Will be evenly and hard lought.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a 16-oz. bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you 16 ounces of better cough remedy than you could buy ready-made for \$2.50.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every are passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine exhause.

New York, Oct. 10.—The following statements are made by the managers of the two world's series contenders:
John J. McGraw, New York Giants.—I am going to be very cautious as far as prophecies are concerned, and so I won't even predict that the Giants will win the series. The two teams, in my opinion, are evenly matched, and the breaks of the game, plus good pitching, will decide the series. I expect to get good pitching, but where to get good pitching, but where is Home-made.
