In the case of protest by Dr. Sloan against the return of Dr. MacArthur as representative for the Malahide and Tecumseh Division, we beg to report :

First.—That they have examined the return of the returning officer, the instructions to that officer by the Registrar, the circular of the Registrar to the members as to the voting papers, and the written protest of Dr. Sloan. The petitioner with his Counsel and the Respondent appeared before the committee and were heard ; that then at the request of the committee they retired.

After examination of the documents, and consideration of the statements made by the parties to the contestation, it was resolved, that inasmuch as the contestation would almost to a certainty, involve a long investigation and be attended with a large amount of costs to the parties interested, it was suggested to the parties interested to come to an amicable arrangement. The parties were again summoned before the committee and the suggestion of the arrangement made to them. This arrangement was agreed to. Dr. Sloan withdrew his protest and Dr. MacArthur handed in his resignation. Dr. Sloan's withdrawal of protest, and Dr. MacArthur's resignation to be subject to the approval of the Council.
