GOOD PROSPECTS

For Some Speedy Horse Racing
This Year.

A Big String of Trotters and Pacers
Being Conditioned at Halifax—
Surprises in Store.

(Halifax Recorder.)

While Halifax is regarded in many quarters as a centre for running horses, and the only harness meeting is held during the exhibition each year, there is probably no place in the provinces today where there are so many trotters and pacers being handled as in this city.

There are now over a score of horses at the exhibition track, and each day are given their work by their trainers. Frank Boutillier has a string of seven headed by the bay gelding Starlight, by Rampart, 2.36, dam Cora, by Black Pilot, 2.30 1-4, owned by J. A. Johnson. This horse created havoc in the slow races last year, winning up the season with a record of 2.24 1-4, and gives promise of being to the front in his class this season.

He has two speedy colts owned by J. A. Leaman & Co., which will be heard from this season; one is a three year old, Trapmar, bay gelding, by Rampart, dam Lucy G., by Gay Boy, and a two year old, a bay colt, full brother to Trapmar. He is also handling a fast green mare, Millan, owned by J. D. Spencer; she is by Brazilian, 2.19, dam Florimel, by Oxmoor, and with her breeding and the speed she is showing she looks formidable. Another of Mr. Spencer's is mare Polly Eric, 2.42 1-2, by Elvira, which will lower her record this season. He is also handling the trotting mare Sheila Mack, by Ajalon, which showed such speed in the exhibition races last year, and is a sure candidate for the 2.30 list.

Mr. Boutillier's last purchase, Red Light, by Rampart, dam Glissey, by R. B. Morris, will be worth watching in the show classes, as he has no record and is showing great speed. Mr. Boutillier is thoroughly progressive, and has had his horse shod with the latest turf shoe, the Memphis shoe. These shoes, whose value was first exploited at Memphis, are now used by all the prominent trainers on horses which require them, and many horses shod with them have gone faster than ever before. The shoe is made like an ordinary shoe, with the exception that across its face two bars are welded parallel to each other, the front one from 1 1-2 to 2 inches from the toe, and the other the same distance from the heel, according to the demands of the case. They have certainly proved a boon to Red Light, as he is going faster than ever he did.

The veteran driver, Peter Carroll, has a string of eight horses, such good ones that his many friends will be glad to know that he has brilliant prospects for riding in front this season. Aid. Lamphier has again placed Cassinira, by Good Luck's dam, dam by J. A. Leaman & Co., which is making such great speed that she will be well out of the 3.00 class when she wins her first heat. He is also handling Jas. Lloyd's grey gelding Brazilian, dam Beatrice Mac, by Administrator, 2.29 1-2, and his own bay gelding by Rampart, dam Jessica, by Bellewood (dam by Israel) both of which are of great promise. Mr. Wilson's new purchase, Cornet, by Aid. Right, is also in Peter Carroll's hands; he has trotted most of his races on the slow tracks of the North Shore of New Brunswick, and has a record of 2.29 1-4, which he can easily reduce.

Also included in his string are the horses which Charles E. Smith recently purchased in Boston. They include the Surveyor, bay colt, (3) by The Corker; dam, Chimes Maid, by Chimes; Manor, black mare, by Lord of the Manor; or, dam, Mocking Bird, 2.15 1-2; by Mambrino King; Wavatus, bay mare, by Vice Regent, dam, Catalina, by Dictator. These horses have no records, but have been little handled, but they have shown a natural way of going, with every indication of speed, and with their choice breeding, they ought to become the foremost of our provincial horses.

Other horses that are being driven on the track but not quartered there include: Daily Globe, pacer, ch. g., by Boston Globe; owner, A. E. Fenwick; Silver Queen, g. mare, by Abbott Wilkes; dam by Harry Morgan; Carroettee, roan mare, by Albion, owned by Aid. A. Lamphier; Joe Hooker, b. g. pacer, by Alice Clay, owner, Jas. Currier; Kate Crockett, br. m., by Rampart, dam Rose Lee, by Robbie Lee, owner J. B. Mitchell; bay gelding, by Ajalon, owner H. Cross; the brown gelding by Rampart, dam Nellie Sim, by Uncle Sam, owner J. A. Merrill, and Perfection Blend, 2.40 1-4, black gelding, by Special Blend, owner John O'Toole.

THE JEWISH MASSACRES.

The Czar Will Sanction Legislative Reforms in Favor of the Jews.

LONDON, June 11.—The Anglo-American indignation aroused by the massacre at Kishineff has produced such a great effect, says the Daily Telegraph's correspondent at St. Petersburg, that it is believed that in spite of Minister on Plevas opposition, the imperial council will accept and the Czar sanction legislative reforms in favor of the Jews, which Finance Minister Witte wishes to introduce.

Serious disorders by workmen are reported to have taken place at Nikolaieff.

SERVIA'S KING AND QUEEN

SLAIN LAST NIGHT.

The Army Revolted and Shot Many Officials—King Alexander Dies by His Own Hand.

BELGRADE, Serbia, June 11.—King Alexander and Queen Draga were shot to death in the royal palace during the night. The deed was carried out by the army.

Besides the king and queen, Premier Markovitch, General Petrovitch and former minister of war Pavlovitch were shot.

Mijatovich, Serbian minister at London confirms the reported assassination of the king and queen of Serbia.

BUDA PEST, June 11.—A despatch from Hungary, six miles from Belgrade, confirms the statement from Cologne of the assassination of King Alexander and Queen Draga.

LONDON, June 11.—Despatches received here confirm the assassination of King Alexander and Queen Draga of Serbia, and that three ministers of the king, together with several aide de camps and Queen Draga's brother also were murdered.

VIENNA, June 11.—A despatch from Semlin, Hungary, says that in addition to the assassination of King Alexander and Queen Draga, Premier Markovitch, his wife, the commander of the palace guard, and two other persons were murdered.

COLOGNE, June 11.—A private telegram from Belgrade, Serbia, states that the army last night proclaimed Peter Karageorgievitch to be king of Serbia. The troops immediately surrounded the Konak and forced their way into the royal palace where they assassinated King Alexander and Queen Draga. The assassination of the ministers occurred between twelve and one o'clock this morning.

COLOGNE, Prussia, June 11.—A further telegram says: "The career of the Obrenovitch dynasty was closed in the early hours of this morning, the same day of the year on which Prince Michael was murdered thirty-five years ago, in the park of Topchider, near Belgrade. Today a requiem mass was being sung in memory of Prince Michael."

COLOGNE, June 11.—A military revolution broke out here last night. The troops who revolted under the leadership of Major Angkovich, surrounded the palace, assassinated King Alexander, Queen Draga, the latter's sister, the Queen's brother, Nijedon, Premier Markovitch, Minister Petrovitch and Tudorevich, General Pavlovitch, the former minister of war, and some of the members of the royal guard.

Prince Karageorgievitch was proclaimed king. A new government was formed and the following proclamation was issued:

Last night the King and Queen were shot. In this grave and fateful moment, friends of the fatherland have combined to form a new government. While the government makes this announcement, it is the duty of the people—

GENERAL NEWS.

LONDON, June 11.—According to the Daily Mail's correspondent at Hong Kong, the spread of the plague in that city has reached a point where it is the worst since 1884. Two British officers in Hong Kong and six men aboard the British battleship Ocean have been attacked by the disease.

ROCHESTER, N. Y., June 11.—Fire starting in the Star Headlight Works is spreading and may consume a city block. Every fire apparatus in the city is at the scene. There may be loss of life.

BELIEVA-HENDRY.

The home of A. Davis, of Belleisle, Kings county, was the scene yesterday of a very happy event, the wedding of Dr. H. E. Belyea, the popular St. John dentist, to Miss Sadie J. Hendry, of Taunton, Mass., but formerly of McDonald's Point, Queens county. Rev. A. B. McDonald officiated.

The bride wore a white silk gown with veil and orange blossoms, and the nuptial knot was tied under a magnificent arch of flowers at the end of the spacious room, the whole making a most beautiful picture and one of the prettiest weddings of the season. The happy couple arrived in the city by 7 o'clock train last evening, and were surprised an arrival at their new home, 31 Wellington Row, by a number of their most intimate friends, who had already prepared a supper for the party. Dr. and Mrs. Belyea received many beautiful and useful presents.

ouncement to the people, it is convinced that the Serbian people will gather round it and lend it their aid to maintain order and security throughout the land. The government hereby makes known that from today the constitution of April 6, 1901, comes into force. A meeting of the national representatives, dissolved by the proclamation of March 15, is summoned to meet at Belgrade June 15.

JOVAN AVAKOVIC, Premier

Ljubomir Kalevich, foreign minister.

Sotpan Protica, minister of the interior.

Georg. Genshicks, minister of commerce.

General Jovan Alankovics, minister of war.

Vojislav Velovics, minister of finance.

Colonel Alexander Machin, minister of public works.

Ljubomir Schickovics, minister of justice.

The streets are thronged with people whose actions seem to approve the coup d'etat. M. Protica, the minister of interior was observed as he drove to the ministry. The new premier belongs to the independent liberal party.

LONDON, June 11.—The Serbian minister said that there were many causes leading to the revolution. A large section of the people were greatly dissatisfied with the government of King Alexander to eliminate the radical element from the government and by the constant rumors of the intention to appoint Queen Draga's brother, Karageorgievitch, as king of Serbia.

LONDON, June 11.—The Serbian minister said that there were many causes leading to the revolution. A large section of the people were greatly dissatisfied with the government of King Alexander to eliminate the radical element from the government and by the constant rumors of the intention to appoint Queen Draga's brother, Karageorgievitch, as king of Serbia.

He said that a month ago he was present at a clairvoyant's seance, at which a letter written by the murdered king was handed to the clairvoyant, who immediately became indisposed, and predicted that King Alexander would be assassinated very shortly and even depicted the scene which appears to have been enacted at the palace at Belgrade during the night.

LONDON, June 11.—The tragedy of the palace at Belgrade, marking the latest of the revolutions which have convulsed Serbia from time to time during the past century, is not regarded in diplomatic circles in London as likely to lead to civil war. Stress is laid on the unpopularity of King Alexander since his marriage to Queen Draga. King Alexander's successor, Prince Karageorgievitch, is a son-in-law of the Prince of Montenegro and is regarded as being most acceptable to the people.

The universal anxiety of the governments of Europe for peace is advanced as a reason why the Serbian situation is not likely to lead to complications. Should, however, these unexpected arise, official circles think an Austrian-Hungarian army will immediately march into Serbia and restore order. This eventuality, however, is considered improbable.

PELLEGRINE, June 11.—The people received the news of the assassinations which were perpetrated between 10.30 o'clock last night and 2 o'clock this morning, quietly. The bodies of the king and queen remain in the palace.

SEVEN BODIES.

Recovered at Clifton, Arizona—Thirty Other Persons Are Missing

EL PASO, Texas, June 11.—Seven bodies, most of them women, have been recovered at Clifton, Ariz., since the torrent from the cloudburst of Tuesday night spent its fury. Thirty persons are missing and the property loss will exceed \$100,000.

The Arizona Copper Company, located in a canyon through which the water swept was the worst sufferer. Its loss will reach \$50,000. Fifty miles of the Arizona and Mexico railway track were washed out and a passenger train was bowled over into the canyon. Telegraph communication was cut off and the news was sent to Lordsburg and surrounding towns by runners.

AWFUL WARNING.

Halifax Criticized St. John Fog and Depth of Harbor.

And Now a Steamer Has Gone Ashore in a Dense Fog in Halifax Harbor.

HALIFAX, June 11.—The steamer Halifax, of the Plant line, which was sold last week by M. F. Plant, of New York, to a Boston syndicate with which her former commander Capt. Pye is associated, went ashore in a dense fog this morning on Hen and Chickens Shoal, off Point Pleasant in Halifax harbor. She was on her way from Charlottetown to Boston and was calling here for passengers and freight and had forty passengers aboard. These have not yet been taken off but they are in no danger. The steamer is a half mile from land. She struck within an hour of high water. Her cargo is now being removed in the hope that it will be possible to pull her off at high water tonight. How she came to strike in the harbor after making her way all along the coast and with the fog alarm sounding is a mystery. The steamer cost \$200,000 and Plant is said to have received a sum pretty near that figure. She had recently been rebuilt and was as good as new.

MAY BE A RACE.

Today is Somewhat More Favorable for the Yachts.

HIGHLANDS OF NAVESINK, N. J., June 11.—At half-past seven this morning the weather off shore was hazy, allowing observation of about five miles. The wind is about southwest and extremely light. However, conditions now indicate a better chance for bringing off the yacht race today.

NEW YORK, June 11.—Preparations for today's race were completed early. At 8.50 the Bellanca was taken in tow by a tug, which started for the Sandy Hook Lightship. She had her club top-sail hoisted and so had the Columbia. At ten o'clock the observer at Long Beach reported that the wind was blowing about four miles an hour and that it was hazy off shore.

WILL RELEASE PRISONERS.

The Sultan Will Release 1400 Bulgarians Who Are Now in Prison.

LONDON, June 11.—According to the Times' correspondent at Sofia, the Sultan of Turkey has decided on the speedy release of 1,400 Bulgarians who are still detained in various prisons in the Vilayets of Uskub and Monastir. This decision and the partial mitigation of the Turkish severities in Macedonia is believed to be directly attributed to the mission of M. Natchevich, former Bulgarian minister of finance who went to Constantinople at the end of May with the sanction of the Bulgarian government to endeavor to pave a way to a Turco-Bulgarian re-approachment.
