The Camaguey Company, Ltd. Bonds to Yield 6 1-4 p. c.

The Camaguey Company, Limited, owns the Electric Lighting Plant, and the Electric Tramway in Camaguey, Cuba, where its business continues to progress in a satisfactory manner. For the year ending December 31, 1911, the directors reported an increase in net earnings of 21.82 per cent. over the previous year.

The Camaguey Company is financed, operated, and directed by Canadians; we are thoroughly familiar with their properties and business. Purchasers who seek an investment well balanced as to security and income will be interested in these Bonds.

F. L. POTTS.

200% said R. H. Bruce, of the firm of Armstrong & Bruce, when asked last evening for some news of what he had found to be the feeling in Montreal regarding St.

135½

John. "I found there," he continued.

"such an infinite faith in the future of
St. John that I felt almost ashamed of
our own people. They take a broader
view of the improvements to be carried
out here than is done here. It was
pointed out to me by one very responsible
man that the Norton Griffiths Company
outside of its government contract, was
investing about \$4,000,000 of its own money
in the dry dock, which is a private enterprise on the company's part and which
will be made to pay interest on the investment.

"The rumors of a steel assembling plant are also regarded in Montreal as having a very solid foundation and such development as this is looked upon as only a natural outcome of the other improve-

Wall Street Notes.

New York, April 22—Americans in London steady and practically unchanged.

Supreme court meets today.

Stanley steel committee issue their first instalment, of their report, and according to it the "great Stanley" Steel corporation controls the country through its directors. It is expected that the coal miners and operators will come to an agreement today. natural outcome of the other improvements.

"If the same improvements were planned in Montreal, Toronto or Winnipeg," said Mr. Bruce, "it would be hailed as a very great advance and for St. John it means a very great deal more."

Mr. Bruce said that he had been negotiating in Montreal three deals of much larger calibre than any put through heretofore in St. John and that when the announcement was made of any of them it would be received with a great deal of interest.

operators will come to an agreement today.

The engineers, according to Mr. Stone, will strike tonight, unless roads give in.

The chairman of the house banking committee does not think he has authority enough to go ahead with the money trust investigation, and asks for more power.

The market last week showed a lack of selling pressure. On strong spots there were fair offerings, but on any decline the offerings were withdrawn. As to this week's, we have a possible coal trust decision today, the engineers' strike also. As to politics, Roosevelt gains indicate his nomination, but do not look for any particular disturbance from that. If no real trouble develops this week, look for a better market. Pools are active in the lower priced stocks.

ANOTHER CHANCE

John McCarthy and that when the announcement was made of any of them it would be received with a great deal of interest.

Sixth Death in McGee Family

The sixth death in the McGee family of St. Mary's road, P. E. Island, is reported. Five had died, presumably of pottomaine poisoning from eating bad herring. One of the boys, Johnny, was not at home that day, but later returned. He was taken ill on Tuesday with symptoms the same as in the other cases. An autopsy will likely be made on all the bodies.
