

GOOD THINGS COMING TO THEATRES OF ST. JOHN

LAST TIMES TONIGHT FOR OPERA HOUSE BILL; THE NEW ONES LOOK GOOD

Last time tonight for the big laughing show of the season at the Opera House—five good vaudeville acts and the serial drama, Vengeance and the Woman, the latter just full of puns, thrill and go in every scene.

Tomorrow night comes the regular change of programme, the features including Reynolds and White in a comedy and musical novelty, Vaughn and Dreams, two personality girls, one with a phenomenal baritone voice in a vocal and piano offering, John Coffey, a versatile musical genius; Skipper and Kas-trup, singers of original songs, one other big comedy feature and the usual chapter of The Mystery Ship serial drama. Two performances in evening, at 7.30 and 9. Same popular prices.

MERRY AND GOOD SHOW AT THE GEM

"It's better to laugh than to sighing," ran an old song. And you'll laugh and your troubles will be lightened if you come to the Gem to see the new programme. There are four entertaining vaudeville acts, rich in music, in costume, in comedy, with pretty girls and clever men performers. There are also three pictures—two rollicking comedies and the Pathé News Weekly. In all a big show. Tonight at 7.15 and 8.45.

IMPERIAL'S GOOD BILL TONIGHT

Tonight at the Imperial Wallace Reid and Kathryn Williams will be seen for the last time in the Paramount feature "The Thing We Love," a story of Hun plotting in munition factories. This is a little fiction and interested yesterday's crowds greatly. There will be the British Official Weekly and a comedy offering by Marie Lenoir in songs, "The Blue Blazes Rawden," another of his western classics. This is the picture that created so much comment in western cities, and of which several magazines made reference. The serial story will enter upon its fifteenth chapter and the Larry Benson Viagraph series will conclude the bill. On Saturday LaMette Brothers, whistlers and pianologue performers, will be the novel-ty.

CHARLIE CHAPLIN AT UNIQUE TODAY. ALSO PRICE OF FOLLY SERIES

The screen of the Unique will be graced today, Friday, and Saturday with the appearance of that king of comedians, Charlie Chaplin, who has written a novel character in his great one man comedy, "One A. M. It's one of the big laughing successes of his career. Also "The Sin of Innocence," third of "The Price of Folly series," and an excellent scenic picture, "Through Southern Colorado."

FEW SEATS LEFT ON LOWER FLOOR

The sale of tickets for the Japanese operatic event, "Twilight in An Oriental Garden" at the Imperial next Tuesday evening are selling very rapidly and a large and fashionable audience is already assured. For the information of those who have not yet purchased their seats, it may be stated that some good balcony seats to be had also. The upper balcony at 35c is reserved so that theatre parties may be made up with the assurance of sitting together. The plans are on view in the Imperial lobby and tickets for sale there, too.

MILITARY MEDICAL OFFICER APPROVES 'DAMAGED GOODS'

Montreal papers referred yesterday to a recommendation made to the government by Major Laudermand, medical officer commanding Montreal district, that the showing of the film "Damaged Goods" for obvious reasons be encouraged even to the point of subsidizing should this be found advisable or necessary. Dr. Laudermand emphasized the necessity for an educational campaign in school and theatre to familiarize the public with the results of the evil referred to in this picture.

Higher Taxes In United States

President Announces New Levies

Unequal at Present—Defects Will be Remedied—War Profits and Luxuries Must Contribute More

Washington, May 30.—"These are days when duty stands stark and naked," said President Wilson to Congress today on the war tax legislation, "and, even with closed eyes, we know it is there. Either we have done our duty, or we have not."

"The full will see America's greatest bond issue floated. We shall naturally turn to war profits and incomes and luxuries for the additional taxes."

"The present tax laws are marred by inequalities which ought to be remedied. We dare not go to the elections until we have done our duty to the full. We are at the peak and crisis of the war."

"The people of this country are ready and willing to bear any burden and undergo any sacrifice necessary to win. They carry our hearts."

"Hundreds of thousands of our men, carrying our hearts with them and our fortunes, are in the field, and ships are rushing faster and faster to the ports of France and England with regiment after regiment, thousand after thousand, to join them until the enemy shall be beaten and brought to a reckoning with mankind. There can be no pause or intermission. The great enterprise, on the contrary, must be pushed with greater and greater energy. The volume of our might must steadily and rapidly be augmented until there can be no question of resting it. If that is to be accomplished, gentlemen, money must sustain it to the utmost. Our financial programme must not be left in doubt or suffered to lag, or our ship programme or our munitions programme or our programme for making millions must be abandoned."

"These others are not programmes, indeed, but mere plans upon paper, unless they are not a unquestionable supply of money."

One Way to Meet Duty. "That is the situation, and it is the situation which created the duty of consequences, politics is dead. The elections will go to those who think least of it, to those who do not understand the situation without explanation or excuse, with a plain record of duty faithfully and unflinchingly performed. If there is now upon the stage of lobbyists every action in this tragic plot of war is now upon the stage. If lobbyists every attempt to turn what you do in the matter of taxation to their advantage, the light will be cast on them. There is

BATTLE ALL NIGHT LONG

(Continued from page 1)

Official Statements. London, May 30.—The British official statement follows: "During the night the enemy attacked the strong point known as 'Route-A-Keeps' northwest of Fesibout, and was completely repulsed. We carried out a successful mine operation in the neighborhood of Merris and improved our line slightly. We captured a few prisoners and a machine gun in these encounters."

A SPLENDID LAXATIVE FOR THE BABY

Baby's Own Tablets are a splendid laxative for the baby. They are mild but thorough in their action; do not grip; are easy and pleasant to take and are absolutely free from injurious drugs. Concerning them Mrs. S. P. Moulton, St. Stephen, N. B., writes:—"I have used Baby's Own Tablets for a long time and have found them the most effective laxative I have ever used for the baby. The Tablets are sold by medicine dealers or by mail at 25c a box from Dr. Williams' Medicine Co., Brockville, Ont."

DENNIS McDADE

The death of Dennis McDeade occurred on Thursday morning, May 30, at his home, Lakeside. He was a native of New Brunswick, and during his early life was a ship carpenter in his own province and in the United States, but for the last thirty years he had been a prominent farmer of Kings county, where he was well known and highly respected. He is survived by his wife, two daughters, Terence and Charles, and four sons, Mary, Margaret, Berna and Regina. The family have the sincere sympathy of a large number of relatives and friends in their sad bereavement. Notice of the funeral will be given later.

enemy more than he sends. The artillery duel continues strong tonight.

German airplanes also were very active today, but as a strong wind was blowing from Germany and American aviators were constantly on the alert, few enemy machines ventured across the lines. Those that did were promptly driven back. There were several aerial battles, but so far there have been no reports of enemy machines having been brought down.

The purpose of the German attack today against the Americans near Brementz, east of Lunenburg, was to capture troops, supported by reserves, and to repulse the enemy with heavy losses and no Americans were taken. The Germans attacked at three points and at one point a group of fourteen got into the American trenches. Nine of the fourteen were killed, four are prisoners and one died of wounds.

The prisoners reported that they were ordered to capture Americans at any cost, their superiors being anxious to determine where American troops are stationed and their present fighting strength.

"With the American Army in France—(By the Associated Press)—The enemy was reported late yesterday to be massing troops behind his lines in the sector of the American attack, which resulted in the capture of Cantigny. The Germans' efforts thus far to hurl back the Americans have been rather feeble. They made several attempts to advance, but were unable to withstand the artillery which met them. The number of prisoners has been increased to 218.

"It is unnecessary to repeat the cause which hitherto has nullified these ineffectual advances. It is high time our war cabinet and war office found out how to bring this superiority of resources to bear upon the field of action."

"GALAN" BUT OVERWHELMED. London, May 30—In their initial onslaught on Monday the Germans are believed to have used more tanks than ever before, says Reuter's correspondent with the British forces on the French front. The 40th British division near Craonne without a gas attack of three hours and held the Germans in the attempt to reach the Aisne until "the men were drowned under the German combats."

The same fate overtook the French division to the right of the 50th. After falling back, the 50th made a gallant attempt to recapture Craonne but was defeated by machine gun fire from the enemy tanks. In the end the 50th was obliged to fall back toward the river.

In Perfect Harmony. Paris, May 29—The Havas correspondent at the French front quotes an example of the fraternity in arms of the British and French forces. At Craonne a British division which had been sorely tried joined a French colonial division and bravely counter-attacked their German divisions. The correspondent says that perfect harmony exists between the British and French troops all along the line of battle and that confidence is everywhere felt that the German tide will be stemmed.

The Americans. With the American Army in France, May 29—(By the Associated Press)—After a period of almost unprecedented quiet, the American sector northwest of Toul suddenly has become very active. Last night and today the Germans threw over hundreds of shells and gas shells and kept up a destructive and harassing fire. The American guns have been just as busy and are giving the en-

PLACE CITY TAX ON VEHICLES OF ALL KINDS

(Continued from page 1) On motion of Commissioner Fisher, the public works department was authorized to pay common laborers at the rate of \$3 a day, the increase dating from May 15. The rate has been \$2.75.

Wharf Repairs. Commissioner Bullock presented a report from G. H. Hare, city engineer, on the proposed repairs to Quinn's wharf and breakwater. He recommended that the best procedure would be to tear down the wrecked and rotten portions and rebuild. He estimated that this could be done with crib-work for \$28,000, and with piling for \$120,000. The commissioner said that the piling structure would be satisfactory. The damage had been due to the removal of the beacon bars, which had left the harbor exposed and for this reason it was necessary to rebuild the breakwater. The city now derives \$120,000 rentals from the wharf, and he would recommend that tenders be called for the work, by the piling method, at an estimated cost of \$120,000. The motion was adopted.

In reply to the mayor, the city engineer said he was not familiar with the

rules regarding bond issues and did not know whether an issue could be made for this work. The work would be rebuilding, not new work.

Commissioner Bullock also submitted a report from the engineer on the approaches to the western ferry floats, suggesting the erection of an abutment in the form of an ell, thirty by twenty by ten feet, at an estimated cost of \$7,200. His recommendation that tenders be called was adopted.

Submitting a letter from the agent of the Eastern S. S. Co. explaining that he did not wish to run any chance of not being able to secure the use of the Anchor line wharf when they visit it again, and offering to lease it as well as the other wharf at \$4,000 a year, the same as before, Commissioner Bullock moved that the lease be issued. Carried.

With reference to the wharf and warehouse occupied by George Dick, Commissioner Bullock recalled that this wharf was partly wrecked last November and had not been repaired. Mr. Dick had asked for compensation for losses incurred on account of the condition of the wharf. He moved that Mr. Dick be allowed a rebate on his rent on the basis of an allowance of \$150 a year.

Commissioner Fisher suggested that, as the rent paid was low, and it was not known definitely that the city was liable for any payment, this might not be necessary. The matter was referred to the city solicitor.

Commissioner Bullock submitted a letter from C. P. Baker, who had purchased a lot in Fairville under the impression that if included a ten-foot strip next to the Orange Hall. The city had refused to sell, in order to protect the light for the hall. Mr. Baker suggested that the strip be decided to him, on condition that it should not be built on. The letter was referred to the commissioner and the city solicitor.

On motion of Commissioner Bullock, the rental paid by Mr. McCarron for a lunch cart stand in the heart of Rodney street was reduced from \$10 to \$3 a month for the summer.

The committee resolved into common council and the recommendation regarding pay for the public works laborers was approved.

Commissioner Hilyard moved that his recommendation for increased wages for men in his department also date from May 15, and this was carried.

The council adjourned.
