Nurse Morris' Secret.

Explains How She Saves
Mothers' Lives.

The Critical Time of Maternity and the
Methods of a Famous Nurse to Restore
the Mother's Strength.

From the Evening News, Detroit Mich.

No woman is better fitted for nursing, or has had more years of practical experience in that work than Mrs. Moses Morris, of 340 Fourteenth street, Detroit, Mich. For twenty years she has been recognized as the best and most successful nurse in confinement cases, and over three hundred happy mothers can testify to her skillful nursing and care. Always engaged months ahead, she has had to decline hundreds of pressing and pleading applications for her services. She has made a specialty of confinement cases, and has made so high a reputation in this city that her engagement, in all cases, is taken as a sure sign of the mother's speedy recovery.

Mrs. Morris was a nurse in England before she came to America, and so was her mother before her. When asked once by a leading physician the secret of her great success in treating mothers in confinement cases, she said she used Dr. Williams' Pink Pills for Pale People in such cases, as they build up the mother more quickly and surely than any other medicine she had ever used.

Mrs. Morris was seen at her pretty little home on Fourteenth Street, and when asked regarding the use of these pills in her profession, she said: "I have used Dr. Williams' Pink Pills for Pale People, since they were put on the market. They built me up when I was all run down and so nervous I could not get any rest. After they had helped me I began to use them in restoring mothers in confinement cases. There is nothing that can be prescribed or given by a physician that will give health and strength to a mother so quickly as Dr. Williams' Pink Pills for Pale People. It is true that in some cases where the father or parents were prejudiced against the much advertised Dr. Williams' Pink Pills for Pale People, I gave them as 'Tonic Pills,' but they all came out of a Dr. Williams' Pink Pill box.

"I have given them in hundreds of cases of confinement to the mother, and it is wonderful how they build up the system. I have practically demonstrated their great worth many times and have recommended them to hundreds of mothers for their young daughters. Yes, I have been successful in confinement cases, but I must give Dr. Williams' Pink Pills for Pale People a great part of the credit for the speedy recovery of mothers. They certainly have no equal as a strength and health builder. You can say for me that I strongly advise that Dr. Williams' Pink Pills for Pale People be kept and used in every house."

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained, in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are also a specific for troubles peculiar to females such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental strain, over-work or excesses of whatever nature. Dr. Williams' Pink Pills are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont.

Acknowledgment.

Permit me to express my unbounded gratitude to Mr. Geo. Hammond, of Hammonville, leading merchant of 2nd Kingsclear and also clerk of his Baptist church for the presentation to his pastor of a pretty, serviceable, business suit of clothes. May it be far from the mind of the recipient to ever be unmindful of this tangible token of esteem by his aged brother,

F. B. BRILLYR.

News Summary.

The twin battleships Kentucky and Kearsarge were launched at Newport News on Thursday in the presence of thirty thousand people, who cheered lustily as the vessels slid from the ways.

At Friedrichshafen on Friday Prince Bismarck celebrated the eighty-third anniversary of his birth, giving a banquet to twenty-two guests. The Prince was in excellent spirits.

During the last two months 5,379 miners' licenses have been issued at the custom house in Victoria, B. C., to men bound for the Klondike. The charge is ten dollars each.

British steamer Leechmere, Captain Butler, is believed to have been lost with all hands. She left Tyne on March 23rd for London, and has not been heard of since.

Herbert S. Dickerman, 30 years of age, shot and killed his wife, Marvina 27 years old, at Brooklyne, Mass., Thursday afternoon and then killed himself with the same weapon.

At the trial of Karditza and Giorgi at Athens on Thursday on the charge of an attempt to assassinate King George of Greece on Feb. 26 last both were condemned to death.

A five-year-old daughter of Michael Senon, of Maidstone, Ont., was drowned Thursday by falling into a well. She was left alone on a farm and when her parents returned they found her corpse in the well.

The Court of Cassation has quashed the sentence on Zola on the ground that the president of the court martial instead of the war minister should have lodged the complaint, as it was the court martial that was assailed.

"Noah" Raby, an inmate of the Piscataway township alms house near New Brunswick, N. J., on Friday celebrated the anniversary of his birthday. He says he is 126 years old and the oldest person in the country. Raby has been an inmate of the alms house for forty years.

Cecil Rhodes arrived at Madeira Thursday. In the course of a recent conversation he spoke most warmly of the service Canada had rendered to the empire by compelling the British government to clear the German and Belgian treaties out of the way of future inter-imperial co-operation. These treaties formerly blocked his way in his tariff arrangements in South Africa. "Sir Wilfrid Laurier," he said, has now got rid of them for us and the whole empire."

Dr. Bourinot, C. M. G., clerk of the House of Commons, has been invited to Bristol, England, to attend the ceremonies there in September in honor of Cabot. Last year, when Canada celebrated the anniversary of the discovery of America by Cabot, the Earl of Dufferin laid the corner stone of a Cabot memorial tower at Bristol. This tower will be completed this year, and will be opened by Lord Dufferin in September.

On Friday Postmaster General Mulock introduced his bill for newspaper postage. Mr. Mulock proposes to impose a postage rate of one half a cent per pound on all newspapers carried more than ten miles from the place where mailed. In order to give the proprietor some notice he proposes to collect a quarter of a cent per pound for the first six months, beginning with January of next year. From and after July 1st, 1899, the rate will be half a cent. The Postmaster General gave these explanations, adding that he intended to reduce the letter postage at some future time to two cents. The bill gives him power to do this, but is only to come into effect by proclamation of the Governor General. It is not intended to make the proclamation until the postal revenue approaches the expenditure. Mr. Mulock explained that the circulation of Canadian newspapers was increasing with great rapidity, the weight of papers carried having nearly doubled since 1889. The quantity carried last year was sixteen and a half million pounds.

Personal.

Mr. Chipman, Business Manager of the MESSENGER AND VISITOR, who has been confined to his house for a week or two by illness is improving, we are pleased to say, and will soon we hope be able to be out again.

Rev. W. Camp, entering upon his work at Essex last Lord's Day, was greeted by good congregations and the opening for work appears hopeful. We trust that pastor and people may be mutually and abundantly blessed in their new relations.

The many friends of Rev. C. W. Williams among our readers will read with interest the short article from his pen which appears in this issue. Unusually disagreeable winter weather in Denver had driven Mr. Williams south for a few weeks. We trust that he may return to his home and work with health improved and strengthened.

HALIFAX, N. S., December 31st., 1897.

W. W. OGILVIE, Esq.

Dear Sir: It affords us much pleasure to state that during the past three years we have used over Twenty Thousand Barrels of your HUNGARIAN PATENT FLOUR. We find it to be the Strongest Flour we have ever used, and it will turn out more Bread to the Barrel than any other, while for color and general quality it cannot be surpassed. Its regularity has been such that we have never noticed any deviation in the above mentioned qualities.

Your very truly,
