

AWFUL NERVOUSNESS AND PARALYSIS CURED BY "FRUIT-A-TIVES"

The Miracle Worker, that Cures when Doctors Fail--Now Used in Thousands of Homes in Every Section of Our Great Country.

Two Men, from Widely Different Parts of Canada, Tell How they Found Health and Happiness by Taking these Wonderful Fruit Juice Tablets.

Warkenton, Ont., May 9th, 1911. "I have been in Warkenton in business for a good many years and many of my townsmen know that my health, for long periods, was precarious. My trouble was extreme nervousness, brought on by indigestion or dyspepsia, from which I suffered in its most severe form. It was so bad that I could not sleep before a bout four in the morning. I noticed in the Toronto "World" one of your published testimonials of how someone had used "Fruit-a-tives" for similar trouble, and asked Mr. Hunter, my druggist, his opinion on the matter and he advised their use. I immediately procured several boxes and I am pleased to say that I now enjoy splendid health and could not possibly feel better. I can eat with every degree of satisfaction, and sleep without an effort which pleasure I was denied before I was fortunate enough to use "Fruit-a-tives". I strongly advise any one suffering from like complaints to commence using "Fruit-a-tives" immediately. Don't stop at a few doses until a cure is accomplished."

MR. ALEX. MCCARTER.

—but continue using "Fruit-a-tives" until a cure is accomplished.

ALEX. MCCARTER. Bristol, N. B., July 25th, 1911. "I am unable to say enough in favor of "Fruit-a-tives", as it saved my life and restored me to health, when all given up all hope and when the doctors failed to do anything more for me. I had a stroke of Paralysis in March, 1910, and this left me unable to walk or help myself, and the constipation of the bowels was terrible. Nothing did me any good and I was wretched in every way. Finally, I took "Fruit-a-tives" for the constipation, and it not only cured me of that trouble but gradually this fruit medicine toned up the nerves and actually cured the paralysis. Under the use of "Fruit-a-tives" I grew stronger and stronger until all the palsy and weakness left me. I am now well again and attend my store every day and all day. I reverently say "Thank God for Fruit-a-tives!"

MR. ALVA PHILLIPS.

ALVA PHILLIPS. These two cases show the wonderful powers of "Fruit-a-tives" in restoring a shattered nervous system to health and vigor—in entirely curing obstinate constipation—and in completely relieving indigestion and dyspepsia. What other one medicine in the world has ever done so much? It is the only medicine in the world actually made from fruit with the addition of valuable tonics. It is pleasant to take and will always give the most gratifying results when taken regularly. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or send on receipt of price by Fruit-a-tives Limited, Ottawa.

BRENAHAN WILL FIGHT. St. Louis, Dec. 6.—Roger Brehnan has reconsidered his decision not to appear before the special meeting of the National League board of directors in New York Monday, and has advised his attorney, Mr. J. C. Jones, that he will leave Toledo Saturday for Gotham. George T. Priest, a local attorney, will accompany him to New York.

Roger is going to the meeting with a bundle of evidence and it is understood that he will appear before the directors prepared to convince them that he should collect no less than \$40,000 in addition to his 10 per cent of the profits for the past year from the Cardinals club. Pres. J. C. Jones and Atty. Lon Hooper will attend the meeting to assist Mrs. Helene Britton and manager Hurgula. It has also been learned the contract under dispute was drawn by Mrs. Britton and her husband, and not Roger.

BRENAHAN'S CASE. The annual meeting of the National League will open in New York next Tuesday. Pres. Thomas J. Lynch has sent out a call for a special meeting of the board of directors of the league on Monday, to decide the status of Roger Brehnan, which is one of the knotty problems which must be disposed of at the New York meeting. Brehnan was unconditional manager leased by Mrs. Britton, owner of the St. Louis Cardinals, after he had been manager of the Cardinals about three years. Roger had just finished the first year of a new five year contract which called for a salary of \$10,000 a year and 10 per cent. of the club's profits. Brehnan has two contracts. One is a player's contract and contains the regular 10 day notice clause, which gives the club the right to release him on short notice. The other is a manager's contract, which provides, it is said, that in case Brehnan becomes disabled as a player and is prevented from pursuing his managerial duties, his salary shall go on. Brehnan called on Lynch a week before the Fogel trial and asked Lynch how he (Brehnan) stood in organized baseball. Lynch told Brehnan that he belonged to one of the National league clubs which refused to waive on him. Brehnan, however, said he would not deal with any club until he had settled with Mrs. Britton.

The Country Market. Housewives who patronize the country market will find it well stocked today. Turkeys are fairly plentiful and will sell at 26 to 28 cents a pound retail. There is also an average supply of chickens, ducks, and geese at prices within reach of all. Chickens will sell at \$1 to \$1.50; ducks, \$1.25 to \$1.50. Last week's prices will prevail for other meats and vegetables will be about the same price. The supply will probably close this week with a moderate supply on hand for today. The season just closed has been a good one and there has generally been a good variety.

BOND MARKET IN BAD SHAPE

Investors Prefer to Profit by Industrial Expansion Rather than to Invest in Municipal Debentures.

In view of the fact that the city desires, in the near future, to issue over \$50,000 worth of debentures, the condition of the bond market is causing some concern. According to financial journals the market for municipal bonds has not been in as unimpaired a state as it is at present. It is most years, and there does not seem to be much likelihood of any immediate improvement. The bond expert of the Monetary Times estimates that Canadian municipalities have made plans to issue \$100,000,000 worth of bonds, and the issue of such a flood of debentures is hardly calculated to improve the condition of the money market. So far as this part of Canada is concerned, it is said that no municipalities have defaulted payment, but the opportunities offered by the industrial development of the country of securing high rates of interest makes investors chary of picking up municipal debentures.

THE WEATHER

Maritime—Fresh to strong westerly winds; fair and a little colder. Toronto, Dec. 6.—A disturbance which was west of Lake Michigan last night, has since moved rapidly to the Gulf of St. Lawrence, and has been succeeded by somewhat colder conditions in Ontario. Snow has fallen in many places in Manitoba, but elsewhere in the west the weather has been fair. A chinook has been blowing in Alberta and mild conditions have prevailed there.
