Then begin taking regularly three grain hypophosphoric tablets, which are made from a health-giving ordinary yeast acid combined with hypophosphoric and an absorbent phosphorus. Physicians and chemists assert that this tablet is very largely used for increasing the weight and improving the nervous system because of its aid to digestion, assimilation and absorption. The food elements which go to make blood and solid tissue is retained when this treatment is regularly used for several months. Most physicians and apothecary shops supply them in sealed packages.
