20119-13.

Ottawa, August 11th, 1937.

MEMORANDUM:

Dr. McGill.

I should be glad if you would read Colonel Steel's letter hereunder, in which he refers to what were formerly known as petroleum and natural gas leases Nos. 3 and 9, in the Stony Indian Reserve, in the Province of Alberta.

I am prepared to recommend approval of Colonel Steel's suggestion that one year's extension be granted to the present lease holders, the Hector Oils Limited, in view of the fact that more than sufficient unabsorbed credits remain to cover rental payments for such a period.

J. C. Caldwell,
Chief, Reserves Division.
