SCOTSMEN DEFEATED RIDEAUS

Ottawa, Jan. 17.—The Scotch curlers spring a surprise this morning when they defeated the Rideaus by 10 shots at Government House. The game was played in the open and amongst the spectators were Their Royal Highnesses the Duke and Duchess of Cornwall and Princess Patricia.

Snow fell lightly throughout the game and consequently the ice left the Scots right in their element, the Rideaus often finding difficulty in sending their shots the full length of the ice. The final score was 76 to 66 in favor of the visitors.

After the game the curlers were entertained at luncheon at Rideau Hall by His Royal Highness, who welcomed them and congratulated the visitors on their first victory in the capital.

In the afternoon the Scots went sight-seeing and in the evening they were guests of the Ottawa Rideau and Globe clubs at the Ottawa-Canadian hockey match. Summary:—

MORE ABOUT WINNING THE OLYMPIC MARATHON

QUEEN ALEXANDRIA PRESENTING THE MARATHON AWARD TO JOHNNY HAYES.

(By Johnny Hayes.) I won the Olympic Marathon in England in 1908 because I had trained for it ever since I was a kid; because every leisure moment and all of my energy during my boyhood were devoted to working up to that end.

When a boy in knickerbockers, the story of the soldier of Marathon filled me with an ambition to duplicate the feat in record time. So I set about training for it. And the training carried through years of discouragement and hard, tedious work, but I kept on plugging.

In the elimination races at Boston to decide who would represent the United States in the English Marathon race, I finished second to Morrissey. He beat me by only a few seconds and my spurt during the last 500 yards of the race caused the committee to take me to Europe.

When the starting gun was fired for the Olympic Marathon, I knew I was in the race of my life, against the best distance runners in the world. And I realized my brains as well as my legs must be used to bring victory.

I started at an easy trot and maintained the pace for more than ten miles. Other runners were passing me constantly, but this didn't worry me; in fact I was glad, because experience had taught me that the man who lays back in a long race is the man who has the speed and strength at the finish.

Around the 18th mile I began to go a bit faster and just as I was finishing the 19th mile I found Longboat had dropped out. I knew I had passed other runners, but it was not until I was in the twenties that my train-

ers along the route tipped me that I was third. Dorando was leading me by a wide margin, closely followed by Hefferon, the African runner. Then I began to speed it up. The easy pace I had maintained hadn't tired me and there seemed to be a lot of power in my legs. Just before I arrived in sight of the enclosure I spotted Hefferon and went a bit faster. I passed him as I was going into the stadium.

Dorando was 200 yards ahead of me as I started on the last lap. I saw he was wobbling and knew the terrific pace he had been setting all the way was telling on him. I pulled myself together for the last spurt and tore along over the track.

I was closing the gap rapidly when Dorando staggered and fell. His trainers picked him up and carried him across the line, 75 or 100 yards ahead of me.

The judges disqualified Dorando because he was helped across the line and gave me the victory. And I certainly was glad; partly because I had achieved the greatest ambition of my boyhood and partly because I won for America the biggest event of the meet.

Special to The Standard. Chatham, Jan. 17.—Chatham lost the McLellan Cup tonight to Campbellton after the keenest contest ever played on local ice.

Both clubs gave a splendid exhibition of scientific curling and the fate of the cup depended on Skip O'Keefe's last shot. Chatham was one ahead and was lying in one, when O'Keefe sent down the final stone and by cleaning out the Chatham got a six end and the cup by 5 points. The rinks and scores were:

POOREST CURLERS WON CUP

"The first shall be last and the last shall be first." This proverb worked out true yesterday afternoon in an exciting curling match between two teams from the Happy Home Club, who curled on the Thistle club ice.

The rink skipped by Harry Donohue made the highest score, while the rink skipped by Charles Piery with the lowest score was awarded the prize. The prize was a beautiful silver cup, and the Piery rink with the lowest score carried the trophy away amid the cheers of the large crowd of spectators present.

The score by rinks was as follows: W. Way H. Ervin; F. Shannon A. Nixon; G. M. Farren Ed. Simpson; H. Donohue C. W. Piery; Skip .. 20 Skip 8

WOODSTOCK BOARD OF TRADE BOOMING Many New Members Joining and Much Interest Being Manifested in Plans of Provincial Government.

Woodstock, Jan. 17.—The Board of Trade has taken on new life and is adding to its membership at every meeting. At a recent meeting twenty-two names were added and at the gathering last night sixty-six gentlemen signed the roll. J. T. A. Dibble, the president, was in the chair last night. Secretary Holyoke reported that he had made arrangements with Hon. J. K. Fleming and A. G. Turney, provincial horticulturist, for the presence of both gentlemen here at a meeting to be addressed by the latter on Wednesday evening, January 24th, in the theatre.

A committee, to be named the Model Farm Committee, will keep in touch with the C. P. R. and its general manager in the matter of the model farm. It is thought that a model farm for illustration purposes is to be started in New Brunswick by the Canadian Pacific Railway. The matter has been under consideration for about a year and the railway company has in view several farms which will serve their purposes. Superintendent Harshaw, of Woodstock, informs the board that nothing definite has been done as yet, consequently the actual purchase has not been made, but it is expected that a farm will be bought in time to allow the railway to commence operations this spring.

Colonel F. H. J. Dibble made the interesting statement that the Meductic Flats, below town, have, according to the records, been known to have been cultivated for over 300 years, and is more productive now than ever before. Committees were appointed to co-operate with the county council and the provincial government in the extension of roads throughout the county and in the securing of immigrants for the eastern side of the county.

Capt. A. A. H. Margison, of Centerville, was a visitor to town today. Last evening he installed the officers of Carleton Lodge, I. O. O. F., in their lodge room after which refreshments were served to the members and invited guests.
