PROBS.—FAIR

PRICE TWO CENTS

FOURTEEN NOW DEAD IN ELECTRIC CRASH

Also Estimated to be 150 Persons More or Less Seriously Injured.

OFFICIALS TELL DIFFERENT TALES.

Los Angeles Accident One of Worst in History of Electric Roads — Motorman Says Brakes Failed When He Tried to Stop.

Los Angeles, July 14.—Fourteen persons are dead as a result of the wreck at Vineyard Station last night, when two Pacific electric trains collided. The number of injured was said to be eight to exceed one hundred and fifty. Several of these are in a precarious condition. Two bodies, those of a man and a woman, have not been identified. The revised list of the dead follows:

Edna Altar, secretary Associated Charities, Pasadena, Calif.
Ollie W. Axley, Bakerfield, Cal.
Jacob Marmon, Los Angeles.
F. Gonniguchi, Japanese, Los Angeles.
Sidney Johnston, Youngstown, Ohio.
Miss Veronica Miller, Los Angeles.
Edward Murray, Toronto, Canada.
J. Carl Murray, Los Angeles.
Mrs. C. C. Norman, Los Angeles.
Irwin Platts, Los Angeles.
William Taylor, Pasadena.
Unidentified man, about 35 years old.
Unidentified woman, about 22 years old.

Among the injured are:

S. B. Craig, Detroit, Mich., internal injuries.
Mrs. Irene Craig, Detroit, Mich., body crushed.
Nellie Murray, Toronto, Canada, some internal injuries.
Officials of the Pacific Electric Road assert that the blame for the disaster lies between engineer Joseph Bartholomew, of the standing train, and motorman Joseph Forrester, of the one that crashed into it. The conductor insists that he waved a red lantern in front of Forrester's train in plenty of time for the latter to have stopped had he heeded the signal. Forrester, who was found today at his home, only slightly injured, declared he did not see the lantern until within five hundred feet of the standing train.

This distance, he declared, was too short and his brakes failed to stop the train. Before the State Railway Commission, officials of the road stopped a train of cars the same type within 500 feet. A coroner's inquest will begin tomorrow.

MINISTER COULD NOT TAKE A HAND IN MINE STRIKE

Difficulty Involving Coal Miners on Vancouver Island Not Improving—Minister of Labor Could Not Act.

Vancouver, July 4.—Hon. T. W. Crothers, Canada's Minister of Labor, has returned from Nanaimo, having been unsuccessful in assisting a settlement of the coal miners' strike on Vancouver Island. He intimated today that he could not officially interfere as the only question at issue is the recognition of the United Mine Workers of America. The situation of Vancouver Island, from the union standpoint, is getting worse instead of better.

At Cumberland the Canadian collieries have 75 per cent. of the normal force working on the payroll filled with non-union men. What to do with these workmen in case of a settlement with the union is one of the difficulties in the way of any settlement.

THE CHICAGO-DETROIT EARTH AND AIR RACE

Charles, July 14.—Beckwith Havens, with J. R. Yerliack as passenger was the first of the aviators in the Chicago to Detroit hydro-aeroplane cruise to reach Charles, landing at 4:25 o'clock this afternoon. The trip from Peawat, from which place the start was made at 2:45 p. m., was successful. Only one stop was made, a shortage of gasoline making necessary a landing at Frankfort.

DIVORCE FOR BASEBALL MANAGER'S WIFE.

Chicago, July 14.—Mrs. Rosalie Chivington, wife of Thomas McK. Chivington, president of the American Association of Baseball Clubs, won a decree of divorce in court here today. She will receive five thousand dollars alimony, one thousand dollars of it immediately, and the remainder in semi-annual installments of five hundred dollars.

MUTUAL EXHAUSTION WILL FORCE PEACE ON BALKANS

British Foreign Secretary Now Says This Seems Only Solution.

POWERS WILL NOT RESORT TO FORCE.

Servia and Greece Will Assent Only to Drumhead Peace—Unless Bulgarians Agree Soon Attack on Sofia Will be Ordered.—Little Fighting.

London, July 14.—That the Balkan struggle will end by a process of mutual exhaustion seems the only hope that Sir Edward Grey, the British foreign secretary, has held out. In a statement in the House of Commons tonight he said that mere words were not likely to affect the situation and it would be most difficult for the European powers to resort to force to impose peace.

Neither Servia nor Greece has paid any attention to Russia's proposal that they cease hostilities. They appear determined to negotiate peace with Bulgaria only on the field, without intervention by any third party, and unless Bulgaria proves amenable it is believed that an advance will be made upon Sofia to enforce acceptance of the Servo-Grecian terms.

Servia's fighting for the time being is suspended but the advance of the Turkish and Bulgarian troops continues without opposition. A Belgrade report says that the Servians on Sunday captured an important position eight miles west of Kustendil.

According to the Athens correspondent of the Daily Mail, Greece and Servia signed a secret treaty last May, binding them to prosecute the war to the bitter end, with Bulgaria, until the Bulgars acquiesced in the territorial arrangements laid down in the treaty.

By these arrangements the eastern boundaries of Greece would be extended to the Mesta river, considerably to the east of Drama, and Servia would have access to the Aegean Sea at two points.

CONSERVATIVE WINNER IN NORTH GRAY

Colin Cameron Chosen to Represent Constituency in Ontario Legislature—Party Leaders Express Opinions.

Owen Sound, July 14.—By a majority of 278 North Gray today elected Colin S. Cameron to represent it in the legislature. It was the vote in the town of Owen Sound that defeated John McQuaker, the Liberal candidate as the town gave Mr. Cameron a majority of 280, while in the rural parts Mr. McQuaker had a majority of 12.

Toronto, July 14.—On hearing the returns from North Gray tonight Sir James Whitney said:

"It is a magnificent victory and a very far-reaching one, indeed."

Hon. W. J. Hanna, (over the long distance telephone from his home in Saratoga), said:

"The electors of North Gray did what anyone would have expected. They were fully acquainted with the issues and the work of the government and the hypocrisy of the leaders of the Liberal party, who went into North Gray to actuate the electors. There was no mistaking from the time the electors got busy what they were going to do."

Mr. N. W. Rowell made this statement on the result:

"My information convinces me that the result in North Gray was due to the open combination between the Whitney government and the Liberal interests, with unlimited financial resources at their disposal. For the sake of Mr. McQuaker, the Liberal candidate, an exceptionally fine type of candidate and the workers who stood so valiantly by him, I regret the result. The loss of the seat, however, will have its compensations if it helps to awaken the people of the province to the undoubted fact of an offensive and defensive alliance between the Whitney government and the Liberal interests. When the people realize that this combination exists, I don't believe they will stand for it."

WILL SHOOT IN MONTCN.

Monte Carlo, July 14.—At the annual meeting of the Montenegro Rifle Range Association held here tonight it was decided to hold the annual shoot on the Monte Carlo Rifle Range on Saturday, July 20th.

MONTREAL'S FRENCH RESIDENTS CELEBRATE FALL OF BASTILLE

Presence of French Cruiser "Descartes" Lends Zest to Fete Which Will Occupy Three Days—Religious and "Convivial" Events on Programme.

Montreal, July 14.—The French colony in Montreal today celebrated the 144th anniversary of the storming and destruction of the Bastille in Paris. In Paris the national fete is always kept up for three days, and in this city this year the example has been followed, largely owing to the presence of the cruiser "Descartes" in the port.

The arrangements for the fete were made by L'Union Nationale Francaise, and they comprised religious, social and convivial events. In the chapel of the Sacred Heart in Notre-Dame church a special mass was celebrated by Archbishop Bruchet. The sermon delivered by Father Coste recalled how inseparable true patriotism is from religion and how the great names in French history have been bound up with the church. When Malouineuve founded Montreal he did so by celebrating a mass.

For French-speaking Protestants there was also a service conducted in the St. Jean Presbyterian church, at the corner of St. Catherine and Cadieux streets, at which Rev. H. Joliat was the preacher.

At noon the Consul General, Monsieur Boutin, with Madame Boutin, also Vice-Consul Raymond, and Commandant Puget-Conti, of the "Descartes," and Major Staff held a levee in the rooms of the consular building. The gathering was attended by representatives of the various societies and bodies of French-speaking Montreal, and there were several brief speeches of a complimentary style.

The fact that the day is not observed as a holiday, except by courtesy of certain business houses, made the attendance at Dominion Park in the afternoon rather meagre. At four o'clock the fete in the well-known resort was opened by a champagne d'honneur offered by the consular general.

The commandant officers and a detachment of men from the "Descartes" were there, and glasses handed round to everybody with the sparkling drink very raised by cries of "vive la Republique," "vive la Marine."

Later in the evening there was a "punch d'honneur" offered to the non-commissioned officers and men by the society of army and navy veterans. There was a full musical programme, an excellent concert being given under the direction of M. Van Der Meer, and the park band.

HOME RULE BILL IN HOUSE OF LORDS, SECOND READING

Marquis of Crege Introduces It While Marquis of Lansdowne Has Amendment Advocating Submission of Question to People.

London, July 14.—The Home Rule for Ireland Bill came up today before the House of Lords for second reading, for the second time under the provisions of the Parliament Act which permits the passage of bills over the heads of the peers within a specified period.

The main interest in the re-appearance of the bill in the House of Lords was the possible development of Lord Lansdowne's motion which says "that this house declines to assent to the Home Rule Bill until it has been submitted to the judgment of the country. The Marquis of Crege, secretary of state for India and Liberal leader in the House of Lords in moving the second reading remarked that the government regarded the opposition motion as a demonstration against the Parliament Act rather than as one against home rule.

Lord Lansdowne, in presenting his motion, remarked that if the House read the bill a second time it would be tantamount to accepting the principle of the Parliament Act, and he is an acquiescence in the treatment which has been meted out to this house." In his opinion this could not be done without loss of self-respect.

"Ulster must not forget that revolution breeds revolution," said a leading Irish parliamentarian to me today.

REBELLION IN CHINESE PRVINCE

Young China Party Forces Issue and President Sends Troops to Quell Disturbance—Cabinet Impeached.

Peking, July 14.—President Yuan Shi Kai has ordered reinforcements despatched to the province of Kiang-Si, where the cashiered governor and general, Hwang-Hsing, are leading rebellious troops. Heavy fighting has been going on at Kiu-Kiang, where the insurgent forces number nine thousand.

The blowing up of a fort and other anti-government acts, indicate that the "Young China" party is determined to force the issue.

The house of representatives today passed the first reading of bills impeaching the minister of war, Yuan Chui-Jui, who is the acting premier, and the ministers of finance and the navy, Chow Hsueh-Hai and Liu-Kai-Kang respectively.

The charges against the ministers of war and finance are in connection with the conclusion of the contract for an Austrian loan. The minister of the navy is charged with acting unconstitutionally. Another bill impeaching the charges against the minister of war and finance are in connection with the conclusion of the contract for an Austrian loan.

BIG SALE OF LIVE FOXES IN THE WEST

Representatives of Prince Edward Island Breeders Buy 48 Red, Black and Silver Foxes—Value \$23,000.

Edmonton, Alb., July 14.—One of the biggest sales of live foxes ever effected has just been completed by Jack Lessard, brother of P. E. Lessard, P. P. Mr. Lessard has been at Wainwright, 150 miles from Athabasca Landing, collecting foxes with the assistance of Indians and half breed trappers, succeeded in acquiring 48 reds, blacks and silvers. The foxes have at now either been sold or bargained for to the representatives of Prince Edward Island breeders in Edmonton and at the Landing. The aggregate price realized was \$23,000.

With regard to wheat, the reports are entirely confirmatory of those issued a month ago, and the area under wheat in Canada is therefore finally placed at 9,816,300 acres or 57,900 acres more than in 1912. The area in spring wheat is 8,990,500 acres, or 13,100 acres more than in 1912, and the area to be harvested of fall wheat remaining at 838,800 acres. The acreages under the later sown cereals and hood crops are estimated to be as follows:

Buckwheat, 363,600; flaxseed, 1,288,600; corn for husking, 290,800; beans, 38,800; potatoes, 467,800; turnips, etc., 215,900; sugar beets, 12,250; and corn for fodder, 277,900. These are increases in the case of potatoes, turnips, etc., sugar beets and corn for fodder, but decreases in the case of the other crops. For the three north-west provinces of Manitoba, Saskatchewan and Alberta the total wheat area is finally estimated at 9,013,800 acres, as compared with 8,961,800 acres last year, that of barley at 357,700 acres, compared with 491,500 acres and that of oats at 5,305,200 acres, compared with 4,912,500 acres and that of hay at 357,700 acres, compared with 809,900 acres—these differences representing increases of 52,000 acres for wheat, 331,500 acres for oats.

PRESIDENT WILSON SETTLES BIG STRIKE

Cloud Burst Sweeps Over Central Ohio

NINE FEET IN NIGHT

Great Damage by Washouts and Landslides—Connection Between Columbus and the East Cut Off.

MUSKINGUM ROSE

Great Damage by Washouts and Landslides—Connection Between Columbus and the East Cut Off.

Columbus, O., July 14.—Railroad and interurban traffic out of Columbus will be paralyzed by a cloud burst which struck early today. Small rivers and creeks were swelled into raging torrents, causing landslides and doing other damage.

At Zanesville, the temporary bridge of the Baltimore and Ohio went out during the night. This is the only connecting link Zanesville has with the west. The Muskingum River is said to have risen nine feet during the night.

Pennsylvania service between Columbus and the east was paralyzed during the night. A Baltimore and Ohio train from New York and Pittsburg due in Columbus early today, detained at Cambridge on account of washouts. It was still there at 10 o'clock this morning.

TEN MILLION ACRES SOWN WITH WHEAT

Fifty-seven Thousand More Than For The Year 1912.

CENSUS SHOWS LESS HAY AND CLOVER GROWN

Crop Average for June Very Favorable—Outlook for the Year is Very Encouraging—Live Stock Reports.

Ottawa, July 14.—Reports received from receipts at the end of June enable the census and statistics office to issue finally revised estimates of the acres sown to spring crops this year and also estimates of the area devoted to later sown cereals and hood crops.

With regard to wheat, the reports are entirely confirmatory of those issued a month ago, and the area under wheat in Canada is therefore finally placed at 9,816,300 acres or 57,900 acres more than in 1912. The area in spring wheat is 8,990,500 acres, or 13,100 acres more than in 1912, and the area to be harvested of fall wheat remaining at 838,800 acres. The acreages under the later sown cereals and hood crops are estimated to be as follows:

Buckwheat, 363,600; flaxseed, 1,288,600; corn for husking, 290,800; beans, 38,800; potatoes, 467,800; turnips, etc., 215,900; sugar beets, 12,250; and corn for fodder, 277,900. These are increases in the case of potatoes, turnips, etc., sugar beets and corn for fodder, but decreases in the case of the other crops. For the three north-west provinces of Manitoba, Saskatchewan and Alberta the total wheat area is finally estimated at 9,013,800 acres, as compared with 8,961,800 acres last year, that of barley at 357,700 acres, compared with 491,500 acres and that of oats at 5,305,200 acres, compared with 4,912,500 acres and that of hay at 357,700 acres, compared with 809,900 acres—these differences representing increases of 52,000 acres for wheat, 331,500 acres for oats.

FOUND ALL KINDS OF GARBAGE IN A WELL

Body of Calf, Old Clothes and Other Articles Discovered When Man Was Poisoned After Drinking Water.

Woodstock, Ont., July 14.—A serious case of well poisoning was here discovered on the farm of Dr. J. B. Colledge, mayor of Ingersoll, nine miles south of that town, which has been lately bought by the doctor.

There was some dispute between those who had poisoned the well and the doctor, but the latter took over the farm and put Mr. Purvine on it as manager. On taking a drink of water from the well Purvine became ill and his case was diagnosed as poisoning. On the well being examined it was found to contain bags of decayed turnips, old clothes, the body of a calf and other articles.

Provincial Detective Miller and others are working on the case.

UNION OFFICIAL DEAD.

Cedar Rapids, Iowa, July 14.—W. J. Maxwell, grand secretary and treasurer of the Order of Railway Conductors, died at his home here today after an illness of several weeks. He was 54 years old, and had occupied his position with the conductors' order for fifteen years.

Representatives of 8,000 Railway Men Meet Him in Conference.

COMMISSION TO DEAL WITH FUTURE DISPUTES

Board of Mediation and Conciliation to be Established to Regulate Industrial Questions—President Will Name Commission at Once.

Washington, July 14.—Representatives of the 8,000 conductors and trainmen of eastern railroads, who have voted to strike for higher wages, and agreed at the White House today to submit their differences to arbitration under the provisions of the Newlands-Clayton Act, which President Wilson and Congressional leaders promise to make law by tomorrow night.

This victory for arbitration over the strike was the result of a two-hour conference at the White House between President Wilson and congressional leaders, both Republicans and Democrats, the presidents and managers of the railroads, and representatives of the brotherhoods of trainmen and conductors.

The agreement not only averted, temporarily at least, the strike which threatened to tie up railroad traffic generally in the east, but smoothed out differences of opinion that had arisen in both houses as to the composition of the board of mediation and provided a permanent commission to deal with railroad disputes.

The pathway was cleared for prompt action in both houses. Senator Kern telephoning from the White House today to announce that he would move to take from the Speaker's table the bill, to which amendments in conformity with the Newlands bill in the senate would be attached.

The President later announced that he would sign a measure such as agreed upon.

The perfected bill will create the United States board of mediation and conciliation, to be composed of a commissioner of mediation and conciliation, appointed by the President with the consent of the senate, with a salary of \$7,500 and a tenure of seven years and not more than two other officials of the government already appointed by the President with the consent of the senate, who shall be designated by him as the two other members of the board.

There also would be an assistant commissioner with a salary of \$5,000 authorized to act in the commissioner's absence. For the settlement of controversies, as they might arise, the measure would provide for boards of arbitration of six or three to be selected with the help of officials of mediation and conciliation wherever necessary. The latter board would pass upon any disagreement among the arbitrators. Awards made by the board would be executed by the federal courts, with which appeals could be filed.

The president said he would name the new commission as quickly as the contending parties had assured him that they would agree to abide by it.

Great Damage by Washouts and Landslides—Connection Between Columbus and the East Cut Off.

Columbus, O., July 14.—Railroad and interurban traffic out of Columbus will be paralyzed by a cloud burst which struck early today. Small rivers and creeks were swelled into raging torrents, causing landslides and doing other damage.
