housewife.

Whenever they speak of finer values, of differences as subtle as the charm of cherry blossoms you will hear honorably mentioned the tea and coffee from
